Nothing Like MALT BREAKFAST FOOD
For Nourishing and Making the Little Ones Happy.

The proper feeding and nourishing of the child just after weaning should engage the most serious attention of the mother. The great majority of prepared foods produce irritation of the stomach and bowels because of improper and unscientific manufacture. This irritation of the digestive organs develops into serious complications that often prove fatal. Malt Breakfast Food is the ideal health food for children of all ages. It is free from starchy substances, easily digested and assimilated, is richer in flesh and bone producing elements than other foods, and has a deliciousness that captivates the taste of every child. If you would like to see your child grow strong try Malt Breakfast Food for one week and note well the grand results. Your Grocer can supply you.

NEURALGIA. ALMOST DRIVES PEOPLE MAD.

Only those who have suffered it, know of the dazing, distracting pains, and aches neuralgia inflicts. Ordinary remedies don't even relieve. It requires an extraordinarily strong penetrating liniment to drive out the pain. To get relief rub Polson's Nervine into the spot. Pain can't resist Nervine which has five times the strength of any other liniment. Drives out neuralgia in half an hour. Never fails! Never harmful always successful. Try a large 25 cent bottle.

Mr. James McIntyre of Grand River, of Lot 14 was found dead in bed yesterday morning. He and his sisters resided together. At an early hour in the morning Miss McIntyre heard her brother breathing very heavily and went to the door of his room. By this time the breathing sounded more natural and she returned to bed. After arising later she visited his room and found him a corpse. Deceased was 37 years of age. He had lately been suffering from heart trouble which is believed to have been the cause of death. Dr. A. A. McIntyre, D. D. S. formerly of this town is a brother of the deceased.

CHARACTER IN MEDICINE.

There is character in Dr. Chase's Ointment—just such character as has made Dr. Chase esteemed and admired the world over. Dr. Chase's Ointment had stood the test of time and remains to-day the only actual cure for Piles and itching in D-case. It is the standard Ointment of the world. You can rely on it just as you rely on Dr. Chase's Receipt Book, because you know that it is backed by the sterling character of Dr. Chase—America's Greatest Physician.

Style and Shape Paton's Coats.

Paton's Garments are designed many months later than German garments and in a different manner. The average ready-made imported garments are designed by people in the little towns of Europe almost eighteen months before they reach the hands of the Canadian retailer and consumer—their designing is practically guess work as to the future fashions. Once a design is accepted it is made up as cheaply as possible by the European manufacturer either in his factory or in the sweatshops of Berlin. Many such garments are un-stylish, and the cloths are often shoddy. Our best Jackets are made by American designers in Canada for Canadians. If you get Paton's you get the best.—12 if
