# It Pays to Have a Savings Account

In this institution, because the company takes a personal interest in its depositors. For instance, when a depositor has accumulated sufficient funds, the company draws his attention to some sound investment, such as a mortgage or bond paying more than 4 per cent., and advises him to procure such. We find that when a man has one bond say a hundred dollar one, he becomes anxious to have another, so there is a definite object in saving, which is an incentive. It has a distinct effect in reducing his little foolish extravagance. We often set aside a good bond for one who desires us to do so. He gets his bond as soon as his savings and the 4 per cent. interest on the savings reach \$100. Call in and let us tell you more of this plan.

# Radway's Ready Relief

Frank Mals, 420 6th St., New York, writes: "My wife suddenly fell very sick with influenza. I called in the doctor, but he failed to help her any. We have no time to be sick. So I became my own doctor and with Radway's Ready Relief and Pills, I gave her according to Radway's directions, and she went back to work two days later."

Apply the Relief to the throat and chest until the surface smart and reddens. Give Radway's Pills in such doses as will freely move the bowels. For a sudden cold take a large dose Radway's Pills and a teaspoonful of Relief with a teaspoonful of molasses, in a tumbler of hot water. Retire at once to bed, in the morn'g the cold will be gone.
