THE NEW BRIGHTON BRIDGE DISCUSSED AT CORNWALL

In an Influential Meeting Last Night—Members of the Government and of Parliament Present—Premier Peters' Views on the Project—Interesting Addresses.

The spacious hall at Cornwall was well filled last night with prominent men at the meeting to consider the new bridge across North River at Brighton.

There were present among others Premier Peters, A. A. McLean, Dr. Warburton, Dr. Douglas, Hon. George E. Hughes, Dougald Currie, Matthew Smith, R. H. Jenkins and A. Home, besides many well-known men of the locality.

William McMillan, Falkview, in stating the object of the meeting referred to the distinguished gentleman present and called upon Jacob Hain, one of the leaders of the movement.

Mr. Hain spoke of the improvements being made in all parts of Canada in transportation. P. E. I. does not share in all these benefits but we have received a good deal for railways and bridges.

James Howard, Cornwall said that three years ago the Premier had said

a new bridge, and a steel one at that, would be built at North River. When they had been urging for a bridge at Brighton the Premier said the promoters will have to get the voice of the people. The whole sentiment of the district pronounced in favor of this site.

The estimate was very large and the Premier had promised another estimate. The proposed bridge would be a big saving to all who haul or drive.

William Boyle, Cornwall, urged that action be taken to give the people of the section their just rights. Dr. Douglas, M. L. A., a representative of the district was glad to be present at the meeting and consult his constituents.

The North River Bridge will soon have to be replaced and if the people living here agree up the site and it does not cost too much he would be in favor of it and do what he could for that site.

Dougald Currie, M. L. A. and representative of the district pronounced himself in favor of the site. Proper estimates have not yet been given. He hoped they would be given this season. He believed if the estimates could not be lowered the people would not press for the bridge. We have a right to be honest with the people and procure the best estimates possible. If then the estimates are reasonable the work should be proceeded with.

Matthew Smith, M. L. A. said the present estimates placed a difficulty in the way. It is hard to get a big undertaking like this voted in Parliament two years ago when the question came up the people of Bedouque had urged for a similar bridge over the Bedouque river, saving some 12 miles. The estimate to be considered, in his opinion would need to be reduced to \$75,000 or \$80,000.

Premier Peters was the next speaker. He reviewed the history of the project originated by Mr. Freehand. The bridge is not merely a local question, it concerns people all the way to Crapaud. It is also of great interest to Charlottetown and to the merchants there. There is no need of discussing the great advantage of the new site. The question is one of dollars and cents and Mr. Smith has spoken wisely on the matter. The Government had acted honestly with the people, they had made the first survey and the estimate was \$175,000 which might be reduced to \$150,000. This was too high and other parts of the province would not consent. He inspected the Bedouque bridge, now being agitated. To build this bridge at the present cost would mean that the other would need to be built too. The estimate was made by Mr. Hain's engineer and it was as stated. He proposed if the bridge was built that it should be for a number of years a toll bridge to assist in paying off the debt which was necessary. He did not see at the present estimate that they could get agreement to the proposition, unless tolls were enacted. The bridge might be built by vessels to load also and this would be another source of revenue. Mr. Hain proposed to build the bridge of iron tubes on the flat sunk and filled with cement and throw a span across the channel. This he said was the only feasible way and Mr. Hain with all his implements here could estimate it cheaper than any other man. Considering all the present conditions he did not think unless the Dominion Government assisted that the expenditure could be undertaken at present. He closed by urging the district to keep up the agitation till they got the bridge they wanted.

To be concluded to-morrow.

STARTLING DIFFERENCE IN COMPLEXION.

Many corn and wart cures contain caustics and acids, but Putnam's Painless Corn and Wart Extractor is entirely vegetable in composition, never hurts, acts quickly, and is sure to cure. Try it.

REAL SIGNS OF SPRING

Haszard & Moore.

FIFTY CENTS A MONTH

A small bottle of Scott's Emulsion costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort.

Babies that are given Scott's Emulsion quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Ordinary food frequently lacks this nourishment; Scott's Emulsion always supplies it.

Will send you a sample free upon request. SCOTT & BOWNE Toronto, Ont.

LADIES' INVICTUS WALKING BOOTS

Wet proof soles, just the boot for this sloppy weather, no rubbers wanted over them, made from fine box calf leather, goodyearwelted.

Price \$3.50.

MAY BE AFTER CORONATION CUP

P. E. I. Yachtsmen Want the Coveted Trophy.

Martin Pinaud Lays Lines for a Fast One and Local Men Think Well of the Way He's Going About it.

It is not unlikely that there will be a challenge for the Coronation Cup this summer. A number of Charlottetown yachtsmen intend building a racing craft for use in their own waters, which if successful will be brought to St. John to compete against the Cibou, says the St. John Telegraph.

This boat is designed by John Pinaud of Sydney, and will be built by Martin Pinaud, of Charlottetown. Her dimensions are: Length over all, 39 feet 10 inches; load water line, 24 feet 6 inches; extreme beam, 8 feet 9 inches; beam at water line, 7 feet 9 inches; free board at bow, 2 feet 4 inches; least free board, 1 foot 3 inches. She will be fitted with a steel keel carrying a lead ball of 700 pounds. Her hull plan calls for a spread of 650 square feet.

In general appearance, though smaller, she will resemble the Cibou, although there will be material difference in the form of hull, especially the underbody which in the new boat will be concave between the ends of the waterline but flat at the ends. The construction is light but strong, the frames being continuous from side to side. A lattice girder runs from the mast forward and is reinforced by similar ones on each side running the full length of the hull. She will be couple planked, the inner layer laid diagonally, ensuring a smooth surface and making her water tight.

Her construction will commence soon, and she will be ready for launching in June.

An agitation is now on foot to form a racing association of the yacht clubs in P. E. I. and to adopt the racing rules of the Royal Nova Scotia Yacht Club. The Hibernian cup, now held by the Micmacs, will probably be made open to the maritime provinces.

Local yachtsmen when shown a cut of the proposed craft thought favorably of her as having every indication of being a very speedy craft.

St. John yachtsmen will probably have another try at the champion flyers for the Coronation cup, but lines and dimensions of the St. John challenger are not being talked of to any extent yet.

A YOUNG MAN DIES SUDDENLY

Daniel Morrison of Spring Park Road Passed Away—Inquest to Begin this Morning at 9 O'clock.

There was some excitement about town last evening over the sudden death of Daniel Morrison, son of Duncan Morrison of Spring Park Road, who passed away about 8 o'clock. Coroner McNeill on learning of the death visited the house of the deceased and made inquiries which, after consultation with Dr. Kelly, who had been called to see deceased shortly before his death, resulted in the decision to hold an inquest, which will begin this morning at nine o'clock.

It appears that the deceased young man, who was an intelligent mechanic, and well spoken of by many acquaintances, had been intemperate. He came from New Glasgow, N. S., to this city about 17th March.

He was then ill and had not been well since, but no fatal result was anticipated. When taken down yesterday afternoon and in great pain, Dr. Kelly was called in, but medical aid was powerless to save his life. About five o'clock he became speechless and died about six. The symptoms might indicate inflammation of the bowels, but there are rumors that deceased either by mistake or design took some methylated spirits which if true might account for his sudden and painful end.

To cure a headache ten minutes use Kumfort Headache Powders.

Choir concert tonight. Candy sale.

INTERCOLONIAL PENSION SCHEME

Favored by Minister Emmer-son now At Toronto

Lady Minto Doing well—Wife-Murderer Menard Dies from Self-Inflicted Wounds—Young Man Frozen.

LADY MINTO DOING NICELY. OTTAWA, April 4—(Special)—Lady Minto did not suffer from excitement in the Rideau Hall Sunday morning fire and is getting on nicely today.

A WIFE-SLAYER DEAD. LONDON, April 4—(Special)—Joseph Menard, the insane wife murderer, died Sunday night.

He managed to remove the bandage from his head, thus opening the self-inflicted wound, causing paralysis. Menard never recovered from the exposure on the night and day of his attempted escape.

EMERSON IN TORONTO. TORONTO, April 4—(Special)—Minister Emmer-son reached here on Sunday on his way to inspect the Welland Canal.

His favor to inspect the Welland Canal.

Questioned regarding the movement for pensions for aged and disabled inter-colonial employees, he viewed the proposal with considerable favor.

YOUNG MAN FROZEN TO DEATH.

CHATHAM, ONT., April 4—(Special)—Jack Terrill, a well-known young man of Cedar Springs, was frozen to death while duck shooting on Lake Erie Saturday.

IN THE MERRY MERRY SPRINGTIME

You Must Get Rid of That Tired Spring Feeling—How and Why Dodd's Dyspepsia Tablets Drive It Away.

In the Springtime the Stomach needs a rest. It has been working overtime all the winter through supplying the different parts of the body with the heat and strength they need.

It is wearied, and when the stomach is wearied all the body must be in a like condition. For when the stomach is tired and unable to do its full work the different muscles and organs do not receive the food they need. They become weak and starved.

This causes that tired feeling that is so prevalent in the spring time. The remedy is to give your stomach a rest and the simplest and best way to do it is to use Dodd's Dyspepsia Tablets.

Dodd's Dyspepsia Tablets rest the stomach by taking the work of Digestion off its hands. They digest the food and the stomach rests and returns to its natural and healthy state. That's why Dodd's Dyspepsia Tablets cure permanently as well as relieve.

CHICAGO MARKETS.

RUSSIANS RETREATING HAVE EVACUATED WIJU

Important Movement to Turn Russian Position at Yalu—Strength of Japanese Forces—Japan Wants no Selfish Gain from British Alliance—U. S. Attitude Criticised in Moscow.

JAPANESE PRESS OPINION. TOKYO, April 4—(Special)—A leading Japanese journal says: However welcome British active assistance might be, Japan does not desire to obtain it at the cost of involving France.

WANTS NO SELFISH GAIN. It further says, Japan will never seek to derive from the alliance a selfish advantage likely to extend the area of the contest and only wants British neutrality. The same journal also assures France she need not fear.

RUSSIANS LEFT WIJU. LONDON, April 4—(Special)—A Kobe despatch states that Japanese scouts captured Wiju today and found no single Russian in the city.

It is believed the Muscovites have retreated beyond the Yalu River.

CAPTURED AT CHING FU. Twenty prisoners and a quantity of Russian armament and field equipment captured at Ching Fu on the 29th reached Ping Yang today.

UNGRATEFUL YANKEES. MOSCOW, April 4—(Special)—The Gazette publishes a historical review of Russia-American relations concluding:

MARRIED.

At the home of the bride, April 4 Chestnut Street, Miss Lula Margaretta Bins to Hamilton Bins. The ceremony was performed by Rev. Mr. Spencer, Marshfield.

March 30th, by the Rev. John Sutherland at the residence of the bride's father, John McDonald, Pleasant Valley, James Arden MacLeod to Christy Ann McDonald, both of Lot 62.

DIED.

In this City on April 3rd, James K. In the 71st year of his age.

At Alexandria April 3, James Robertson, aged 75 years, leaving a widow and four sons to mourn their loss.

At St. Avaris on April 4th, Eva beloved wife of Lazar Gallant, aged 37 years. (Funeral on Wednesday at 3.15 p.m. to People's Cemetery.)

After a lingering illness at the Charlottetown Hospital, Mr. David Arbin, aged 40 years. (Funeral Wednesday afternoon at 1.30 from her home Clark Street to St. Dunstan's Cathedral thence to R. C. Cemetery.)

"Henceforth Americans will be styled the ungrateful Yankees."

TOTAL JAPANESE FORCES.

SHANGHAI, April 4—(Special)—A Kobe letter says the Japanese have 200,000 in motion and fully 60,000 more under arms.

A BIG TURNING MOVEMENT. It is thought the landing of a heavy Japanese force west of the mouth of Yalu River will force the Russians to abandon the fortifications which they have been erecting North of Yalu to oppose the crossing of the first army of Japan from Korea.

LONDON, April 4—(Special)—A Kobe despatch states that Japanese scouts captured Wiju today and found no single Russian in the city.

It is believed the Muscovites have retreated beyond the Yalu River.
