THE HOME PHYSICIAN

Dr. Morse's Indian Root Pills
Cure Most of the Family's Ills.

Perhaps if the children, and the "grown-ups" too, always ate exactly the right quantities of exactly the right things, at just the proper times, and in every other way obeyed the rules of health, there would be no sickness in the family, and no need of medicine.

But they never have and probably never will, so in every family there are sure to be more or less frequent attacks of sick headache, biliousness, indigestion, constipation, and kidney and liver troubles, and occasionally some one is "sick in bed".

It is worth a good deal to the mother, then, to have on hand that perfectly safe and reliable remedy for these ills—**Dr. Morse's Indian Root Pills.**

They invigorate those organs which cleanse the body of waste and impurities, regulating the bowels, stimulating the kidneys and opening the pores of the skin.

Thus **Dr. Morse's Indian Root Pills** cure the common ailments and keep the family healthy. This they have been doing for over half a century in every part of the world.

You Can Make Better Foods For The Children With "Beaver" Flour Than You Can Buy

Next to a returning Arctic Explorer, the hungriest mortal on earth is a growing boy. He is always ravenous. "He will eat anything". But why should he?

Right now is the time when his parent should be most particular about his food—to prevent injudicious eating and to protect him against unsuitable food.

Good, home-made bread, made of "Beaver" Flour—light, flaky biscuits made of "Beaver" Flour—these are real foods for growing children. "Beaver" Flour is a blended flour. That is, it is made of exact proportions of nutritious, beautifully flavored Ontario Fall Wheat and a smaller proportion of the stronger Western Spring Wheat.

It is both a bread flour and a pastry flour—and makes the real nutty flavored home-made bread and delicious pastry such as cannot be made with any purely Western Wheat Flour.

Just try "Beaver" Flour—and see for yourself how thoroughly satisfactory and dependable it is for all kinds of baking. Your grocer sells "Beaver" Flour or can get it for you. Dealers—Write us for prices on Feed, Coarse Grains and Cereals.

Women Wanted
—who want charming homes

A charming home is the outward expression of a woman's sense of beauty—It is not the result of lavish spending. You can have a beautiful home—every room glowing with warmth and cheerfulness and decorated to harmonize with a general color scheme—if you use

Alabastine

"Alabastine" is the twentieth century finish—something vastly better than paper or kalsomine, because—

Wall paper is placed on a layer of paste—

This is nothing more or less than a nursery for germs and insects—

Besides most wall paper is saturated with arsenic in sufficient quantities to impair health.

Then ordinary kalsomine is bound to chip, blister, crack, peel or rub off—

It's base is only whitening and animal glue—a combination with no solidifying or sanitary qualities.

"Alabastine" has antiseptic properties—

Germs cannot live on or in it. Once the walls of a room are coated with "Alabastine" there is no necessity for re-decoration after sickness.

"Alabastine" has stood the test of time and is to-day more popular than ever—

It is more economical than either wall paper or kalsomine and far more sanitary.

Anybody can apply "Alabastine"—

Just mix with cold water and use a flat bristle brush.

With our numerous tints and white any color scheme can be easily and artistically carried out.

Free Stencils

Our staff of trained decorators will perfect any color scheme for you absolutely free of charge. Also supply free stencils exactly suited for your purpose. Your Hardware or Paint Dealer will supply you with "Alabastine." But write for full particulars, and free booklet.
