Stanfield's Unshrinkable Underwear

is made of the finest non-irritating yarns. All the wool is of uniform length. So carefully is this underwear made that even every thread is tested before being woven. That is why Stanfield's "Unshrinkable" is so soft, light, warm and durable.

We have Stanfield's "Unshrinkable" in such a range of sizes that we can precisely fit every figure. And it wears so well that while a little more expensive to start with, it is really the cheapest in the end."

What the Saleswoman Said:

"Yes, we like to sell Stanfield's Unshrinkable Underwear, as we know our customers will be delighted with it. We feel so sure with Stanfield's, too. We guarantee it not to shrink. If it does, we return the money, and the makers reimburse us.

EXHIBITION ENTRIES LARGER THAN EVER

PATON'S BIG DISPLAY.

James Paton & Co. are making a big exhibit at the eastern end. Ranging almost from side to side of the building is their suite of rooms, bedroom, dining room and parlor completely furnished in exquisite style. The booths which form the ends of their space are also made comfortable with their furniture. The whole space is enclosed by a railing composed of brass topped iron bedsteads. In the bedroom is a solid brass bed with genuine Hercules spring and the famous Ostermoor mattress. There is a rich four piece suite made from solid quartered oak with hands and British bevel mirrors, while the floor is covered with American linerette and the southern partition is a pile of Crossley's best Brussels carpet for which they are the sole agents. The dining room has an elegant extension table set with chairs, and sideboard and china closet to match, all of quarter cut oak. The walls are decorated with portiers and mirrors and the floor is covered with Crossley's best Wilton carpet and squares. The parlor floor is carpeted with the same materials as the dining room. There is a three piece parlor suite of mahogany frame hands nicely carved and inlaid with mother of pearl. This is supplemented by another three piece suite of wire back furniture upholstered in the best silk. In the centre of the floor is a solid mahogany China cabinet and on the side a wall cabinet of the same wood. Conspicuous is a gold leaf chair which attracts much attention. The mantelets of quarter cut oak with mirror. This feature of house furnishing is a new department with the firm but meets with much success. The appearance of the whole is set off by an enormous fern which is much admired. In charge of the exhibit is H. C. B McKee, the popular superintendent of that department of the firm's business.

THE HOOVER POTATO DIGGER.

One of the attractions of especial interest to the farmer is the Hoover digger which is on the grounds and its many points of advantage explained by Mr. Loane, the agent.

An examination of this machine will convince anyone of its doing all that is claimed for it. The Hoover digger will dig potatoes in all kinds of soil in weedy ground wet or dry in fact wherever any machine could reasonably be expected to work; digs clean and thoroughly separates vines, grass, soil from potatoes, leaving the tops on top of the ground in a narrow row easy to be picked up. It will not clog or choke or scatter the potatoes between the rows and it will not bruise the potatoes. It will do more than any potato digger made and will not disappoint the purchaser. Over three thousand are in use in Maine and it has taken preference over all others ever introduced.

Over eight million bushels of potatoes were shipped last season from Aroostook County, Maine, and the Hoover digger was the only code recognized after field trials of a great many different kinds.

It will be noticed by the cut in addition another column, that the power is taken by a drive chain from the large sprocket wheel on either side and immediately transmitted to the shaft at the upper end of the elevator; this in turn sets the back rack in motion, also the forks. The forward lever, so convenient to the river regulates the depth which is easily done while the machine is in motion, while the side lever regulates the position of the back rack. The shovel is of special design and composition, which is unhesitatingly guaranted against stumps and stones. A special hinged shovel for stony land is furnished when ordered.

Two horses can handle the machine under ordinary circumstances, but the machine is furnished with complete four-horse double and singletrees, to be used when a large amount of digging makes this necessary.

The main shaft runs in dirt proof, reversible brass boxes, provided with 6 inch oil tubes. The drive wheels are furnished with hardened steel hubs, which practically does away with all wear on the main axle. All other bearings are made as near dirt-proof as possible, but when wear occurs can be very easily replaced with but slight expense. The Hoover is provided with side hill spurs when so ordered, which prevent the Digger from "sliding" on hillsides.

The machine will be operated on the farm of James Shaw formerly the Chas Palmer farm on Friday morning, and on the farm of John A. Hogg, Kelvin, on Monday afternoon next.

PROWSE BROS.

"The Wonderful Cheap Men" have a big display in their stand of former years. On one side is shown an exquisite collection of furs in sacques, ruffs and muffs. All the latest styles are present and range from the highest priced to the lowest grades. On the reverse of the furs is the ready-made clothing exhibit in different makes. With such an assortment of men's garments a selection could be made that would fashionably dress the most fastidious in the selection of stylish clothing.

MILLER BROS.

Show a very valuable collection of pianos and organs. The makers include the Heintzman & Co. the Karn, the new scale Williams', the Dominion etc. A particular attractions is the Simplex Piano Player which may be attached and will play any piano. Upstairs is a special booth with Raymond sewing machines and National Cream Separaters all under the auspices of this well known firm.

A. HORNE & CO.

Are in the old stand and have a display of pianos, organs and sewing machines highly creditable to the firm. In pianos they have the Mendelssohn and Newcombe and in organs the Thomas in five different styles all beautifully finished. Their sewing machines, the New Home and the Idea, have an enviable reputation throughout the Province.

H. E. MUTCH & CO.

Show in the adjoining booth to Carter & Co., Ltd. the celebrated Queen up draft stoves, the Boston Radiator,—something new in heating apparatus,—flour sacks of Hayden's well-known flour and Anglo-Saxon stock food.

GAUVIN, GENTZEL & CO.,

Are to the front in a very attractive display of Photo work. The display is the work of J. A. S. Bayer and the exhibit is a central point for visitors.

HEWSON WOOLEN MILLS.

The Prominent Amherst Manufacturers Have a Big Display.

One of the most creditable exhibits is that of Hewson Woolen Mills who are making a very large and varied display of their own manufactures of fine men's tweeds and ladies' costume cloths. The exhibit also soown in Halifax and St. John, has been much admired by visitors and great surprise was expressed that such excellent material could be turned out in Canada. All their goods is of pure wool woven in the newest patterns and colorings and having that finish combined with durability which has already made them popular not alone in Canada but the United States and Europe as well. The Hewson people have found it necessary to add more new machinery in order to meet the growing demand for their goods now so favorably known. Those attending the exhibition should not fail to see and examine the tasty patterns and smart effects of these cloths.

"The square peg in the round hole" figuratively expresses the use of means unsuited to the desired end. A great many people who have been cured of dyspepsia and other diseases of the stomach and its allied organs of digestion and nutrition by the use of Dr. Pierce's Golden Medical Discovery, say: "We tried many medicines with only temporary benefit. It was not until we began the use of 'Golden Medical Discovery' that we found a complete and lasting cure."

$3,000 FORFEIT will be paid by WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"It is with pleasure that I tell you what Dr. Pierce's Golden Medical Discovery and 'Pellets' have done for me," writes Mrs. T. M. Palmer, of Peede, Kaufman Co., Texas. "Two years ago I was taken with stomach and bowel trouble. Everything I ate would put me in distress. I lived two weeks on milk and even that gave me pain. I felt as though I would starve to death. Three doctors attended me—one said I had dyspepsia, two said catarrh of the stomach and bowels. They attended me (one at a time) for one year. I stopped taking their medicine and tried some patent medicine; got no better, and I grew so weak and nervous my heart would flutter. I could not do any kind of work. Now I can do my house work very well; *am gaining in flesh and strength*, and can eat anything I want."

Accept no substitute for Dr. Pierce's Golden Medical Discovery.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of customs and mailing *only*. Send 31 one-cent stamps for the paper covered book, or 50 stamps for the cloth bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

WELCOME

To every visitor to the Exhibition.

We are glad you are here The "Town is Yours," so is our store. You cannot wear out your welcome and make Paton's store your home.

We solicit your patronage, but we ask for your favors only to the extent that we deserve them.

Not alone that our store was never more crowded with beautiful new goods than at the present, that manufacturers have vied with each other in the production of exquisite fabrics, and the artists and designers have evolved rich and tasteful results, that the artistic showing of Novelties, Millinery, Furnishings, White Wear, Furniture, Carpets, Clothing, Curtains, Dress Goods, Furs and Mantles, is a well spring of pleasure to all visitors. But our small profit system or trade-winning methods are appreciated by all who deal here and will be recognized by you. Success urges us on to please. We have added three floors covering 6,000 feet of new floor space making our store the largest retail store in P. E. Island handling dry goods and house furnishings exclusively which you will admit upon comparison.

Come in and see us.

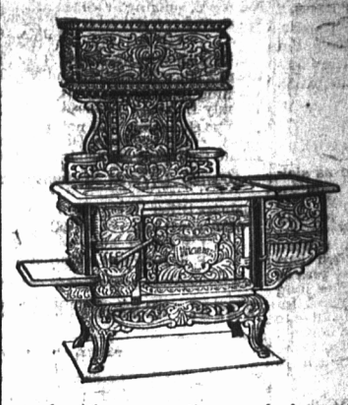
Kitchener Range



Strong Grates

Just one turn is necessary to operate the Kitchener Grates, and they are made in such a way that live coals are never dumped into the ash-pan.

This makes the Kitchener Range much easier to operate and more economical on fuel than the ordinary cheap range, fitted with common grates.

The Kitchener is equipped with many other exclusive and special features, which should be examined before buying any other make of range.

Sold by all enterprising dealers. Write for booklet.

FIT-REFORM

For Damp Days.

Fit-Reform Rain Coats are two coats in one. Trig and dressy enough for street and evening wear. The only protection that protects when it's wet. Absolutely moisture-proof. Shed water like a duck's back.

Fit-Reform has done away with the usual rain-coat styles.

One of the leading makers of rain-proof cloth originates new patterns exclusively for us.

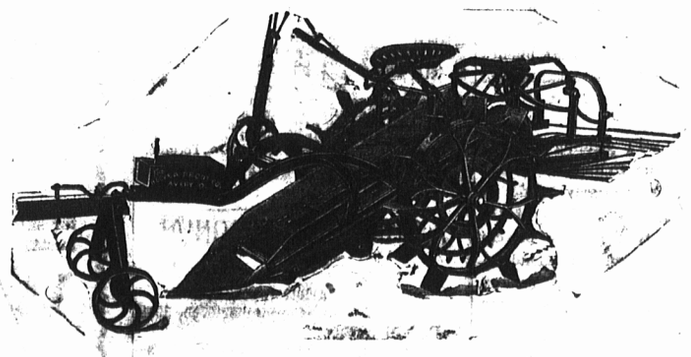
Tell us what you think of the new Rain Coats we are showing for this season.

$12, $15, $18, $20.

Fit-Reform

Prowse Bros., Charlottetown.

Every Farmer Should See the Hoover Potato Digger



AT THE NORTH SIDE OF THE EXHIBITION BUILDING.

The Hoover is the only Digger that successfully separates the potatoes from the vines and other foul matter, the potatoes being delivered behind the machine, in a narrow row, on clean ground and not scattered over the field, while the vines are carried to the left side.

OUR SHOVEL

Is of special design and composition, which we unhesitatingly guarantee against stumps and stones.

2 GOOD HORSES CAN OPERATE IT

Full description in to-morrow's issue, but in the meantime look up the machine on the Exhibition grounds. There will be somebody in charge to tell you all about it.
