## Different Kinds of Overcoats

The "Ready-made" man cuts a hundred overcoats exactly alike, they are sent to the factory, and put together by machinery, and are finished exactly alike, those coats are sent out and are to be worn by a hundred different men, no two men are exactly alike, so how can you expect to get a good fit when you buy a ready made overcoat. When you order a coat from us the process is different, the coat is made for YOU. It is shaped to suit YOUR shape, every line and every curve is made to suit YOU, and when it is finished it is YOUR coat, and will not fit anybody else.

There is a difference, isn't there And when you can get a coat made for yourself, a perfect fit, with the privilege of having it made just the way you want it, and made from good cloth and trimmings, and with workmanship that will last as long as the cloth, don't you think the small extra charge is a good investment? Think it over before you buy an overcoat.
