The table was spread in Mrs. Currie's best style and the fullest justice was done the good things so bountifully provided. There was no formal toast list but the evening was pleasantly passed with songs and speeches, including a short talk on hockey by ex-Mayor Saunders. The supper broke up about one a.m. with cheers for the trophies, the club, and the host and hostess.

The annual meeting of the Summerside Rifle Association was held in their winter quarters in the Crystal Rink, last night, with good attendance of members present. The reports of the different officers showed the club to be in a healthy condition and the prospects for an excellent summer sport look good at present. A pleasing feature of the meeting was the presentation by L. R. Allen, on behalf of the club, of a purse of gold to J. H. Pritchard for his energetic work as secretary of the club during the past year. The officers elected for the ensuing year were as follows:—H. H. Beer, Capt; J. H. Pritchard, Secy; R. T. Tenison, Treas; and the following a committee of management:—W. W. Baker, L. R. Allen and Councillor Leard.

McKenzie, Kensington and Mrs. Fred Clark, Wilmot, also two brothers, Geo. H. in Summerside and David in Lynn, Mass., and one sister, Mrs. J. M. Leard, Kelvin.

STOCK MARKET IS DULL AND SAGGING

NEW YORK, March 27.—The dull and narrow stock market of last week bore little relation to the course of events in the outside world except as it was held in restraint by the prospect of curtailment by the possible holiday and the possible demands upon the money market of the approaching settlements.

The money position was complicated by the week's sale of \$50,000,000 New York 4 1/2 per cent. bonds. The results of that sale also illuminated the investment situation in a way not wholly cheering to sentiment. The first impression of the sale was good, owing to the large volume of applications and the considerable foreign demand included. The average subscription price of 101.28 also proved rather better than the preliminary bankers' estimates. The new bonds were immediately admitted to the stock exchange to be traded in "when issued," and the sag in the price to below the lowest at which allotments were made on subscriptions turned the feeling on the matter to one of discouragement. The price realized by the city represented an income return of 4.155 per cent. to the investor compared with a return below four per cent. at preceding sales ever since February of 1908, and with time and in September of 1907 in the panic period New York city made the only other bond sale on an income basis above four per cent. in modern financial history. The subsequent fall in the price of the new bonds begot a feeling that even the relatively low subscription price had been secured by strained efforts.

That the investment situation thus indicated is a general one is shown by other circumstances. British consols sold down, during the week, to the lowest price since the depression of 1907 and with that exception since the first half of the last century. The re-appearance of the short-time railroad note issue in the New York market was additional evidence of the unsatisfactory investment demand for fixed interest in the securities. Sustained high prices of commodities, the excited speculation in rubber and oil shares in the London Stock Market, and the widespread agitation for wage increases were regarded as different signs of the same unsettlement in standards of values. On the other side of the labor question, satisfaction was felt over settlement over the 1500 railroad firemen's dispute. Hoped views were held also of an adjustment of the coal miners' troubles in the middle west. The subject retained its disturbing force by reason of other renewed attacks upon the United States Steel Corporation by the American Federation of Labor. The cheerful views entertained by the railroad traffic officials of business prospects held the confidence in labor settlements. Business in iron was done at receding quotations. The problem of winter damage to the wheat crop remained in active computation. Political unrest had some reflection in the securities markets through the apprehension of a reopening of the question of tariff revision.

The death occurred on Monday morning last after an illness of about two months of Walter Stavert, one of the oldest and most respected residents of Kelvin. The deceased was a successful farmer and a worthy citizen. He was for many years an elder in the Presbyterian Church, first at North Bedouque and later at Kensington, which position he worthily filled until his death. He leaves to mourn four sons and three daughters, Thomas, Mahon and Henry, California, and John, at home. The daughters are Mrs. Thomas Humphrey, North Bedouque; Mrs. Robert Bowness, Norboro, and Mrs. J. Jardine, Kelvin. Of a large family of brothers and sisters, one only survives, Thomas, of Wilmot. The funeral takes place this afternoon at two o'clock.

There passed away from earth, at his home in Fortune Cove, P. E. Island, on Feb. 26th, 1910, J. E. Young Leard, at the age of 61 years. Although in rather delicate health for some years our brother kept about his work up to a few weeks before his death. A severe attack of la grippe left him very weak and he gradually sank until the end came and he passed peacefully to his heavenly rest. His death has bereft his family of a tender and loving husband and father, the community of a very useful citizen and the Methodist Church of one of her most devoted supporters and tireless workers. For a great many years Bro. Leard filled two or three important offices in his church, and was always among the leaders of every good work in church and community. The high regard in which he was held in the district was manifested by the immense throng that came out to attend his funeral and by the marks of sorrow exhibited by so many, in some cases strong men weeping as if for a brother of their own. The funeral service was conducted by Rev. E. A. Westmoreland and the brethren of Court Osnaway I. O. O. F., of which Mr. Leard was a member.—Wesleyan.

The home of George and Mrs. Laxton, Carleton, Lot 6, was the scene of a very pretty wedding on Wednesday, March 23rd, when their youngest daughter, Ethel Blanche, was united in marriage to George Albert Palmer, O'Leary. The ceremony was performed by Rev. E. A. Westmoreland of Alberton. The bride was charmingly attired, and was assisted by Miss Bessie P. Palmer sister of the groom, while the groom was supported by Wesley G. Dignan. The wedding march was rendered by Miss Lillie P. Crozier. The bride was a member of the West Devon, Methodist Church, and one of the singers of the choir and will be greatly missed there as well as in the community, in which she lived. She received many beautiful and valuable presents, which bore testimony to the popularity in which she was held. Mr. and Mrs. Palmer will henceforth reside in O'Leary Myriads of good wishes follow them.—Com.
