**BUTTER SHIPMENT.**—What was probably the first car load of Island butter ever sent direct to the British market was sent forward yesterday by Dillon and Spillet and consigned to Clements and Son, who are the largest dealers in creamery butter in the United Kingdom. The quality of this consignment was the very finest as the Island butter is the type desired by the British consumer no doubt regular shipments will go forward and greatly increase our markets and the net profits to the producer.

**AN IDEAL PICNIC.**—What proved one of the most enjoyable functions of the season took place on Saturday afternoon and evening, August 14th when the members of the Long Creek Women's Institute together with about forty or more of their friends from Long Creek and adjoining districts went on their way by auto to Canoe Cove shore to hold their annual Institute picnic. The place chosen for the occasion was an ideal spot, being a large field owned by Mr. Duncan Darrach overlooking the Northumberland Straits. After all had assembled the first amusement indulged in were sports in which old and young took part with commendable results, and in which Long Creek had the reputation of having the champion runners of the day. After a considerable amount of time had been spent in racing, the surf looked too inviting to resist the temptation and nearly all wended their way to the shore to have a plunge into the deep, which proved both amusing and refreshing. After all had partaken in the excellent enjoyment of a "swim" they proceeded to a shady nook where the Ladies of Long Creek had prepared an excellent repast to which each with keen appetites did ample justice to the wants of the inner man. Last but not least began the playing of games in which all had been eagerly anticipating and in which all had taken an active part. As the sun began to sink beneath the horizon thoughts of the inner man began to dawn upon the excursionists and all joined hands and sang "Auld Lang Syne" followed by "God Save the King" and each dispersed to their various homes feeling that such a day could not be easily forgotten.

**After Vacation Feet For Discolored Skin**

Women returning from the seaside or country with browned, reddened or freckled skins will be wise in immediately taking up the mercurochrome treatment. Weather beaten skin had best come off, for no amount of "bleaching" will ever make it pretty to look at. The surest, safest, easiest way to shed the despoiled cuticle is with the treatment suggested. Put the wash cream, and rinse it off next morning with warm water. Minute particles of scurf will be removed, youthful skin sensibly showing the healthy, youthful complexion at any drug store, is enough to make any discolored or spotted complexion clear, white and satiny soft. Its action is so gentle no harm is caused and the face shows no trace of its use.

**YOU'LL find the smooth Chevrolet always in the front of the traffic line. At the sound of the whistle or the sight of the word "Go", the smooth Chevrolet is first to get away.**

Chevrolet will run rings around large, cumbersome cars—weaving in and out of traffic with an ease that is almost uncanny. Chevrolet may be turned completely around in the width of an ordinary road. It can be parked with ease in a surprisingly small space. It will gather speed on hills where bigger, costlier cars slow down. And always the Chevrolet driver knows that, pulsating quietly beneath the hood, is abundant power that will not fail him in an emergency, while Chevrolet, above any car in its class, possesses the smoothness that makes driving—either fast or slow—a source of pleasure and satisfaction.

The Smoothest Chevrolet in Chevrolet history is selling at the Lowest Price for which Chevrolet has ever been sold in Canada.

Let your Chevrolet dealer arrange a demonstration and terms of purchase under the GMAC Deferred Payment Plan.
