

Wellington THE UNIVERSAL PIPE

There's real content in a Wellington Pipe—long, clean, dry puffs of pure tobacco smoke—which the top-opening in the bit carries up, away from your tongue. The well catches all the moisture and prevents stray crumbs from reaching your mouth. The WDC triangle trademark is the sign of a genuine French briar bowl, guaranteed against cracking or burning through. At good dealers everywhere—all shapes and sizes—\$1.00 and up.

TUESDAY

—TO ATTEND C.M.B.A.—Rev. J. C. McLean, Summerside, has gone on a trip to London, Ont., where he will attend the C.M.B.A. convention. During his absence he is being relieved by Rev. Father Cox. H

***FISHING SCHOONER.**—The first sealing schooner to sail from Souris this year was the "Frank C." fitted out by Messrs Matthew & McLean Ltd., with Capt. Wallace Walker as master with a crew of 10 men. Capt. Walker who put into port during Friday night's storm reports that many of the schools of fish which were reported on the North Side were small herring, but believes that there is considerable mackerel in the North Bay—and that codfish are very plentiful.—S.

—PAINFUL ACCIDENT.—A young lad named Clark met with a painful accident in town on Sunday evening. He undertook to crank a Ford car, and in so doing the crank reversed with such force as to snap off a bone in his arm. The injured limb has been carefully set and although resting well, the accident will put the lad out of business for several weeks. H.

FUNERAL OF LATE MR. WALLER.—The funeral of the late Mr. George Waller took place yesterday afternoon and was largely attended, the members of Widley and St. Lawrence Lodges I. O. O. F. attending in a body. The service was conducted by Rev. O. Peters, assisted by Rev. G. C. Taylor and Dr. Fullerton. Many beautiful floral tributes from friends far and near bore silent testimony to the esteem in which the deceased was held and of the widespread sympathy with his bereaved wife. The pall bearers were: Messrs. G. F. Hutchison, Beaumont Brown, J. A. Ritchie, Dan Morrison, James Carter and F. J. Nash, and the mourners, Messrs. Edward Waller, Fred Waller, Edgar McInnis, Charles McInnis, George Stewart, James McCallum, H. B. Altken, W. McCallum, Dr. Carruthers, W. C. Turner, John McLaughlin and Murdoch Ross. The remains were laid to rest in the Peoples cemetery.

WEDNESDAY

SIXTY YEARS AGO.—According to the Acadian Recorder, P.E.I. potatoes were selling in Halifax sixty years ago at 1s per bushel and Nova Scotia potatoes 2s, 6d. Coal was \$5 a chaldron, crushed sugar 8d and loaf sugar 10d a pound.

ISLANDER WEDS.—The marriage of Mr. Percy G. Armour formerly of Charlottetown to Miss Grace Elizabeth Heath, took place on August 9, at Benton Harbor, Mich. Mr. and Mrs. Armour are now on a honeymoon trip and will be at their home 194 Carleton St., Winnipeg, after October 15th. Mr. Armour is a son of Mrs. Nelson Armour, Charlottetown.

LIEUT. AULD RETURNS.—Mr. and Mrs. A. A. Pomeroy and Master George Auld motored to Bordica yesterday to meet Lieut. Clyde Auld who arrived in Halifax from England on Sunday having been on active service overseas for over two years. For the past few months Lieut. Auld has been attending Oxford. He is heartily welcomed home by his wide circle of friends.

A FINE RECORD.—In the war just closed 11 grand-sons of the late Hon. George Beer took part namely L. L. Beer, who returned home Monday; Arthur L. Beer, Louis H. Beer, sons of George R. Beer, Geo. Stephen Beer, sons of Dr. F. D. Beer, Vernon L. Beer, Ernest K. Beer, Lowden L. Beer, sons of L. L. Beer, G. Russell Beer, son of F. H. Beer, G. Bradford Beer, son of Horace H. Beer, Walter L. Beer, Charles A. Beer, sons of E. H. Beer, Pope Beer, son of Herbert H. Beer. In addition there were several Grand Sons named Jones of Moncton N. B.

A meeting of the Provisional Directors appointed by the citizens to formulate plans for the taking over of the Victoria Hotel, was held in the Council Chamber yesterday afternoon. Those present were Mayor G. D. Wright, Mr. L. E. Prowse, Mr. C. H. Chandler, Mr. C. McLure, Mr. S. A. McLeod, Lt.-Col. Prowse, Major D. A. McKinnon and Mr. R. H. Sterns, Proprietor of the Victoria Hotel.

Various details of the proposed transfer were talked over. Mr. Sterns made a statement concerning the profits of the hotel etc. He said he would give the citizens till September 4th to secure the capital necessary to assure him that the deal would go through, otherwise he would advertise that the hotel would be dismantled and sold during Exhibition Week. This, he said, was not with the intention of injuring the exhibition in any way but purely as a matter of business as at that time outside buyers would be in the city.

After Mr. Sterns' departure the proposition was taken up and fully discussed. It was felt that the closing of the Victoria would be calamitous and must be prevented. The business side of the proposition was taken up and its history for sixteen years thoroughly gone into. Figures were produced showing that under conditions existing today and with good prospects of brightening the hotel can be made a very profitable investment. The value of the buildings, furniture and etc., allowing for large depreciation, is \$100,000. This valuation was arrived at by business men appointed by the Citizens' Committee. It was deemed to inaugurate a "white wind" canvas at once and Lt.-Col. W. F. Prowse and Major D. A. McKinnon were appointed to carry out the canvas.

The first firm called on was that of Prowse Bros., who without hesitation subscribed \$5,000 evidencing not only their faith in the financial proposition but their willingness to assist in any project for the betterment of the city.

This amount is in addition to \$17,000 previously subscribed by other citizens. Owing to the lateness of the hour no others were called upon last night but the canvassers are confident that the necessary amount will be subscribed. The canvas will be proceeded with at once.

HANSON-MILTON.—A quiet wedding was solemnized in St. John's Presbyterian church, Vancouver, B.C., at 6.45 p.m., August 6, when Mr. Guy L. Hanson, of Truro, N.S., was united in marriage to Miss Helen Gertrude Hamilton, youngest daughter of Mrs. D. Hamilton, Summerside, P. E. I. The happy couple left on the Imperial at 7.30 for Banff and other points en route to their home in Alberta. — Vancouver World.

***A GRAND SUCCESS.**—The G. W. V. A. tea-party held at Souris was one grand success. Although held in the middle of the busiest time of the year many people made great sacrifices to patronize the returned boys and help them along. The splendid sum of sixteen hundred dollars was realized which will go towards the benefit of the members of this Branch. All returned men of the surrounding district who do not already belong to this Association are here by invited to join at once and avail themselves of their share of the benefits to be derived therefrom.

A warm welcome is being extended to Rev. Captain Pius McDonald, who returned from overseas Monday night. Rev. Father Pius went overseas as Roman Catholic Chaplain of the 105th and was among the first men of that unit to go overseas to the front, having been appointed Chaplain of the 102nd. Few of the men who went overseas are more highly spoken of by those who returned than Father Pius. His unfailing kindness to the boys, his tireless devotion to duty and his fearlessness in the face of danger and death, endeared him to all. He served for a time with a Western Infantry battalion, and afterwards he came chaplain in the Second Division, so that his work brought him in contact with men from practically all over Canada and he made friends of all. He returned to England in March and until leaving for home was chaplain to South Camp, Seaforth. He came home by the Saxonian arriving at Halifax Saturday and Charlottetown Monday night. Before going overseas Father Pius was attached to the Palace staff, was Secretary to His Lordship the Bishop and was also Spiritual Director of the League of the Cross. Yesterday afternoon Father Pius left for a visit to his father and mother, Mr. and Mrs. Ronald McDonald, Glencoe, Vernon River.

The British are noted as great tea drinkers and are naturally good judges of tea.

So when we learn that over 70% of the tea used in Great Britain is Indian tea we can be sure that Indian tea is of the very best quality.

In Canada the preference for Indian tea has become just as strong, as evidenced by the success of Red Rose Tea which consists chiefly of ASSAMS—the richest and strongest of Indian teas.

Red Rose is always sold in sealed packages.

RED ROSE TEA 'is good tea'

Red Rose Coffee is as generously good as Red Rose Tea

What your front door tells.

The two sides of your front door tell a double story about surface protection—there are few better examples. The inside makes plain every day how surface protection is needed in daily use—protection against kicks and knocks, against the scrubbing of cleaning cloth and the countless contacts with many hands.

Outside, the door has all this wear and more—for here are also the full heat of the sun—the driving rain, snow, hail and sleet.

Your front door, however, like everything you own, will be well preserved if given proper surface protection. The elements stop at the protective coating. Rough usage fails to penetrate through. Actual abuse often finds itself powerless to do any damage.

Disintegration must have a surface to begin on—deterioration comes from without. If a surface is coated, the coating suffers the entire attack. Save the surface and you save all.

Surface protection applied to any product of wood, metal, brick, concrete, stucco and plaster, renders the product immune to rot, rust, and disintegration, as long as the surface protection remains intact.

THIS ANNOUNCEMENT is issued by the Canadian Save the Surface Campaign Committee, for the purpose of educating the public in the Preservative and Protective value of Paint, Varnish and Allied Products for the Conservation of Property, and has received the approval of the Canadian Trade Commission in the following words:

"The realization of the above objects will lead to employment during the Reconstruction Period and bears our entire approval, THE CANADIAN TRADE COMMISSION

"SAVE THE SURFACE AND YOU SAVE ALL" Paint & Varnish

WOOD CONCRETE MANUFACTURED PRODUCTS METAL BRICK

Paint this Fall

Because:

- of proper weather conditions.
- surfaces are now in their most receptive condition, practically every trace of moisture having been eliminated by the summer sun.
- the wood being dry it absorbs more readily and the paint holds better.
- a surface needing protection should never be allowed to go over the winter without it.
- property needs more protection during winter than at any other time.

"Save the surface and you save all"

An iron fence needs rust-insurance through regular surface protection. With this treatment it should last indefinitely. In view of the cost of an iron fence and the long life expected from it, every business instinct calls for surface protection.
