DIYING BY SLOW DEGREES.

Although not always aware of it, yet thousands die by slow degrees of Catarrh. It first attacks the nose or throat, then the lungs, and finally spreads a little through the system. Catarrh is the only remedy that will immediately prevent the spread of this awful disease. Every breath from the inhaler kills thousands of germs, cleans the throat and nose, aids expectoration and relieves the pain across the eyes. Catarrh eradicates every vestige of catarrh from the system, and is highly recommended also for Bronchitis, Asthma, Deafness and Lung Trouble. Price \$1.00; trial size 25c., all druggists. Polson & Co., Kingston, Ont.

MONTREAL POLICE.

MONTREAL, June 8.—The police committee held a caucus yesterday and decided to call upon Chief of Police Legault to resign. If he refuses to do so the committee will send a unanimous report to the council urging that he be dismissed. Legault says he will not resign. The charge laid against the chief is that he is incompetent and does not possess the confidence of the force.

NOTHING LIKE EXPERIENCE.

"One truth learned by actual experience does more good than ten experiences one hears about." Tell a man that Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief, and he will remember it all his life. For sale by all druggists.

TEST THE KIDNEYS.

Allow urine to stand in a glass vessel for twenty-four hours and if at the end of that it is clouded or has left a sediment in the bottom of the vessel you may be sure that your kidneys are diseased. A SENSATIONAL DEVELOPMENT

In the Trial of Cyrus L. Ryan of this City—He Admits the Killing but Says He Committed the Act in Self Defence—The Story of Trial Which is Being Held at Plymouth, Mass.

PLYMOUTH, June 9—The trial of Cyrus L. Ryan for the murder of Quong Sing, a Chinese laundryman, at Hanover on Jan. 28 was resumed this afternoon. Yee Sing of Beverly identified the revolver exhibited in court as one he had seen in the laundry at Hanover. Annie Ryan, sister of the accused, said she knew arrangements were being made for Ryan to leave Hanover.

Eben C. Waterman, chairman of the Hanover board of selectmen, visited the laundry on the day of the murder and saw the body of the dead man. The head was lying in a tub of soapy water. A box of soap rested on the man's shoulders.

Officer Hodges of the state police, in company with Capt. W. H. Proctor, made a minute search of the premises. They found a box containing 47 cartridges and a watch chain in a box on the bed. They also found \$27 in bills in the same box and \$4.60 in the cash drawer, also a roll of 5-cent pieces in a trunk. Chester C. Hobart of Brockton testified to Ryan paying him \$5.35 for shoes Jan. 28.

BOSTON, June 9.—The trial of C. L. Ryan of Charlottetown, P. E. I., for the alleged murder of Quong Sing, a Chinese laundryman, will probably occupy all the week at Plymouth. The circumstantial evidence so far has been strong against Ryan.

LATER

The defence in the trial of Cyrus L. Ryan of Charlottetown, charged with the murder in Hanover of a Chinaman, sprung a surprise today by admitting that Ryan killed the laundryman, but did it in self defence. Mayor Kelly, Marshal Cameron and other Charlottetown people testified to Ryan's good reputation.

BOSTON, Mass., June 10—The defence for Ryan began yesterday afternoon. His lawyer, in his opening address, admitted that Ryan killed the Chinaman in self defence. Ryan visited the Chinaman three times on January 28th for his shirt. It could not be found owing to a mistake in delivery. Some words ensued. The Chinaman pointed a revolver and said "Me shoot you dead." Ryan then grabbed

him by the throat. The Chinaman fell dead on the floor.

Ryan realizing the conditions, put his head in the tub containing six inches of water and placed the box of soap over his shoulders. He took his revolver that fell to the floor and went away. He did not take his money.

Experts proved from autopsy that a rupture of the heart caused death. The walls were as thin as paper and a little excitement would cause his death.

Ryan on the stand gave good evidence.

NATURE'S CURE FOR CHILDREN.

Soothing medicines, opiates and strong drugs should never be given to little children, any doctor will tell you this. Baby's Own Tablets should be used because they cannot harm the smallest, weakest infant. These tablets instantly relieve and promptly cure all stomach and bowel troubles, break up colds, prevent croup, destroy worms, and allay the irritation accompanying the cutting of teeth. Thousands of mothers say they are the best medicine in the world; one of these, Mrs. R. Scullian, Calabogie, Ont., writes:—"I have tried many remedies for children, but Baby's Own Tablets is the best I have ever used. I have been giving them occasionally to my child since he was six months old. They have always kept him well, and he is a big healthy baby." All medicine dealers sell these tablets or you can get them post paid at 25 cents a box by writing to The Dr. Williams' Medicine Co., Brockville, Ont.
