LATE HOURS AND STRONG DRINK

What the Doctor Said to His Friend on the Subject

Evil Effects of Late Hours and Strong Drink Banished at Once by Dodd's Dyspepsia Tablets, Which Cool the Blood and Soothe the Nerves.

"I tell you, my friend," said the doctor to his companion the lawyer, we are accustomed to grin and bear a great deal of pain, that we need not endure.

"Take for instance, the young fellow who is in the habit of having a 'good time' (so called) at night. He stays out late, and perhaps drinks a good deal. Next morning he is feverish, nervous, and suffers a violent headache.

"The liquor he drinks is blamed for all this, when the late hours he kept should bear an equal share of the blame.

"However he goes to work and endures the tortures of that headache and nervous excitement all day.

"Now he need not do so." "What?" interrupted the lawyer. "He need not bear the penalty for his transgression?"

"He can prevent, or remove the penalty," answered the doctor. "If he had taken one or two of Dodd's Dyspepsia Tablets, on his return home, or if he had carried them with him, and taken a couple, just after his lunch, he would not have suffered a single twinge of pain."

"You appear to have a very high opinion of Dodd's Dyspepsia Tablets," remarked the lawyer.

"I have, and my high opinion is based on experience. I have found that Dodd's Dyspepsia Tablets, by their action on the food in the stomach, and on the various gland of that organ, and the liver, will cool the blood, ensure perfect digestion, calm the nerves, and soothe the excited brain, while they give fresh strength and vigor to the body. There is nothing like them for this purpose.

"The cost only fifty cents a box, at any drug store, and are worth their weight in gold."
