

PARISIAN WONDER.

Rev. J. A. McDonald and P. P. Arsenault

ON PARIS EXPOSITION

Some Interesting Points—The Attendance and the Canadian Exhibit.

Rev. J. A. McDonald of Miscouche and P. P. Arsenault of Mount Carmel were in the city yesterday. Both gentlemen returned from an extended visit to Europe on Monday last.

In conversation with Father McDonald he said that the trip was a most enjoyable one and interesting in the extreme.

We left Halifax on April 16th for England and arrived in Liverpool; visiting all the English cities of importance such as Stratford-on-Avon, a town in Warwickshire the birthplace of Shakespeare and which contains the church of the Holy Trinity. Shakespeare's home has since been made into a museum. On the way we decided to visit the Eternal City before taking in the Paris Exposition. After spending some time in the South of France we went on to Rome where we arrived on May 17th and while there had the privilege of witnessing the canonization ceremony in historic St. Peter's. To give some idea of the event, Father McDonald said that 80,000 people were present in the Church. Upon that occasion the famous Sistine choir was heard. The choir is acknowledged to be the best in the world. The vastness of St. Peter's does not dawn upon the visitor until he has frequented it a few times and has gone up into the dome from which the most wonderful view in the world can be obtained.

The Vatican library is, as is well known the most complete in existence, containing the Vatican parchment and other parchments that can only be found in the famous library. The Vatican library was founded in 1440. The Vatican manuscript has been there since the foundation of the library. It contains the entire Bible in the original Greek.

The paintings contained in the library are also the most rare and costly in existence. We visited the little Protestant burying ground in which are interred the remains of John Keats and Percy Bysshe Shelley. John Keats died in Rome in 1821. It will be remembered that Endymion was his principal work. He died at the early age of 26 years. Shelley was born in 1792 and was drowned on the coast of Italy in 1822, and was only 30 years of age.

While in Rome we saw the heart of O'Connell, the great Irish orator which is preserved in the Irish College. We resided at the Canadian College which is considered the finest foreign building. There are 49 students and priests at present in the institution preparing for Professors. Among the number we met Father Sinnott, a native of Morell. In all we spent ten very pleasant days, all the time being taken up in sight seeing. We visited Como, the birth place of Volta, the famous physicist and electrician, the inventor of the electroscopie and voltaic battery.

After leaving Como we crossed the frontier into Switzerland and went to the summit of one of the peaks of the Alps near Como. On the following day we dined under the Alps. From there we visited the Rhine which is known as the principal river in Germany, and in fact one of the most noted rivers in the world. It forms the boundary between Switzerland and Liechtenstein. Its length is about 800 miles.

The Paris Exposition is a wonderful affair and the report largely circulated that it is unsuccessful is a ruse. The attendance is far in excess of the world's fair recently held at Chicago. On one day while there we were told that the attendance was 516,000. It is said that 400,000 was the largest attendance on any one day at the world's fair. The guide books of the Paris Exhibition are said to be not as good as those issued by the management of the World's Fair. The site of the Exposition is on the River Seine the Roman Sequana.

The exhibit of Canadian gold was very fine and much admired by visitors from all sections of the universe. The carriages, sleighs and products of the forest in the Canadian building elicited the favorable comment of the thousands of spectators. We made diligent enquiry for the exhibit from Prince Edward Island but we were informed that if there was an exhibit it

THE grand strawberry fete advertised to take place on the McMillan grounds, Summerside, under the auspices of the Y's on Wednesday has been postponed, owing to unfavorable weather until Friday, 30th inst. at 3 p.m. As the proceeds are in aid of the Kindergarten Fund, all who can possibly do so should attend.

THE Communion services in North Bedeque Presbyterian Church last Saturday and Sunday were of more than an ordinary impressive character. Nine new members were admitted into full communion. Rev. McArthur, a former pastor, conducted the services on Saturday and Rev. Henry Dickie, formerly of Summerside, occupied the pulpit on Sunday. The attendance at each of the services was very large.

THE remains of late Mrs. Wickens who died at Lawrence Mass., on 16th inst were brought over by the Northumberland yesterday evening. Deceased was 30 years of age and was a daughter of the late Mr. John Sutherland of Clifton. The remains were accompanied by her husband and brother Mr. Robert Sutherland of Clifton and her mother. Mrs. Sutherland who was recently advised a few days ago of her illness was with her when she died.

TO P. E. ISLAND FARMERS

I purpose being at Summerside on about Oct. 1st to begin my annual purchase of Lambs, Geese, Turkeys, Chickens & etc. when I trust that my former pleasant business intercourse with the Farmers of P. E. Island will be renewed. My facilities for handling stock at Parkside Farm are second to none in the Maritime Provinces. With a set of Platform Fairbanks Scales to weigh stock and sample room for their accommodation I can handle 2500 to 3500 Lambs per week until the close of navigation, and I will as heretofore pay the highest prices the Market will afford. My headquarters will be the Queen Hotel, and I hope to have the patronage of all my old friends on the Island. Any correspondence in reference to the above can be addressed to Mr. R. C. McLeod who will give all information on the subject.

had not been opened. In the Canadian exhibition building is a magnificent painting of Evangeline, representing the "Expulsion of the Acadians." After returning to England we visited Shorncliffe Camp and heard the famous Coldstream Band. While in Dublin we met Dr. Warburton, Principal of the Royal Infirmary. Dr. Warburton is a brother of Mayor Warburton of Charlottetown. After visiting the principal cities of England, Ireland and Scotland we took passage by the Parisian on which were "The Soldiers of the Queen." Coming through the Straits of Belle Isle an immense quantity of ice was encountered and the ship was 14 hours sailing through it. The boys at Quebec were given a magnificent reception.
