**SAVING**  
Some time in the life of a man, an urge comes to him that he must make a big effort to save. He may have been paying house rent for ten, yes twenty years, and it never dawned upon him that he has paid enough in rent to build a splendid house for himself. Did it ever occur to you that \$40.00 a month rent for twenty years amounts to \$9,600. You paid that much and what have you got for it? If you could have a house, you have your home, and you can always make improvements, they are yours, but you pay rent indefinitely and what have you got for it? This is the first start to make. If you cannot build this year convert your lot into a vegetable garden. It will pay you good dividends. The undersigned has a number of desirable buildings, lots, some situated Upper School Street and Upper Prince St. and Allen Street. Others in the city, and a splendid new street is under construction by the city.
