POWERS AWAIT TURKEY'S MOVE

Note Presented to Turks Prompt Reply Ex- pected.

(Canadian Press)
LONDON, Jan. 17.—A collective note from the Powers was presented to the Turks to-day at Constantinople.
It is expected the reply will be prompt as Turkey has had a semi-official knowledge of the contents of the note for some days.
It is expected the Turks will concede something to the Allies and then it remains to be seen whether the Balkan ultimatum is as unchangeable as they say.
The policy now is to wait for the Turks.
The suggestion has been made to Montenegro to-night to cede the mountain overlooking Cetinje to Austria in exchange for Scutari which will then become the capital of Montenegro. It has been pointed out that Scutari is a more important town and the change will be to the advantage of Montenegro.

WALL STREET IS ALARMED

NEW YORK, Jan. 16.—Wall Street, demoralized by falling stocks here and abroad, and by fears of worse to come, recalled today Mr. Wilson's famous "Haman" threat, and asked bitterly, "Is Mr. Wilson bent upon starting his own panic?"
Speaking before the Southern society in New York, December 17 last, Mr. Wilson said:
"If any man undertakes to precipitate a panic, I promise him a gibbet as high as Haman." I don't mean a literal gibbet, because there would be no pain after it was applied, but I will put upon him a mark that will be felt as long as there are members of his family surviving.
There were panicky symptoms yesterday and everybody attributed them to one cause—Mr. Wilson's utterance. First he held business men up to scorn at Chicago Saturday. Then he repeated his threats at Trenton on Monday when he also announced that he will also fill his Cabinet with none but "Progressives."

EDWARD BURLEIGH ELECTED SENATOR

AUGUSTA, Me., Jan. 16.—Former Congressman Edward C. Burleigh was elected United States senator by the Maine legislature in joint convention today. The vote was as follows: Burleigh (R) 91; Gardner (D) 82; Thompson (P) 7. Ninety-one votes were necessary for a choice.
The senate favored Burleigh on a strict party vote yesterday, but the house of representatives was unable to reach an agreement, Burleigh and Gardner each receiving 72 votes in the lower branch.
The question of the eligibility of members of the legislature who are postmasters to hold office and vote for United States senate was raised before the vote was taken yesterday and as a result one member of the house was unseated and with two others wired his resignation to the postoffice department at Washington, ten.

POINCARÉ ELECTED FRENCH PRESIDENT

By National Assembly on Second Ballot. Plurality 178.

(Canadian Press)
VERSAILLES, Jan. 17.—Raymond Nicolaï Landry Poincaré, for 12 months premier of the French Cabinet, was elected President of France to-day by a national assembly composed of members of both combines of parliament, in succession to President Fallières whose seven-year term expires on Feb. 18.
The wildest confusion, out of which arose two challenges to duels, marked the casting of the ballots.
Poincaré was chosen President on the second ballot, his plurality over his nearest competitor, Jules Pams, Minister of Agriculture, being 187. The vote follows:
Poincaré, 483.
Pams, 296.
Vaillant, 69.

Chief of Police Thayer found the child wandering about.

RICHARDSON'S TESTIMONY

WASHINGTON, Jan. 16.—Dr. Richardson testified before the money trust today that in his opinion William Rockefeller would be able to testify for an hour or two. He added, however, that Mr. Rockefeller's physician would endeavor to prevent against such a strain. Chairman Pujo announced the committee would decide later whether to insist on the testimony. Dr. Richardson said that he examined Mr. Rockefeller at Miami, Fla., on Sunday, January 12th, that no one else was present and that he spent an hour with him. The affidavit presented by Dr. Chappell, Mr. Rockefeller's physician, he said did not fully state the case.
"Mr. Rockefeller's condition is more serious than would be supposed from reading Dr. Chappell's affidavit," said the witness.
Dr. Richardson said that he found that the right vocal chord of the oil magnate was practically gone and that the left was badly affected. He said he found Mr. Rockefeller's pulse 100 and his blood pressure 162. A writing test, he said, showed that Mr. Rockefeller, by continued effort, could write only eleven words in two and a half minutes. He said he found a condition of what is mostly called "shaking palsy" which made an examination by writing a practical impossibility.
"I believe he could be subjected to a short examination orally with no danger to his life," said Dr. Richardson, but a lengthy examination would probably weaken his vocal chords to a point where a serious swelling of the larynx might be caused or a hemorrhage might result in serious consequences.

In response to an enquiry by Captain Taylor, Agent of Marine, a telegram was received last night from the Deputy Minister stating that the Minto will run on alternate days with the Earl Grey on the Georgetown-Pictou route. Evidently the proposal to bring the boats or either of them to Charlottetown has fizzled out.

AMERICANS IN DANGER

WASHINGTON, Jan. 16.—The cruiser Denver has been ordered from San Diego, Calif., to Acapulco, Mexico, where a desperate situation is reported with Americans in danger. She will sail tomorrow and should arrive at the Mexican port in about four days. Commander Washington has about 270 jacks aboard and about a company of marines.
WASHINGTON, Jan. 15.—The United States government's decision to send a warship to protect American lives and property, was reached early today after alarming reports of the activity of a rebel band under Julio Radillo had been received through Ambassador Wilson at Mexico City. Consul Edwards at Acapulco said Radillos men had suggested that, inasmuch as the Mexican Federalists were unable to protect Americans, and the Mexican commander of the town had admitted his inability to reinforce the garrison, a warship should be sent.
The last report from Acapulco said Radillos men were operating in the country about there and that refugees from every direction were pouring into the town, which is one of the most important Mexican ports on the Pacific. Depredations and atrocities by the approaching rebel band were reported. Foreigners will be taken aboard the Denver when she reaches there, if they so desire. The Denver is the nearest ship to the danger line.

GOVERNOR MARSHALL STEPS OUT.

INDIANAPOLIS, Ind., Jan. 16.—Samuel M. Ralston today was ushered into the governorship of Indiana, succeeding Thomas P. Marshall, who is soon to take office as vice-president of the United States. The inauguration ceremonies were of an unusually elaborate nature. The citizens' committee of Indianapolis in charge of the affair, had labored for weeks to perfect the smallest detail of arrangements.
A military escort accompanied the retiring governor and his successor to the State house. Waiting for the gubernatorial party in the main corridor of the Capitol, where the ceremonies took place, were the members of the legislature, the state officers and general public.
The ceremonies of the inauguration proper were the simplest of the day. Governor Marshall presided and delivered the opening address. The Rev. O. G. Carmichael of Lebanon, Governor-elect Ralston's pastor, pronounced the invocation and Judge E. W. Felt of Greenfield, who was a college classmate of the new governor, administered the oath of office. Governor Ralston followed with a short inaugural address and the ceremony was over.

POSSIBILITY OF COMMERCIAL WAR

(Canadian Press)
WASHINGTON, Jan. 17.—Fear is expressed here of the possibility of a commercial war between Argentina and the United States, as a result of a special differential tariff granted by Brazil to imports from the United States on flour which allows the United States to compete with Argentina in that field. It is expected that Argentina will withdraw from the Pan American Union as a result of the difference.

LAST WORD FROM TITANIC

BALTIMORE, Md., Jan. 16.—A message from Colonel John Jacob Astor, supposed to have been written as the ill-fated Titanic was plunging into the depths of the Atlantic, has been found in the shape of a note scribbled in lead pencil and contained in a champagne bottle, washed ashore in Chesapeake Bay.
The bottle containing the note was found on Sunday afternoon by Burley Duval, of the commission firm of Duval & Co., of this city, and his brother, W. D. Duval, on the shore end of their farm in Anne Arundel Co., opposite Annapolis.
While walking along the shore the Messrs. Duval and several workmen employed on the farm discovered the bottle, which they broke open. On a single sheet of ordinary personal correspondence paper, which was the only thing inside the bottle, this was written:
"Dropped from the Titanic just before I saw life going away. The screams are terrible. I can stand it no longer. Good-bye to the world forever."
JOHN J. ASTOR."

PRINCE STREET CONCERT AT OPERA HOUSE

That everyone in Charlottetown is interested in the pupils who attend the public schools was clearly shown last evening when a vast audience filled the Opera House to see the pupils of Prince Street School perform at their annual concert.
It was a fine presentation of the talent of the coming generation and from the tiniest tot in the junior drill to the oldest performers, showed marked ability aided by careful training on the part of the teachers and their musical director, Professor Thompson.
Each room contributed its quota and with drills, choruses, songs and readings a lengthy program was successfully given with much pleasure to the audience and credit to the performers.
The program, which opened with a delightful piano duet by Miss Lois McEwen and Mr. Thompson, is too long to individually mention but the soloists of the evening, Miss Jean Allan, Miss Helen Hood, Miss Helen Large, Miss Lois McEwen and Miss Helen Harris, were exceptionally good and their gifted voices will no doubt give much more pleasure in coming years.
Readings by Miss Jacqueline McDonald and Mrs. B. M. Gough showed splendid elocutionary talent and met with hearty appreciation in their comic selections, while the violin solos by Mrs. McKenna left nothing to be desired.
It is a difficult task to specialize on the combination song and choruses so excellently given by the young ladies other than that they were in perfect unison and tune which showed how much earnest time and thought was given to their tuition under the direction of Professor Thompson.
Splendid effects were brought out in the drills which were, in some cases, quite difficult and the audience, watching every movement, showed its hearty approval of the pretty, graceful movements and becoming costumes, by unstinted applause. Especially pleasing was the drill by the primary classes entitled in Grandmother's Day. Their costumes, which were supposedly taken from grandmother's old trunk in the attic, were exceedingly quaint and the little girls were quite irresistible.
The patriotic drill and tableau of the intermediate class was the most artistic and formed one of the features of the evening. Everyone enjoyed the pantomime which was acted by the younger girls in costume during the singing of Rule Britannia by Miss Jennie Hood, who was in excellent voice.
Lovely homemade candy met ready sale and the entertainment, and much animation and many expressions of goodwill was brought to a close by the National Anthem.

ATTEMPTS MURDER THEN SUICIDES

(Canadian Press)
CLEVELAND, Ohio, Jan. 17.—Creeping up stealthily behind his wife, William Gauthier of Orient, Ont., 65 years old, armed with a small hammer and actuated by jealousy brought the weapon down with tremendous force on her aged gray head. He struck her a second time over the eye.
She fell unconscious.
The old man then went to his room, took a razor and cut his throat dying almost instantly. The wife managed to stagger to the door and called for help.
She was taken to the hospital in a critical condition.
A sudden attack of insanity is believed to have caused Gauthier's attempt of murder.
