

Do You Know

That we operate the only Lens Grinding Plant on P. E. Island?

That we employ a skilled Surface Grinder, and are daily grinding from the rough glass—the most complicated kinds of lenses?

Those are facts, which mean a good deal to the Glass wearing public, doing away with the annoying delays caused by sending away for special lenses.

Send your glasses in by mail, you'll get them back promptly and in perfect condition.

Call in and look over our plant.

HONORS FOR ISLANDER.—The last issue of the Canada Gazette contains the following: Lieutenant Colonel John Douglas Reginald Stewart, of the City of Calgary, in the Province of Alberta, Barrister-at-law, to be the Judge of the District Court of the District of Acadia, in the said Province of Alberta. His Honour John Douglas Reginald Stewart, Judge of the District of Acadia in the Province of Alberta: to be a Local Judge of the Supreme Court of Alberta.

WHY HE WON THEM.—The Canada Gazette is still publishing the lists of statements of service for which decorations were conferred on Canadian soldiers. The last issue (Nov. 15) contains among others the following: Lt. Ernest Geoffrey Weeks M. C., M. M., 1st Div. Sig. Coy., Can. E. During the Bourlon Wood operations his example of cheery devotion to duty and utter disregard for personal safety has been most marked. His work through the Amiens operation, 8th-11th August, 1918, and through the Drocourt-Queant operation, 28th August-4th September, has been splendid, and successful maintenance of lines in both these operations was largely due to him.

A NELSON GIFT.—The Guardian received a genuine and pleasant surprise in the mail yesterday in the form of a large and handsome box of delicious chocolates from Neilson's, Toronto. The assortment included samples from ten of the firm's leading packages and were not only dainty in appearance but—delightfully toothsome. The most exclusive tastes are catered to by Neilsons and whether it is a hard or soft center, luscious fruit or delectable cream, the purchaser can get just what he wants. EGGS SCARCE.—The Maritime Merchant says: The receipts of eggs from local points are practically nil. In fact the trade here during the past week have been shipping supplies of eggs to Annapolis Valley points because of the scarcity there. Prince Edward Island continues to send along a fair quantity for the time of year, but not sufficient for the local needs. In fact, the trade here had to draw on cold storage supplies to fill orders.

SUCCESSFUL ISLANDERS IN WEST.—The Morning Leader of Regina, Sask., contains in a recent issue an extended "write up" of the large retail business conducted in that city by Sellar & Sons, who formerly belonged to Charlottetown. The article is accompanied by portraits of Mr. William Sellar, senior partner of the firm and Messrs. Leigh H. Sellar, manager of the firm and Joseph H. Sellar, the soldier member who while in service in France had the unique experience of being blown up in a

pill-box and being the only one of twelve men to come out alive. The article in question states that Sellar & Sons conduct the biggest retail business on the Northside and have done much to advance and develop it. This year they are doubling their floor space and a new addition is being built. The cost of the building and equipment when completed will be close upon \$100,000.

WEDDING BELLS.—A pretty church wedding took place at Marshfield Presbyterian church on October 15th of Miss May Stewart, of Dunstons, and Stanley Scott, son of Mr. and Mrs. William J. Scott, of Marshfield. The bride wore a becoming tailored suit with hat to match was unattended except for her two little flower girls, Margaret McLeod and Jean McNevin, both looking winsome in their pretty pink dresses. The church was very handsomely decorated for the ceremony which was performed by the Rev. George Taylor. After the ceremony a reception was held at the home of Mr. and Mrs. W. J. Scott, where upwards of one hundred guests gathered to offer the happy and popular young couple their warmest congratulations. During the

reception a jolly serenade was gathered and in a lively manner their good wishes to the happy couple were expressed. The Guardian joins in its congratulations.
