White, Gordona McKay, Betty Monrufit, Helen Hills, Helen Baird, Betty Borthwick, Doris Enderud, Hilda Thompson,, Ann Polkinhorn, Edith Ling, Dorothy Taylor, Pearl Eggertson, Lynn Hackman, Mrs. Lewis, Glaydes Jankoff, Betty Taylor. A lunch was served, the tea and doughnuts being donated by Mrs. Lewis and the shortbreads by Mrs. M. White. S

Cpl. M. Wigmore on Anti-Aircraft Guns

One of the Canadian Women's Army Corps members engaged in the defence of Canada, Cpl. Myrtle Wigmore of Emerald, P.E.I., is on the staff of an east coast anti-aircraft gun operations room.

Cpl. Wigmore in April 1943 took basic training in Kitchener, Ont., and was immediately assigned to her present unit. Prior to enlistment she taught school in Long River and Spring Brook, P.E.I. When the war is over she intends to complete her Bachelor of Arts degree and continue educational work.

Daughter of Mr. and Mrs. Walter Wigmore, Emerald, P.E.I., Myrtle is one of three members of her family in the service. A brother, Pte. Willard Wigmore, is with the Canadian Army overseas and another brother, George, a sergeant in the R.C.A., is in hospital pending discharge due to wounds received on active service

Kinsmen To Celebrate 25th Anniversary

Local Kinsmen will join tonight with some 4,800 fellow-members of the organization, scattered in 136 clubs in Canada and one in Newfoundland, in observing the 25th anniversary of the founding of the first club.

Coupled with the observance of the silver anniversary here, comes an announcement that a new club —the second in the Province — has been formed at Summerside with 15 charter members They will attend the dinner dance here tonight.

The Kinsmen organization, founded by Hal Rogers at Hamilton, Ontario, was an outgrowth of the First Great War. Hal Rogers, the founder served overseas and had not been back in Canada very long when he laid the foundation for the new service club which in this war has rendered such service to the children of Britain. Already, in addition to other work, the Kinsmen have sent just under 24 million quarts of milk overseas.

It was the founder who proposed the Milk for Britain fund at a Toronto convention in 1941. The idea took root quickly and has flourished greatly.

The Charlottetown Club was founded in 1937 when the total membership was far less than it is today. Except for the club at St. John's, Newfoundland all the 137 are located in Canada.

Hitherto the Kinsmen birthday was observed on or near Feb. 20 but this year, since it is a special occasion, all the clubs are celebrating tonight.

Card of Thanks

The Spindle family wish to thank all their friends and relatives who aided them in their recent sad bereavement. 2-20-1i

Card of Thanks

Mrs. Harry Mosse and family of Kensington wish to thank all those who so kindly assisted them during their recent sad bereavement; also those who sent flowers and cards of sympathy. 2-20-1i.

CAPITOL
SUMMERSIDE

New DeMille Drama Gets High Praise At Showing Here

The power and scope of Paramount's "The Story of Dr. Wassell" which opened last night at the Capitol Theatre, gives audiences a reason to celebrate. This fine Technicolor film, produced by Cecil B. DeMille, is absorbing entertainment as it vividly reconstructs the incidents which won the Navy Cross for Commander Corydon M. Wassell for his rescue of nine wounded sailors from Java.

Tracing the experiences of this Arkansas country doctor, played excellently by Gary Cooper, from the time he left his native state until his job was completed, the colorful picture abounds with action and romance. Laraine Day plays opposite Gary in the role of Madeline, a nurse in China whose photograph on a poster led the doctor to serve as a medical missionary there.

Cooper, meeting Laraine in the course of his duties, is inspired by her bravery and immediately falls in love with the beautiful nurse. But Pearl Harbor breaks with catastrophic speed and Gary foregoes professing his love in order to join Uncle Sam's Navy.

Action moves at a rapid-fire pace thereafter as the story relates how the brave doctor safely evacuated nine wounded sailors from Java.

ALBERTON

Bernard Murphy, who has been attending the carpentry course in Charlottetown, has returned home.

Walter Milliman, R.C.A.F., is visiting his wife and child here. Upon completion of his leave, he will return to Dartmouth, N.S., with his family.

Runners, skids, and other material have arrived here for the moving of the Nurses' Home close to the West Prince Hospital.

Stephen Murphy, R.C.N.V.R., spent the weekend with his family in Alberton.

The Alberton Juvenile Regals were defeated 6-5 by Elmsdale in an exhibition game here on Thursday night. E. Currie and R. Forsythe were the scorers for Elmsdale, while S. Murphy and Glen Matthews got the Alberton tallies.

William Broderick and Erskine Murphy have obtained employment in Halifax.

Sgt. Kenneth Profit, a veteran of the Normandy invasion, is home again after having spent a month in Camp Hill Hospital, Halifax.

John Rochford, who for the past two years has been serving with the armed forces, has been discharged honourably and will reside in Alberton.

Mr. Victor Curry, manager of the Canadian Bank of Commerce here, is expected to leave for his new post in Souris about March 15. There have been several changes in that Bank's local personnel recently. Miss Bessie Matthews, teller, recently resigned to be married and Miss Jean Clark has been transferred to Halifax. These vacancies have been filled by Mr. Donald Buntain, Charlottetown, and Miss Marian Peake, Alberton.

Mr. Keith Wells, who is employed in Halifax, spent a weekend in Alberton. While here he visited his father in Elmsdale, who is in ill health. C

Mexico's most important commercial and industrial laws are now available in English translations.

Feel Chilly - - - Start to Sneeze
Nose Starts to Run

Then comes the cold which, if not attended to immediately, shortly works down into the bronchial tubes, and the cough starts.

On the first sign of a cold or cough go to any drug counter and get a bottle of Dr. Wood's Norway Pine Syrup. You will find it to be a prompt, pleasant and reliable remedy to help you get rid of your trouble. It has been on the market for the past 48 years. Don't experiment with a substitute and be disappointed—get "Dr. Wood's".

Price 35c a bottle; the large family size, about 3 times as much, 60c.

Look for the trade mark "3 Pine Trees."

The T. Milburn Co., Limited, Toronto, Ont.

S'side To Have Another Theatre

MR. H. E. GAUDET

Word was received last night from Mr. Harold E. Gaudet, owner and operator of the Capitol Theatre, Summerside, who is now in Toronto, that plans have been drawn for the erection of a new theatre in Summerside as soon as building regulations permit. The theatre will be built on a property situated on Water Street which was recently purchased by Mr. Gaudet. The exact location was not disclosed.

The only information obtainable was that the new building would cost in the vicinity of $75,000 and would contain two modern stores in the front of the building with offices on the second floor. It was also stated that the theatre would seat approximately 800 people. The building will be of brick construction, fire-proof throughout and modern in every respect in keeping with the present Capitol Theatre. No doubt further information on the new theatre will be available on Mr. Gaudet's return.

The theatre industry in Summerside has been in the Gaudet family since its beginning and its history is quite interesting. In about 1910, four years after the Summerside fire, Mr. J. J. Gaudet and his brother, J. Henry Gaudet and Roy Silliphant began operating travelling shows with movies in this part of Prince Edward Island. A few years later Mr. J. J. Gaudet took over the entire business and opened a theatre in the old Union Hall which was later the site of the Y. M. C. A. building and is now one of Brace McKay and Co. Ltd. warehouses. After leaving this site he moved to St. Paul's Hall and later took up a more permanent location in the Agricultural Hall. This theatre will be remembered by most of Summerside's grown-ups as the "Happy Land".

The building on the present site was erected in 1922. Here the public followed the adventures of the old silent picture artists until 1931 when the first talking picture was brought to Summerside.

Mr. J. J. Gaudet died in 1933 and the business has been conducted by his son, Harold, who had been with his father for some time previously. During 1937 the interior of the Capitol Theatre was modernized and exceeds most theatres in the Maritimes in both style and efficiency. Later the exterior was brought up-to-date and the whole establishment is a credit to Mr. Gaudet's faith in Summerside.—S.

Death Yesterday Of Well Known S'side Teacher

The death occurred at the Prince County Hospital early yesterday morning of Miss Ethel Tanton, a member of the teaching staff of the Summerside High School. Death followed a paralytic stroke on Saturday.

Neighbors found her unconscious at her St. Eleanor's home Saturday about 10 p. m. She was rushed to hospital but remained unconscious until her death at 3 o'clock yesterday morning.

The sudden passing of Miss Tanton was a shock to the entire community. Although not as well lately as she had formerly been, she nevertheless continued active and followed her daily routine with unabated vigor.

Miss Tanton was born at St. Eleanors 61 years ago, the daughter of the late Mr. and Mrs. Thomas Tanton. Her mother was the former Sarah Darby.

She is survived by two brothers, Dr. E. T. Tanton of Summerside and George D. Tanton of Sedgewick, Alta., and two sisters. Mrs. Clifton Compton (Ellen) in Wetaskiwin, Alta., and Mrs. R. H. Mills (Alice) of New Westminster, B.C.

Miss Tanton was 42 years in the teaching profession, 39 of which were spent in teaching in Summerside. Previous to that she taught in Campbellton and Sherbrooke. For many years she taught Grade 7 and was always competent, faithful and zealous in her duties, many times undergoing hardships to attend her classes from her home in St. Eleanors. Many former pupils have happy memories of being entertained at her home.

She was a member of St. John's Anglican Church, St. Eleanors, where she will be greatly missed. She was also a member of the Abegweit Chapter, I.O.D.E.

The funeral will take place on Wednesday at 2.30 p.m. from St. John's Church, St. Eleanors, with interment in the adjacent churchyard. The body is resting at the home of her brother, Dr. E.T. Tanton, Summerside, till Wednesday morning. S

FEDERAL MINISTER

(Continued from page 1)

something "of enormous value not only to the people of Prince Edward Island but the whole of Canada." Registration will be started in the rest of Canada about March 15, with the first cheques for allowance payments being mailed about July 20.

The measure, the Minister said will benefit particularly the farming communities. It will tend to offset inequalities arising from industrial concentration in the larger centres. "It is an effort," he said, "to even things up a bit so as to give every child in Canada the chance to which he or she is entitled."

"Family allowances will also provide a great pool of purchasing power that will enable the people of Canada to buy the products of the factories and farms," Mr. Claxton said. "Those people who are in the income brackets that do not benefit directly, will benefit indirectly by the increased purchasing power of two hundred million dollars annually."

The Act, he said, is intended to provide "a great base of security, a base on which we can build increased health, education, and social activities."

The department over which he presides was created last October. Its work will supplement the efforts of provincial and local organizations, and it is hoped will be of great benefit too in supplying services which are lacking and which can properly be supplied by the Federal Government.

Local Help Required

"We hope that in the very small percentage of cases where the money from family allowances is not properly used for the welfare of the children, it will not be necessary for us to do investigation work but that this will be done by provincial agencies which we are willing to help, and that we may form one team working together to see that the money is used to the best advantage," Mr. Claxton said.

He cited progress already made in reducing the death rate from tuberculosis, diphtheria, typhoid and other serious diseases. "We know that anything we spend in health will bring returns tenfold," he said. "Family allowances are but part of a broad national scheme of welfare activities by which it is hoped to raise the standard of health and education in every part of Canada.

Pleased With Results

"We have registered in Prince Edward Island about 10,500 families, which is nearly as many families as you should have, according to the Bureau of Statistics," he said. "We have probably registered about 90 per cent of the people. The work has been extremely well done. Our best expectations have been exceeded by reason of the co-operation given by the people of this Province."

Only 500 of the registration forms will require to be corrected by correspondence. The Minister instanced some amusing mistakes in filling out the forms, but these he added, were easily corrected and few in number.

Mr. Claxton expressed his thanks for the co-operation received from Premier Jones and the Provincial cabinet, from Hon. Dr. W. J. P. MacMillan, and the Red Cross Society, from school officials, and the press. He also complimented Major Nicholson on his high qualifications for the position of regional director.

Other measures which it was hoped to introduce included health insurance and contributory old age pensions, he said. These together with unemployment insurance, family allowances and provincial measures already in effect, should enable Canadians to go forward to a better life than they have ever known.

In conclusion he pleaded strongly for "unity of purpose in peace" as well as during wartime.

A vote of thanks was extended to the speaker by Rotarian P W. Turner, Past District Governor

Mr. Claxton leaves today on return to the mainland. This was his second visit to Prince Edward Island, his first being made forty years ago when he spent a vacation here as a child with his parents.

Trinity Church Mission Circle

The regular monthly meeting of Trinity Mission Circle was held in the Social Hall on Monday evening, Feb. 19th at 8 o'clock, with 28 members present. The meeting opened with a handiwork period and at 8.30 members assembled and the hymn "From Greenland's Icy Mountains" was sung, after which Jean Burch, the president, led in prayer.

The business period followed. Reports were received by the treasurer, Eileen Burke; community friendship secretary, Dorothy Black and fireside convenor, Edith Anderson.

The theme of the evening was the "Blue Book"—the annual report of the Women's Missionary Society. Louise Cox acted as narrator and as a background representing a book, different members introduced the pages of the "Blue Book."

The guests of the evening were introduced: Mrs. Bustin who is the Baby Band secretary of P. E. I. Presbyterial; Mrs. George Paterson, president of the Evening Auxiliary, and Mrs. J. Y. McFadyen, superintendent of the Mission Band of Trinity Church.

The department of periodicals was described by Evelyn McEachern; boarding schools, Anne McKay; hospitals, Evelyn McEachern; Orientals, Ena McLeod; China, Jean McLean; India, Doris MacKinnon; Africa, Helen Moore; Japan, Korea, Trinidad, Jean McLeod.

Following the dramatic presentation of the "Blue Book" Jean Burch gave an interesting report of the P.E.I. Presbyterial which she attended at Summerside in January. The report closed with the first verse of the theme hymn of the Presbyterial "Christ For the World We Sing". Louise Cox read the Scripture and led in prayer. The meeting closed with the remaining verse of the theme hymn and prayer by the president.

CENTRAL GUARDIAN

This column is reserved for news of local interest, but advertising of a newsy nature may be inserted at five cents a word, strictly payable in advance.

COOKS for Photographs.

CONFEDERATION LIFE INSURANCE.

DR. CREELMAN IMPROVING—Many people throughout the Province will be pleased to learn that Dr. P.A. Creelman, superintendent of the Provincial Sanitorium, is improving from his recent illness.

BORDEN TRAIN LATE — The Borden train arrived in the City at 9:40 last night—three hours late, the delay being caused by slowness of mainland connections.

FUNERAL TODAY—The funeral of the late Mrs. Rose Lawlor will be held at 8.45 this morning from her home, 323 Kent Street to St. Dunstan's Basilica. Burial will be in the Roman Catholic Cemetery.

Personals

Mr. J. J. Trainor, president of the P.E.I. Federation of Agriculture, leaves today for Ottawa to attend a meeting of the directors of the Dominion Federation.

The camps referred to are Stalags 2B, 2D, 344, 3C, 3B, 8B, 8C, XXA, XXB and Stalag Luft III, Stalag Luft IV and Stalag Luft VII.

Farmers Urged To Place Fertilizer Orders At Once

"We would advise the farmers of Prince Edward Island to place their orders for fertilizers now. Information has been received by us that fertilizer companies in the Maritime Provinces have their storage facilities filled to the limit," states Dr. J. A. Clark, Superintendent of the Experimental Farm.

"We strongly recommend that farmers would take delivery of their fertilizer as soon as possible," Dr. Clark adds. "This will not only assure them of the fertilizers they need when they require them but will enable the fertilizer companies to complete the manufacture of the balance of the fertilizers that will be required in our province.

"The demand for fertilizers had increased greatly and with the liberation of countries in Europe and Asia there will be an overall shortage. Already U.N.R.R.A. has received estimates of large quantities that will be required.

"Transportation facilities are taxed to the limit so that cars may not be available to move all the fertilizer during the planting season. There is also the possibility that ice conditions may delay shipments to this Province.

"There has been great improvement in the manufacture of certain chemicals so that the danger of caking in storage has been largely overcome.

"All fertilizers, whether chemicals, ready mixed, or home mixed, should be stored in a dry storage, piled away from the walls and on skids. A covering of loose hay or straw helps insulate against moisture."

Strike Is Settled

WINNIPEG, Feb. 19 — (CP) — Winnipeg's theatre strike, which closed 18 movie shows last Wednesday ended late today when 28 projectionists, seeking a closed shop, returned to their jobs.

A closed shop was not granted, but the workers will make formal application to the War Labor Board for settlement of their demand.

BIRTHS

YOUNKER—Born at the home of Mrs. N. W. MacKinnon, Southport, Lot 46, Feb. 19, 1945, to Mr. and Mrs. Omar Younker, North Winsloe, a son.

MARRIAGES

JOHNSTONE-HOWARD — At the Margate Parsonage, Kensington, P. E.I., on Wednesday, February 14, 1945, by Rev. E. J. O. Fraser, Marion Hazel,, eldest daughter of Mr. and Mrs. W. Chester Howard, of Margate, P. E. I., to Ralph Warren Johnstone, youngest son of Mr. and Mrs. Oscar Johnstone, of Long River, P. E. I.

DEATHS

KERWIN — Suddenly at her residence, 87 Sydney Street on February 19, 1945, Mrs. Robert Kerwin. Funeral notice later.

DARRACH—At the Charlottetown Hospital, February 18, 1945, Mary Verna, infant daughter W. O. W. T. R., Eldon A. and Mrs. Darrach.

McDONALD — At Crapaud, Feb. 19, Mrs. John McDonald, age 94 years. Funeral will be held Wednesday from Crapaud Gospel Hall service starting at 2 p.m. Interment in Crapaud Cemetery.

MR. T. ROY CUDMORE

Stresses Rotary Ideals on 40th Anniversary

"This week marks the fortieth anniversary of the founding of Rotary and it is fitting that we take a few moments in which to look back over the ground covered by the organization and try, to some extent, to visualize the future," said President T. Roy Cudmore in presiding at last night's Rotary dinner at which there was a large attendance of Rotarians, their wives and friends.

"Rotary," President Cudmore said, "has been successful in engaging and retaining the interest of business and professional men all over the world. This in itself indicates the compelling qualities of the rotary programme. "Service above self" is not just a slogan—it is an ideal packed with possibilities in every field of endeavour, for everyone who wants to try it, and the miracle is 'that it works'.

"More than a quarter of a million Rotarians, members of 5276 clubs, located in fifty countries, see eye to eye with each other in the basic ideals of Rotary.

Active Spirit

"The spirit of co-operation must be pronounced to achieve unity of purpose which characterizes the clubs noted for their ability to get things done. This spirit of co-operation, throwing men together repeatedly in community activities, has a tendency to develop friendliness and friendship which otherwise might lie dormant. Rotary is simply a unified effort to have men do the simple things of life in a pleasant helpful and effective way.

Thus we have community service which is one of the leading features of the Rotary programme. There is no place in Rotary to glorify itself or any individual member. The organization is content to be recognized as an inspiration for men of good-will who desire to carry on the task of living vigorously and effectively with service above self as a guiding star. Strengthened and invigorated by forty years experience, inspired by opportunity, Rotary with its many world contacts faces an almost unique responsibility in the days that lie ahead.

"If we have wisdom, the golden age of Rotary is definitely ahead of us. The Rotary Club is the testing ground of individuals. Just as the jeweler applies a drop of acid to the ring to determine whether it is gold or brass ,the Rotary Club provides the acid which shows up the character of the individual who is a member of this group. However, Rotary does more than make a test. Where the results are not satisfactory, Rotary seeks to provide inspiration and the proper leadership to make that individual a fit member of society who will conduct his business along the lines guided by the ideals of Rotarianism

"In a word, then, Rotary desires to install into the minds and hearts of all Rotarians the necessity of maintaining high ethical standards in business and professions. We must foster and encourage a community conscience, drawing everybody together in a spirit of co-operation. The limit of our activity should be nothing short of the fulfillment of all necessary requirements of any community. Twenty-seven years ago this club was formed in Charlottetown and we believe that down through the years it has been one of the major factors in the development of community consciousness.

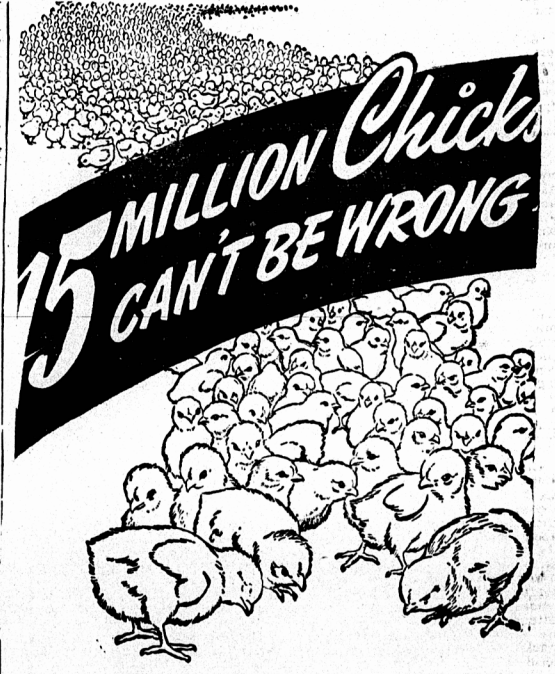
"If Rotary has brought about this result in our own city, is it not logical to suppose that the same result has been obtained in all places subjected to Rotary influence. This building up of friendship and fellowship must have an effect, to some degree at least, on the world as a whole. And thus we play our part in international affairs, and the formation of good-will among the peoples of the world.

"The duty then of Rotary is clear. In a humble but vigorous and aggressive way, in our small corner of the world, we are obliged to give ourselves without stint to the achieving of all ideals of Rotary.

"Similarly our national outlook in Rotary must be dominated by the same guiding force, so that eventually the world will profit, maybe to a very slight degree, possibly to a marked degree, as a direct result of the vision, vigor and versatility of our founder and the able men associated with Rotary since its inception forty years ago."

KEPT DOBBIN QUIET

Early automobiles frightened so many horses and created so many runaways that one manufacturer mounted a dummy horse's head at the front of his vehicle to fool old dobbin.



Yes—15 MILLION chicks—got their start in life in 1944 on SHUR-GAIN 18% Chick Starter. We believe that's at least twice, and likely three times, as many as were fed on any other brand of Chick Starter in Canada.

Why this enormous preference for SHUR-GAIN Chick Starter—and why does its popularity grow year after year? Let's look at the reasons:

1. *Attractive Feed*—Chicks like *fresh, tasty* SHUR-GAIN CHICK-STARTER. It's made from the choicest, freshest and most palatable ingredients. That's why chicks eat it so freely and grow so quickly.
2. *Attractive Chicks*—Chicks *live* and *thrive* on SHUR-GAIN CHICK STARTER — because they get the proper balance of vitamins, minerals and high quality proteins (with lots of animal protein). That's the way to efficiency and success.

No doubt you want to *save more chicks*—to *grow better chicks*—and to *save money*—in 1945. With this same idea in mind, 15 MILLION CHICKS were fed on SHUR-GAIN in 1944, by farmers who knew the answer—SHUR-GAIN CHICK STARTER! ! Can 15 million chicks be wrong?

SHUR-GAIN
CHICK STARTER
