ANNUAL MEETING RED CROSS SOCIETY HELD YESTERDAY

A Most Comprehensive Report Submitted by Chief Nurse Miss Mona G. Wilson. 80.6 per cent. of Rural School Children Unvaccinated—Officers for the Year Elected.

The annual meeting of the Prince Edward Island Division of the Canadian Red Cross Society was held in the Red Cross office yesterday afternoon. The President, Mr. Justice F. L. Hazard, presiding, Mr. Percy Pope, Secretary, and Miss Mona G. Wilson, Chief Nurse, were present. After the minutes of the last meeting were read and approved, Dr. S. R. Jenkins, the secretary of the Society, submitted his report which was read and adopted as follows:

The report of Miss Mona Wilson, Chief Nurse, (which is given below) was next submitted. Mr. Percy Pope, in moving his adoption of the report, spoke of the work which is being done by the Red Cross Society and congratulated Miss Wilson on the very valuable service she is rendering to the Province. Rev. Mr. Raymond, in seconding the motion, said he wished to add his very hearty congratulations on the splendid report submitted by Miss Wilson. He said the high percentage of tuberculosis on the island should not fail to impress and pressure should be brought to bear to remedy this. Mr. W. F. Tidmarsh, in supporting the motion, said the report was most full and comprehensive, the best report yet given to the public. In speaking of vaccination Mr. Tidmarsh said that the fact of 80.6 per cent. of rural school children attending rural schools was a matter of some concern and that it was to be taken to make delinquent mothers feel their responsibility in this regard. Miss McCollum of the Y. W. C. A. also supported Mr. Tidmarsh in this particular.

Mr. Percy Pope expressed his regrets of the absence at the meeting of Dr. Harry Johnston who through illness was unable to attend. Mr. Pope moved a resolution, which was passed, that a record of regret be entered into the minutes expressing regret of the absence from illness of Dr. Johnston.

Mr. Justice Hazard, the President, then briefly addressed the meeting. He congratulated Miss Wilson on her excellent report, the best he had heard since he became associated with the society. It indicated great work was being done. Every school in the Province had been visited by the nurse. For the money expended and the small staff employed the work done in this Province passes that done in any other Province of the Dominion. Much credit is due Miss Wilson and Miss Mills for the great services they have rendered to the Island. Justice Hazard invited the meeting to the annual year sometime around the latter part of May and the first week of July a Dominion-wide campaign for funds would be inaugurated. The objective for the Province was \$5000 which he thought would be reached.

The election of officers resulted as follows:

U. S. DEFINITELY OUT OF WORLD COURT

Senate Reservations to Court Protocol Have Not Been Accepted by Foreign Governments.

(Canadian Press)
WASHINGTON, Feb. 9.—The long fight over American membership in the world court apparently has come to an end with the United States standing definitely outside the tribunal.

Three foreign governments who agreed at Geneva to ask for modification of the court protocol have advised the state department officially of their decision. President Coolidge announced that if the reservations were not accepted without change he would not reopen the subject.

One of the formal notifications came from Great Britain but what other nations have replied to the American overture remains undisclosed.

State department officials would not even indicate today what lines were followed in the communications nor confirm that they constituted rejections.

Receipt of the notes from abroad were known today at a time when the Senate was refusing on the ground that it was unnecessary to take up a resolution proposing that the Senate's ratification of the court protocol be rescinded.

(Canadian Press)
LONDON, Feb. 9.—Former Premier Lloyd George, Liberal leader taking the floor in the House of Commons debate on the King's Speech from the Throne, paid tribute today to the policy pursued toward China by Sir Austen Chamberlain, the foreign secretary.

He hoped it would be possible to avoid landing troops in Shanghai, but the government must act if there was any real peril there.

The former premier asserted that the Chinese movement was not Bolshevist, but was essentially nationalist. The equipment of the Chinese factions came not from Russia, but from United States and British merchants in Shanghai.

(Special to the Guardian)
HONG KONG, China, Feb. 9.—The second battalion of the Worcestershire regiment left for Shanghai today. The second battalion of the Durham Light Infantry, which recently arrived from Calcutta also left for Shanghai on the transport Takuwa.

LONDON, Feb. 9.—News that the British troops which landed in Hong Kong yesterday were already proceeding to Shanghai site of the greatest international settlement in China, caused considerable public surprise in view of Premier Baldwin's statement in the House of Commons yesterday.

It is pointed out, however, that the premier said the question whether the troops would be landed at Shanghai or stationed at some other point within convenient distance would be left to the British representatives on the spot and that the original plan called for the troops to proceed to Shanghai.

SHANGHAI, Feb. 9.—Cantonese nationalists, the American consul notified the American consulate that plaintiffs in legal actions henceforth must appear in Chinese courts unaccompanied by a representative of the American government. FEAR STRIKE IN THE SOFT COAL FIELDS

Operators Insist on Reduction of Wage Scale which Expires March 31st—Battle Royal Predicted Over New Wage Contract.

(Canadian Press)
WASHINGTON, Feb. 9.—A battle royal over the question of a new wage contract in the soft coal fields is predicted when the miners and operators meet in joint session at Miami, Florida, February 14.

Fear of a failure to agree and a strike of great proportions in the bituminous fields after April 1 is expressed in many quarters.

Operators will insist on reduction of the Jacksonville scale which expires March 31. The scale committee of the United Mine Workers is under instructions to accept no reduction.

Little prospect exists that legislation will be passed before congress adjourns giving the president power to protect the public interest in event of a strike and there is uneasiness here over the situation.

Serious industrial effects both in this country and Canada are apprehended unless there is an agreement although non union soft coal operators insist they will be able if there is a strike, to meet all demands.

Great Britain Has Large Deficit

(Special to the Guardian)
LONDON, Feb. 9.—The Conservatives are so alarmed at the increasing rate of expenditure and the effect it will have on the country's widespread demand for economy is now current.

Last week the Nation's deficit increased by 500,000 pounds and the total deficit for the year today stands at 14,500,000 pounds.

Revenues in the last quarter of the financial year are improved but this advance is offset by increasing expenditures. Last week there was an increase of 22,000,000 pounds.

Premier Baldwin is determined to cut down expensive legislation realizing that Winston Churchill's future as Chancellor of the Exchequer depends on how much he can economize.

OPORTO REBELS SURRENDER TO GOVERNMENT FORCES

Sixty Were Killed and Several Hundred Wounded During the Fighting at Oporto—American Legation at Lisbon Struck by Rifle and Machine Gun Bullets.

(Canadian Press)
LONDON, Feb. 9.—The insurgents at Oporto, northern Portugal, who rose against the Carmona dictatorship last week, have capitulated to the government forces, says official advices received in London this afternoon. Fighting continues in Lisbon, the capital, however, and there have been many casualties in the fighting of the last three days.

The despatches gave assurance that no Britishers or Americans had been injured.

(A report to the state department in Washington from the United States minister, Fred M. Dearing, yesterday said the situation in Lisbon was serious and would probably continue so for several days. The minister announced that he had been obliged to abandon the legation, which had been repeatedly struck by rifle and machine gun bullets.)

An indication that President Carmona's adherents are holding their own in Lisbon is seen in special despatches saying that all cable and wireless stations are in the hands of the government.

Travelers arriving over the border in Spain are quoted as expressing the belief that the uprising has been suppressed and frontier despatches received in Madrid tell of a minor victory for the Carmona forces in heading off a rebel column headed southward from Valencia Demolin in the direction of Oporto.

An Evening News despatch from Vigo, Spain, says sixty were killed and several hundred wounded during the fighting at Oporto. The city was occupied yesterday afternoon when the revolutionaries there surrendered.

Before surrendering, the revolutionaries asked that all sergeants, corporals and private soldiers involved in the uprising be freed from responsibility for it.

The government commander agreed except with a reference to the sergeants.

During the fighting a grenade burst in an asylum for girls, killing one and wounding another.

LONDON, Feb. 9.—The Portuguese legation here in a communique issued today declares that the revolt in Lisbon is confined to a few sailors, three companies of republican guards and a few civilians.

They hold the naval arsenal which is being attacked by loyal troops. The rest of the country is quiet and the army is declared to be giving the government "complete and solid support."

The uprising which broke out at Oporto, in northern Portugal, last Thursday was, according to the communique, organized by politicians who were involved in the revolt of May, 1926. Loyal troops suppressed the Oporto revolt on Monday.
