Maritime Life Gains Again

Bernard Lockwood, F.F.A., A.I.A., Secretary and Actuary of the Maritime Life Insurance Company.

An increase of 53.8% in business in force; a gain of 65.8% in cash premium income, and a growth of 125.1% in reserves; this is part of the good news heard by shareholders at the annual meeting of the Maritime Life Assurance Company held at the Home Office, Dennis Building, Halifax, N. S., at 11.00 a.m. on Thursday the 27th inst.

The first and second years of the Company's operations were exceptional for a new company, the records set then were surpassed all along the line in 1926.

Thus in addition to the gains recorded above, assets grew 52.4% in 1926; surplus 50.2%, while the expense ratio on new business dropped 47.9% and already compares favorably with that of many long established life insurance companies.

The progress made is all the more remarkable in that it is the result of a policy of reserve and caution, rather than of hasty expansion. It may be explained on a few-fold basis: first, that the Maritime Provinces which gave birth to two of the leading banks and several of the leading auxiliary financial institutions of Canada, are in their element when launching their first life insurance company, and second, that the people of these Provinces are enthusiastic about its establishment.

The shareholders appointed the following Directors for 1927:

President—Hon. E. Albert Reilly, K.C., M.P.P., Moncton, N. B.

Vice-President—Dr. J. G. MacDougall, M.D., C.M., Halifax, N. S.

Secretary and Actuary of the Maritime Life Insurance Company—Bernard Lockwood, F.F.A., A.I.A., A.A.S., Halifax, N. S.

At a meeting of the Board of Directors held after the Annual General Meeting, the following officers were elected:

President—Hon. E. Albert Reilly, K.C., M.P.P., Moncton, N. B.

Vice-President—Dr. J. G. MacDougall, M.D., C.M., Halifax, N. S.

Secretary and Actuary of the Maritime Life Insurance Company—Bernard Lockwood, F.F.A., A.I.A., A.A.S., Halifax, N. S.

Resolution Presented At Ministerial Association Meeting

The following resolution was presented at the Ministerial Association Monday:

WHEREAS the Report of the Commission appointed under the provisions of the Prohibition Act of Prince Edward Island shows that in the year 1925 there were 100 convictions and in the year 1926 there were 72 convictions for violations of the Prohibition Act;

AND WHEREAS each of said violations also involved a breach of the Customs Act or Inland Revenue Act previous to the violation of the Prohibition Act;

AND WHEREAS violations of the Customs and Inland Revenue Acts are continually taking place undetected in this Province and no adequate machinery at present exists for the prevention and detection of such offenses;

BE IT THEREFORE RESOLVED that this meeting composed of the Ministerial Association and representative laymen of the Province of Prince Edward Island request the Honourable The Minister of Customs to send into and maintain in this Province five members of the Royal Canadian Mounted Police during the open season of navigation and three members during the closed season, for the purpose of detecting, preventing and punishing violations of the Customs and Inland Revenue Acts;

AND BE IT FURTHER RESOLVED that the Honourable The Minister of Customs be also requested to provide at least three motor boats similar build to lobster boats used in Prince Edward Island but equipped with more powerful engines, such boats to be at the disposal of the Mounted Police for the purpose of assisting in such detection;

BE IT FURTHER RESOLVED that copies of this Resolution be sent to the Minister of Customs and to each of the Federal members representing this Province.

HENRY D. RAYMOND, President.

ROSS C. EATON, Secretary.

11 ARE KILLED BY AVALANCHE

TOKYO, Feb. 1.—Thirty-one persons were killed and thirty-two seriously injured by an avalanche of snow at Toyama, 160 miles north of Tokyo, reports received here today say. The avalanche came in the midst of one of the severest winters in Northern Japan and caused much damage.

The British Royal Mint produced 36 million fewer coins in 1925 than in 1924. The output in 1925 was 188,775,687.

Corn cannot exist when Holmow's Corn Remover is applied to them, because it goes to the root and kills the growth.

Sackville Win Over Acadia 3-1

WOLFVILLE, Feb. 1.—Acadia University failed to stop Mount Allison's winning streak last night and the visiting collegians walked off with a 3-1 victory. Played on a water covered sheet of ice the game was one of the fastest exhibitions of college hockey staged here for some time. For two periods the play went up and down the rink without either side having advantage in territory but in the final session Mount A. deliberately slowed up the game with long shots and by holding the puck behind their own nets.

Ray Smith and Bill Miller were very effective on the Mount Allison forward line and were well backed by a good defence. Bartheaux turned in a great game for the Acadicians and both Johnsons put up good exhibitions. Archie Nicholson handled the whistle and was very lenient. Elderkin drew one penalty and McLellan had two trips to the penalty box.

Mount Allison started off fast but Acadia's poke checking kept them outside the defence until after twelve minutes Ray Smith tore across to left wing and drove a nice shot past McKenna for the opening score. Bartheaux was prominent in the Acadia attack during the rest of the period but could not beat Bartlett in the Mount Allison goal.

Crescents Defeat Wanderers 8-3

HALIFAX, Feb. 1.—Crescents took an 8 to 3 victory over the Wanderers at the local arena last night and by so doing captured the first round of the schedule of the Halifax Senior Amateur Hockey League.

While some five hundred spectators looked on, the Blue and Blacks thoroughly tamed the Red-shirts, with the latter players, however, fighting to the end.

The game, while not exciting, as far as scoring went, had its bright spots, and was interesting most of the way.

Tris Gets Many Baseball Offers

NEW YORK, Feb. 1.—Tris Speaker's personally conducted auction of his own services for the season of 1927 went forward today with a third American league Club to make the erstwhile pilot of the Cleveland Indians an offer.

"I would like to play in New York," said the veteran outfielder. "But the Philadelphia and Washington teams have made me flatter offers." This explained that negotiations with Washington were still in progress and that he probably would not make a decision until he returns to Cleveland later this week.

For Colt Racing

One of the chief attractions at the Great Fall Trot at the Lexington, Ky. meeting is the colt races. Many places have just as good class and stake races, but in the past Lexington colt events have proven the magnet above everything else that has drawn visitors to the Blue Grass City, rather than the regular races.

The spectacular feat that colts will unexpectedly do has always made the racing of the juveniles of more interest than the performance of the aged horses. In the production of the standard bred horse on Prince Edward Island as well as to promote early development and racing of two and three year old trotters and pacers (hopples barred) mixed events should be made for these young colts at all meetings that give \$200.00 purses or over on the Island. A field of four of five two year olds or three year olds afford just as good racing, even better from the viewpoint of the sportsman of warm-out than the same number of warm-out hopped pacers.

As matters now stand there is little incentive for the owner of a two or three year old to break his colt let alone train him.

This state of affairs is enough to discourage breeding on the Island. But if colt stakes were given and the racing line like we had thirty years ago when they raced yearlings, two, three and four year olds. Doubtless track managers will meet this statement with the rejoinder that juvenile events are seldom sanctioned sufficiently, all of which is true, but if the tracks would make the events a practical surety in each case, by a provision that four entries would draw the purse and make a race, once guaranteed, and if there is much to indicate that better entry lists would follow for later meetings, as horsemen would learn that instead of classes falling to fill they would practically be sure to go. There would be more youngsters started, more carried along with the racing stables that are now turned out to grass. This would have a marked effect on breeding interests within a short time and would bring more owners into the game.

J. M. NICHOLSON, D.V.D., Charlottetown.

HOPPE WINS

BOSTON, Feb. 1.—Wille Hoppe, world's champion at 18.2 ball line billiards, last night took the final block of a 12-block exhibition match from Eric Hagenlacher, 300 to 253, giving him a grand total of 3,267 against Hagenlacher's 2,564.

Sharkey Turns Down McTigue

NEW YORK, Feb. 1.—Mike McTigue has moved to capitalise his sensational four-round triumph over Paul Berlenbach by offering to fight Jack Sharkey of Boston in Tex Rickard's heavyweight elimination tournament.

Rickard's effort to clinch the match for February 25, the date on which the Boston heavyweight had contracted to meet Berlenbach, Johnny Buckley, Sharkey's manager, demurred. Rickard said he considered McTigue had established himself as a strong heavyweight contender, in spite of the fact that he scaled only 169 pounds.

Truro Defeat Dartmouth 2-0

TRURO, Feb. 1.—Dartmouth All-Stars were blanked by a two to nothing score last night in one of the fastest and cleanest games of hockey seen on local ice for some years. Despite wet ice both teams followed fast paces and dished up a brand of Canada's national game that was full of thrills and dazzling plays.

Only one penalty was meted out. The fans were kept on their toes throughout as the end to end rushes and scoring only missed by inches, and the sensational stops by both goalies.

The visitors were everything else but listless last night. Each and every man on the team put all there was in the game and at the finish all showed signs of the fast pace set. Releis were frequent during the last period on both teams.

May Fight Mike McTigue Next

NEW YORK, Feb. 1.—Young Stribling was matched today to box Eddie Huffman, Los Angeles heavyweight, at Madison Square Garden on February 7 as the first attempt of the Georgian to gain a place in Tex Rickard's heavyweight elimination tournament.

Stribling may be offered a match with Mike McTigue if he hurdles Huffman. The Georgian twice has fought the Irish veteran, gaining a draw at Columbus Ga., in 1923, and carrying off a newspaper decision in a match at Newark, N. J., in 1924. On another occasion, however, did McTigue display the punch he did to knock out Berlenbach last Friday.

McGill Defeats Princeton Team

NEW YORK, Feb. 1.—McGill University of Montreal triumphed the Princeton hockey sextette, 9 to 4, last night at Madison Square Garden. The visiting red and white squad held a distinct edge throughout the three periods, weak netminding by the Canadian custodian allowing Princeton to break through for their counters.

However, a pair of Princeton goalies failed to stop the McGill onslaught, the visitors running in six goals in the first session and two in each of the second and third periods.

Challenge Accepted

The Printers hereby accept the challenge from Egg Circle players to a game of hockey. Date to be arranged by them.

(Signed) E. Vessey, Manager

HOCKEY STAR

SYDNEY, Feb. 1.—Clarence Morrison, formerly of this city, has been awarded a \$125 scholarship at Harvard Dental School, and has also been signed with the Providence professional hockey team of the Canadian American League.

QUEBEC, Feb. 1.—The Canadian indoor speed championships will be held at the Arena on Friday and Saturday next are attracting celebrities in the skating world from all parts of Canada and the United States.

The following new entries had been received:

Charles Gorman, Saint John, N. B., international speed skating champion; Valentine Beal, international indoor champion; Duke Donovan, New York, holder of world's records for one mile and three miles; Miss Bisset, Ottawa; Teddy Murphy, O'Neill Farrell, of Chicago, and Laura Bishop and Lois Littlejohn, members of the Western Skating Association.

A pleasant medicine for children is Mother Graves' Worm Expeller, and it is excellent for driving worms from the system.

Doctor Stewart For The Tigers

HAMILTON, Ont., Feb. 1.—Dr. Charles Stewart, former Boston Bruins goal keeper, will finish the present hockey season with the Hamilton team in the Canadian Hockey League. It was officially stated yesterday by manager Percy Thompson.

He will play in the local nets in Monday's game with Windsor.

Fulton Imports New Race Horse

UPPER STEWIACKE, Feb. 1.—H. T. Fulton's trainer J. W. Smyth returned from Truro yesterday with a new racing mare which Mr. Fulton has imported from Maine. Bonnelle de Forest is the new one. Mr. Fulton's stable also has in the Maine and New Brunswick races last summer.

Little June Bug took a couple of races in her class in Nova Scotia last year. Todd and Peter Poky, two younger horses are sold and will go to Maine in the Spring. There is also a colt two years old and the brood mare Helen Constantine.

One mare Gwendolyn Aubrey, which Mr. Fulton sold over a year ago figured prominently in the Maine and New Brunswick circuit last year.

GETS CUP

POLAND SPRINGS, Maine, Feb. 1.—The second heat of the New England Dog Sled Derby was cancelled this morning and the cup was presented to Leonard Seppala, who won the first heat last Friday.

The warm weather and rain of the last two days covered the 25-mile course with ice which made precarious footing for the dogs. Arthur Walden, who won the place last year, finished in second place, and Walter Channing, of Boston, third.

THE MARKETS

OTTAWA, Feb. 1.—(Eggs)—A slightly steeper feeling is reported from eastern markets and prices advanced from yesterday's quotations. There has been a decided break in prices in Vancouver and Victoria.

TORONTO — Local situation is more steady with receipts moderate. Dealers are paying for ungraded eggs extras 45-48; firsts 42-45; seconds 30-32; delivered. Prices to retailers are extras 55-58; firsts 50-52; seconds 40-43.

MONTREAL — The market is quiet and unchanged at the recent decline. American storage eggs arriving here on consignment. Dealers are quoting for ungraded eggs 45-48; firsts 42-45; pullet extras 37-40; firsts 42-45; pullet extras 37-40; firsts 42; seconds 35; cases returned. Prices to retailers extras 55; firsts 54; pullet extras 50; seconds 45.

SASKATOON — This market took a sudden drop in paying prices and dealers are now quoting country shipper exstarcemcing country shipper extras 40; firsts 38; seconds 32-35. Prices to retailers extras 49-55; firsts 40; seconds 47.

CALGARY — Egg receipts are light with dealers quoting country shipper extras 40; firsts 38; seconds 33.

VANCOUVER — A number of dealers have reduced prices to producers to extras 30; firsts 28; pullet extras 28. Very little interest is being shown by eastern buyers and the market is weak. Wholesalers are prices to effect sales. The Victoria market has also broken and prices to producers there are extras 29; firsts 27; pullet extras 26.

Livestock Report

(Canadian Press)

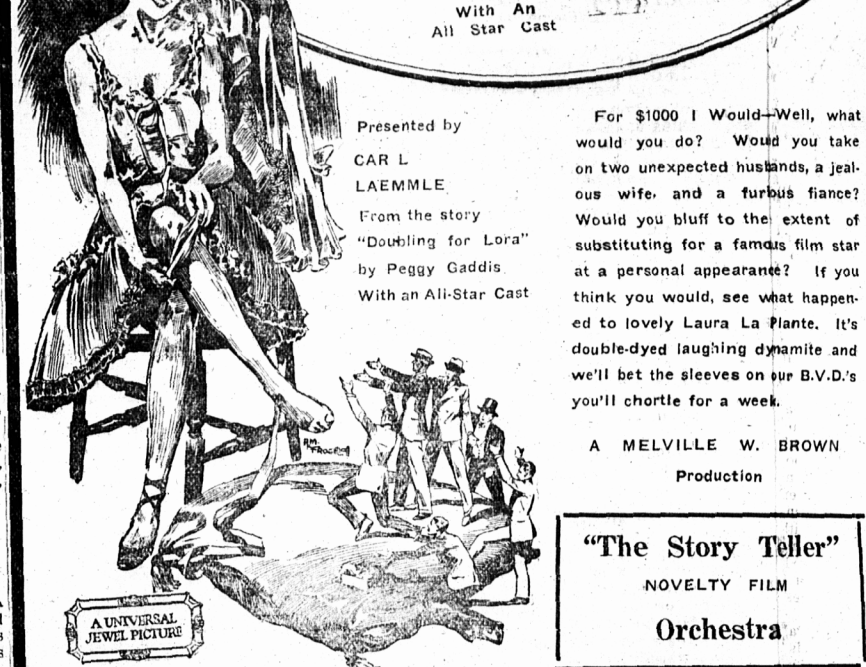

MONTREAL, Feb. 1.—Receipts of livestock for today's market amounted to 70 cattle, 55 lambs, 928 hogs and 229 calves. Practically all the cattle were common quality dairy cows and these were very slow sellers. A few very common ones were sold for \$3.45 and better few sold up to \$4.25. There were very few sold up to ten o'clock. Calves of medium good quality was picked up quickly, \$11.00 was the ruling price for straight lots of ordinary quality. A couple of lots of poor calves were sold for \$10.00. Good lambs brought \$10.00, sheep \$5.00 to \$6.00. Hog prices varied between the two markets. On one yard the hogs were taken by the local butchers at between \$12.25 and 12.45 and on the other yards from \$12.00 to \$12.75 was the price paid by the butchers and the packers. Price was \$12.00 with a bonus of \$2.00 per hog on selects. Sows were mostly \$10.00.
