PRINCE EDWARD ISLAND AS A SUMMER RESORT

THE LAND OF PURE DELIGHT FOR TOURISTS AND HEALTH SEEKERS

SOME OF P. E. I. ATTRACTIONS

Prince Edward Island is the best spot on earth in which to spend a vacation. It is more, it is the ideal land we've all heard and sung about in the halcyon days of childhood and youth, "The Land of Pure Delight." Some of its outstanding features are

A LAND OF BEAUTY.

Three hundred and seventy-eight years ago Jacques Cartier wrote:—"All this land is low and the most beautiful. . . . This is a land of the best temperature which it is possible to see." Thousands of tourist visitors attest that it is more beautiful today, and the most attractive summer resort in the entire Dominion of Canada.

A DELIGHTFUL SUMMER CLIMATE.

Gentle scenes laden with the breath of the sea blow from the south and the west all through the long summer days, dying with the red and gold amber and green of a gorgeous sunset. The nights are always cool and bright, insuring refreshing rest and sleep. There are no fogs.

A LAND OF HEALTH.

In no country does so large a proportion of the people live to a green old age. Only about one per cent. of the population dies each year. The report of the Registrar of Vital Statistics for the year 1913 shows that of a total of 983 deaths there were

130 over 60 years of age;
188 over 70 years of age;
110 over 80 years of age.
27 over 90 years of age.

The infant mortality of other countries is almost unknown here. There is no other land under the sun where 40 per cent. of the population live to pass the seventy year span of life!

A LAND OF ABUNDANCE.

In no other country is there greater abundance of the best food and of clear, sparkling water in town and rural districts alike.

Lamb of finest flavor;
Eggs, milk, butter and cheese;
The most luscious oysters in world;
Lobsters in great abundance;
Sea and brook trout, mackerel, cod, etc.;
Wild geese, brant, plover, duck and partridge in their season;
Strawberries, raspberries, blue berries, cranberries;
Apples and plums of rare excellence; cherries and small fruit are plentifully produced.

Prince Edward Island crop are, 1913: Wheat, 29,500 acres; oats, 176,200; barley, 4,200; peas, 70; mixed grains, '7,500; hay and clover, 184,100; buckwheat, 2,600; potatoes, 31,400; turnips, etc., 7,400; corn for fodder, 260.

Prince Edward Island live stoc (June 30th, 1913): 36,000 horses, 48,600 milch cows, 64,300 other cattle, 85,700 sheep, 43,800 swine.

P.E.I. farm crops, exclusive of fruits, in 1913, were valued at, as follows: Wheat, $450,000; oats, 2,420,000; barley, $80,000; mixed grain, $203,500; buckwheat, $42,500; roots, $625,000; hay, $3,000,000. Total, $8,186,000.

P.E.I. has $246 worth of farm implements per farm, as against $157 in N. B., and $87 worth in N.S.

AGREEABLE SOCIAL CONDITIONS.

The Island is socially a land of the golden mean.
Few are very rich and almost none are poor.
The great majority enjoy comfort and prosperity.
Sobriety and order everywhere prevail.
In no part of the American Continent is there proportionately so little serious crime.
There are no tramps and beggars are unknown.
Churches and schools are abundant.

POSTAL AND OTHER FACILITIES.

There are 468 post offices—one to every 4½ square miles.

Throughout a large part of the Province there is free delivery of the mails daily at the farmers' road gates.

The Prince Edward Island Railway intersects the Island in every direction, bringing four-fiths of its area within five miles of the rails.

Telephone lines all over the Island connect 175 towns, villages and settlements.

SOME SPECIAL ATTRACTIONS FOR TOURISTS

ON THE NORTH SHORE.

The rampart of sand dunes, fifty miles long, thrown up by the waves.

The long shallow lagoons inside the dunes, the haunts of fish and waterfowl.

Scores of miles of bread, clean hard sand beaches, the delight of

IN GENERAL.

Surf bathing and sheltered sea bathing;
Shooting wild geese, duck, brant partridge and plover in their season.
Fishing brook and sea trout, mackerel and other sea fish.
Clam baking, picnicking, oyster digging.
Boat sailing and rowing. Hundreds of motor boats.

IN CHARLOTTETOWN.

Victoria Park, 60 acres within ten minutes. walk of the Post office. Beautiful walks and drives, tennis courts, cricket and baseball.

The Belvidere Golf Links.
Amateur Athletic Grounds.
An excellent Free Public Library.
The Legislative Building, seat of a Legislative Assembly older than the United States Congress.
The Micmac Encampment at Rocky Point.
The old French Fort at the Harbor's mouth.

Seventy miles of land-locked waters for boating, bathing, oyster shing and clam digging.

Charlottetown has one of the finest harbors in Canada, entirely land-locked, with a shore front of over four miles.

Charlottetown has broad macadamized streets, with concrete sidewalks, lined with lawns and shade trees.

Charlottetown's water supply system is pure, cold, spring water in abundance. There is none better in Canada or the world.

Within a radius of 25 miles in and around Charlottetown, there are 50,000 people.

Charlottetown has one of the finest market buildings in Canada.

THE FOX RANCHES.

Tourist visitors and investors will find great interest in seeing the scores of fox ranches that are thickly dotted over the western and central portions of the Island.

P.E.Island has 290 incorporated fox companies, with an authorized capital of over $26,000,000, and a number of ranches not incorporated.

Sixty-four fox companies were ncorporated in P. E. I. during last Legislature besides oyster farming, dustrial and trading companies.

Selling prices for P.E.I. silver foxes, at close of 1913, were $20,000 to $30,000 per pair for provided breeders, and for young foxes born during the year, $15,000 per pair.

P.E.I. fur farming includes the breeding of three varieties of foxes, also racoon, fisher, beaver, otter, mink, muskrat, marten and Russian sable, as well as Persian lambs.

Eighty-five per cent. of all the valuable foxes in captivity throughout the world are within P. E. Island.

P.E.I. has 187 lobster-canning establishments.

Moirs Chocolates are preferred by those who want the best because they are made from the very best quality of chocolate, nuts, fruits and flavors, and careful attention is given to purity and cleanliness in manufacturing. Large assortment of flavours at 60c. lb., McKinnon Drug Co., Cor. Great George and Kent Streets. Mtf.

If you want to find your winter clothes in as perfect condition next fall as they are now, you better use Red Cedar Compound. Just pack the garments in packing paper or in a bureau drawer and scatter Red Cedar Compound throughout every fold. In generous packages 15c. McKinnon Drug Co., Cor. Great George & Kent Sts Mtf

Get a Bigger and Better Crop with Unmixed Fertilizers

How About a Good Big Potato Crop ?

There is a mint of money in potatoes for the men who plant intelligently and use modern methods in farming.

The Charlottetown markets are offering from 50c to 55c per bushel and all over the Dominion there are corresponding high prices. And these prices won't be lower for some months.

To secure the biggest possible crop, the groundwill have to be fertilized—and none but our UNMIXED fertilizers will give absolute satisfaction.

These fertilizers supply the ground with the very elements of nutrition that are required, and can be supplied in combinations to suit every crop, and the varying needs of every square inch of soil under cultivation.

Result of Fertilizer Tests on Potatoes

A farmer at Glenfinnan secured a profit of $40.50 per acre solely by using our Unmixed fertilizers.

Another farmer at Little Harbor had a profit of $54.40 per acre clear gain over the unfertilized fields.

A man at Trilby tried two fields side by side. The field fertilized with Unmized fertilizers showed a clear gain of $44.75 per acre over the unfertilized fields.

FREE—Interesting booklets on farming and fertilizers—they're your's for the asking—send for them.

How to Apply the Fertilizers

One acre of potatoes, yielding 200 bushels, consumes the following plant foods: potash, 74 lbs, phosphoric acid, 21 lbs, nitrogen 46 lbs. All this has to be paid back before you can expect good returns from next cultivations.

USE THIS FORMULA ON YOUR POTATO CROP

Z (For one acre, without manure.)

2 1-2 bags superphosphate	$6.25
150 lbs nitrate of soda	4.88
200 lbs sulphate of potash	6 00
Total	$15.13

AULD BROS Lower Queen St.

Our Unmixed Fertilizers pay for themselves Try and see
