

THE SUMMERSIDE GUARDIAN

and PRINCE COUNTY CHRONICLE

Western Locals

—This column is reserved for news of local interest but advertising of a local nature may be inserted in certain words strictly payable in advance.

—SEEK our guaranteed Hot Water Bottles. Taylor Drug Co., Kensington. 1-10-11.

—FURS BOUGHT—We are continuing to buy daily. We have one order for twenty fine quality third to pale silver. Office of E. Graham Rogers, Summerside, 2448-1-8-11

—(NORTH SHORE LEAGUE GAME). Double headed hockey match in the Kensington rink, Thursday, January 17th, 1936. 1st game Summerside Comets vs. Balto Rangers. 2nd game Kensington Aces vs. Kensington Ramblers. 1st game commencing at 7.30 sharp. Skating afterwards. Admission 10c and 20 cents. 1-3584-1-10-21.

—QUIET WEDDING—A quiet wedding was solemnized on Monday afternoon at the home of Rev. W. H. Harding when he joined in matrimony Mr. Kenneth A. Ford of Northam to Miss Ida M. Skerry of Tyne Valley, Mr. and Mrs. Ford will reside at Northam where Mr. Ford is a successful fox rancher. They have the best wishes of their many friends. S.

—PRESENTATION—Mrs. Webster of Halifax, widow of Rev. F. M. Webster, former rector of St. John's Church, St. Eleanor's, presented a brass altar desk to the church on Sunday last, in memory of her husband, who passed away in August, 1927. The handsome gift will be dedicated when Rev. Rev. Bishop Hackenley makes his next visit to St. Eleanor's. S.

—CARD PARTY AND DANCE—A very enjoyable time was had by members and friends at a card party and dance on Monday evening when a large number attended the card party and dance. Special music was provided for the dance. The prize winners at cards were: Ladies, Miss Cora Arsenault, Mrs. Gabriel Gallant; gentlemen, Mr. Fred Gaudet and Mr. Wilfred Gallant. S.

—NATIVE OF EGMONT BAY PASSES—Word has been received in Summerside of the passing in Rumford, Maine, of Fidele Arsenault, a native of Egmont Bay, Mr. Arsenault was 67 years of age. He is survived by his widow, four daughters and one son, all residents of the United States. Three sisters, Mrs. Glorice Arsenault, Rumford, Maine; Mrs. John Gallant, Miscouche, and Mrs. Stephen Gaudet of Summerside are also left to mourn. S.

—INSTALLATION OF OFFICERS—At a special meeting of Prince Edward Lodge, No. 22, I.O.O.F., Summerside, the officers for the current term were installed by District Deputy Grand Master, Mr. Samuel French, Charlottetown. The officers are: N. G. Wilbur, Master; Vice Grand, G. E. Clark; Rec. Sec., E. J. Hallett; Financial Sec., George Hogg; Treasurer, B. R. Sharp; L. S. N. N., Leigh Smith; Warden, Hazen Phillips; Conductors, George Sheen; Inside Guardian, Hazen Phillips; Outside Guardian, Arthur Corney; R. S. E. Albert Oakes; R. S. V. G., C. W. Ramsay. Committees: Visiting Committee, E. T. Hallett, Geo. Sheen, C. W. Ramsay, George Hogg, Thomas Johnson. Finance Committee, C. W. Ramsay, Hazen Phillips, Geo. Sheen. S.

—BIRTHDAY CELEBRATION—A very enjoyable function took place at the home of Miss Julia Steele, Gaspereaux on Saturday evening, Dec. 26th, when a number of friends and neighbors gathered to celebrate Miss Steele's 90th birthday. Miss Steele was presented with a suitable gift. Best wishes were extended her on reaching such a ripe old age and the hopes expressed that she would live to celebrate many more birthdays. The party was a close by the ladies were partaken of the evening was spent with Graphophone music step dancing and songs. It is pleasing to know that Miss Steele is enjoying good health, and her memory is better than many persons many years younger. The party was brought to a close by singing Good Night Ladies, then all wished their way home—waving spent an enjoyable evening.

—SUMMERSIDE TRADE BOARD MEETING—At a meeting of the Summerside Board of Trade held last night plans were made for the annual meeting which will be held within the next two weeks. It is hoped it may be possible to make the date coincide with the expected visit of Mr. Leo Dolan, Director of the Canadian Tourist Bureau. It was also suggested that a meeting be held soon under the auspices of the Board at which Miss Nora Bateson of the Carnegie Library should be invited to speak. Reference was made to the forthcoming visit to P. E. I. of Mr. Rand Matheson, Maritime freight rates expert and

—PERSONALS—Mrs. Robert Jardine of Summerside left on Tuesday for Caladonia, Ont., to visit her mother.

—Mrs. F. W. Cannon and Mrs. Frank Sweet returned on Monday evening to their home in St. Eleanor's after spending some weeks visiting relatives in Boston. S.

—Miss Frances Hunt, who has been spending her holidays with her parents, Mr. and Mrs. Richard Hunt, St. Eleanor's, returned on Tuesday to resume her studies at Bishop Hill College for Girls at Windsor, N. S. S.

REPAIR WORK TO MARINE WHARF'S SIDE

The Federal Marine and Public Works Department authorized considerable repair work at the Marine Wharf, Summerside, during the year of 1934. Many improvements have been made which will prove of great benefit to farmers when loading produce. The wharf was formerly under the control of the railway authorities. Now the Public Works Department have charge up to the first switch.

Under the direction of Mr. Wm. Gray much work was accomplished until late in the fall and if weather permits will be continued early in the spring. The old coal shed was torn down and a driveway made which leads up to the shed at the western side. This will be a great convenience to farmers. Files have been driven down at certain points to strengthen the wharf and a breast-work formed that will stop the tide and seas from coming up over the wharf.

An office has been built in the west shed and a new set of water pails, twelve in each, have been placed in boxes in the sheds in case of fire. This is a great precaution.

DONATES CUP FOR LEAGUE

Mr. Harold Gaudet, manager of the Capitol Theatre, has donated a cup to the Summerside Commercial League to be competed for each year. This should give added impetus to this very lively hockey league. S.

SUMMERSIDE CURLING

Now that the cold weather has returned curling at the Summerside curling rink is in full swing again and the matches for the championship are on again. The membership has increased and three rinks are now in use every evening.

A new set of stones have been procured and were put into play on Monday evening. S.

Interesting Address Delivered Recently At Women's Music Club

"The Oratorio" was the subject chosen by the Women's Music Club for their meeting which took place Saturday afternoon at the Canadian National Hotel. There was a large attendance of the active and associate members and the program was one of exceptional interest.

Miss Jacqueline MacDonald gave a comprehensive survey of the field of oratorio writing and her paper was listened to with keen interest. The program which followed was designed to illustrate the work of the various oratorio writers from Bach and Handel to the modern English writers of oratorio including Sir John Stainer and Charles H. H. Parry.

The attendance at the Music Club meetings has increased steadily during the season and additional names have been added to the active and associate membership at each meeting.

The next meeting will be held at the Canadian National Hotel Saturday afternoon, Jan. 26th, when a program centering around the violin will be given. A supplementary dance program has also been arranged by Miss Vera Williams for the next meeting.

It was decided to endeavour to arrange that he come to Summerside. A number of other matters were discussed, particularly with reference to the congestion at the railway station at train time in the evenings which was left in the hands of the Railway Committee. S.

—PERSONALS—Mrs. Robert Jardine of Summerside left on Tuesday for Caladonia, Ont., to visit her mother.

—Mrs. F. W. Cannon and Mrs. Frank Sweet returned on Monday evening to their home in St. Eleanor's after spending some weeks visiting relatives in Boston. S.

—Miss Frances Hunt, who has been spending her holidays with her parents, Mr. and Mrs. Richard Hunt, St. Eleanor's, returned on Tuesday to resume her studies at Bishop Hill College for Girls at Windsor, N. S. S.

Crystal Sisters To Make Bid For Title

The Crystal Sisters are going to have another try for honours in the women's sphere of hockey. Last year they tied with the Maroon Sisters of Montreal and would have gone further afield had satisfactory arrangements been made.

They are re-organizing and have a strong team. On Monday evening a number of citizens met who are interested in the girls and L. Linkletter was appointed business manager and Clifford Montgomery coach for the team. An advisory committee was named as follows: B. W. Robinson, Frank A. MacNeill, Dr. A. W. Leard, W. A. Allen and Harold E. Gaudet.

The first practice will be held on Wednesday evening. S.

SPECULATION RIFE OVER GOLD CLAUSE

By Claude A. Jagger, Associated Press Financial Editor (By Guardian's Special Wire)

NEW YORK, Jan. 15.—The ghost of the old gold dollar stalked through world markets today spreading confusion.

Related recognition abroad of the possibility of a Supreme Court decision in Washington which might uphold contracts calling for payments in the old dollar, 66 percent higher in terms of the yellow metal than the present dollar, tempted speculators and set the dollar skyrocketing in foreign exchange markets of London and Paris.

The movement was quickly taken up in New York, where quotations for foreign currencies in terms of dollars hit the skys, and the stock market went into an abrupt decline. High-grade bonds containing the gold clause to pay in old gold dollars advanced to higher premiums. Grain prices slipped at Chicago. Gold mining shares slumped in New York and Toronto.

Canadian Dollar At Par

In New York the Canadian dollar was quoted at a discount for the first time in 10 months. It closed at par after dropping as low as 1/4 cent. It was actively traded, foreign exchange dealers said.

A sharp drop in prices in the Winnipeg grain pit led to weakness at Chicago, traders fearing the Canadian operators would sell in Chicago for protection. Prices at Winnipeg closed at or slightly above the "pegged" levels. May wheat closed at 90 1/2 cents, 1/4 above the "pegged" price; July at 81 1/2 cents, the minimum price possible.

Losses extending to several points were suffered by gold-mining issues in Toronto. Similar losses were shown by the Canadian stocks listed in New York. Montreal silver trading was the heaviest in two weeks with prices unchanged to 50 points lower.

Leading banking quarters still in shadow that they felt reasonably confident that no matter what the Supreme Court decides on the cases argued last week regarding the constitutionality of abrogation of obligations to pay in old dollars, some legal means would be found of preventing the return to life of the former United States currency unit based on 23.22 grains of pure gold, in contrast to the 13.71 grains of the present dollar.

The following program was presented last Saturday:

1.—Paper, "The Oratorio", Miss Jacqueline MacDonald.

2.—Vocal, "My Heart Ever Faithful", from the Pfingst Cantata, Bach; "He Shall Feed His Flock", from Handel's Messiah, Mrs. H. S. Henderson.

3.—Piano, "Prelude" and "Sarabande" from the "Third English Suite" by Bach, Miss Lillian MacKenzie.

4.—Vocal, "I Know That My Redeemer Liveth" from Handel's "Messiah", Mrs. J. A. Lawson.

5.—Piano, "Jesu Joy of Man's Destrings", from Bach's Chorale (arranged by Hess), Miss L. MacKenzie.

6.—Vocal, "The Lord Is Long Suffering" from "Judith" (by Parry), Mrs. H. S. Henderson.

7.—Vocal, "With Verdure Clad" from "The Creation" (by Haydn), Mrs. J. A. Lawson.

8.—Vocal, "Love Divine" from "The Daughter of Jairus" (by Sir John Stainer), Mrs. Henderson and Mrs. Lawson.

—LAST SHOT NIPPED FRIEND—LONDON, Jan. 15.—(CP)—Police Constable Taylor who is believed to have fired the last shot in the South African war, has retired after 26 years in the police force. He was in the 20th Hussars in South Africa. "It was at night on the veldt, and the Ammunition was the Boers had been signed though we did not know it," he says, "I suddenly saw a horseman trying to break through our lines. I fired, and the bullet hit the horse and the leg of the rider. The man was a British despatch-riding bringing news of the armistice. He was the last British despatch-riding."

Dental Health Campaign Launched Last Evening

(Continued from Page 1)

tributory cause to teeth decay—what diet is necessary for sound teeth—what chemical elements are necessary to produce and maintain the enamel crown on teeth which nature provides for their protection—what is the result when the crown is punctured and decay commences the disintegration of the molars—what steps to take to arrest that decay, what pre-natal conditions are necessary to provide offspring with the necessary chemical elements to provide sound teeth and so on.

First of all said Dr. Thomson, the truth must be firmly implanted in the minds of the citizens that sound teeth render normal conditions—that there is no reason why any person should have unsound teeth providing they are given a chance before birth, and they apply through hygiene knowledge in the years of understanding.

Having got that truth over, the next thing is to get information into every home as to necessary diet, methods of mastication and mouth cleansing and within a couple of generations there could once again be normal mouth health in the Anglo-Saxon race.

"Fad" diets were not the road to good health, Dr. Thomson said. He recommended not too much change in diet, but plenty of fresh fruit, vegetables and dairy products. Only healthy foods, he pointed out, cause dental decay and it is the use of these foods that make necessary the regular brushing of the teeth.

In Central Europe it was explained, 90 percent of the people have sound teeth. In New Zealand the Maories only have one in a hundred with unsound teeth. Only 3 percent of the Eskimos have unsound teeth, and the reason is that they eat a certain amount of food in its natural state, and they develop the cushions of their teeth by chewing certain foods which actually need chewing. In this country 97 percent of the people have unsound teeth in contrast due entirely to preventable causes.

The mission of the Canadian Dental Hygiene Council is to explain to the public the reasons why they should brush their teeth, and to re-establish the citizens of this country as a nation with sound teeth, and accompanying that condition, sounder bodies.

To this end, lectures are being given, leaflets are being distributed and the press is cooperating in the broadest information and to focus attention on this important subject.

Dr. Thomson said he would be in the Province for some days, and proposed to speak at various points of the opportunity presented itself. It is the aim of the campaign to tell the story of preventive dentistry to every man, woman and child in Prince Edward Island and to arouse public opinion in the interest of the Province, which has the most vitally important health movements of modern times.

Montreal, manager of the National Association of Furriers, will make a plea for power for the industry to regulate itself through a central organization. Then Joseph "Cahne" of Montreal, labor manager of the Associated Clothing Manufacturers of Quebec told of wage competition and, although labor was being exploited, consumers were not receiving the benefit.

—SWEATSHOP CONDITIONS ARE BARED—(C. P. By Guardian's Special Wire) OTTAWA, Jan. 15.—Apparent infractions of the Quebec Minimum Wage Act in a factory operated by Eugene Richard, vice-chairman of the board administering the Act, were reported today to the Royal Commission on mass buying.

Four women workers from Richard's fashion craft plant and Rubin Brothers, Limited, both at Victoriaville, Que., told of receiving less than \$10 a week, the minimum set by law and of working longer than the 56 hours stipulated. They also told of Quebec Provincial Police being called to Victoriaville to end a strike in the clothing plants last August.

At the conclusion of the commission sitting, Oscar Boulanger, Liberal member for Bellechasse said he doubted whether Richard of the Quebec minimum wage board was the owner of the fashion craft plant, and that the girls might be working for a mixture of French and English, workers and union officials at the back of the room shouted, "Yes, he's the man."

—Working Hours—Former fashion craft workers told of foremen in the plant punching time cards before they started over-time. This resulted, they said, in the cards reading 55 hours, the maximum permissible under the Act although the girls might bend over their machines 65 or 70 hours, working from seven in the morning until nine or 10 o'clock at night. One girl said she had been told by her foreman she would be fired if she took time off for supper. One or two said they had started in the plants at 13 or 14 years of age.

Four witnesses, Eleonore Hamel, Aline Latendresse, Berthe Noel and Rosanna Pelletier told of being paid \$6, \$7 and \$8 a week in the fashion craft and Ruben factories although the Quebec wage act provides a minimum of \$10 for experienced girls. They said they seldom earned the legal minimum working 65 or 70 hours a week. They were piece workers, paid 70 cents for sewing 200 pockets in men's pants, 35 cents a hundred for attaching buttons by hand or as low as 75 cents a hundred for sewing waist bands.

—Urges Central Organization—All day long the commission probed the clothing industry. They started off by hearing J. E. Eves,

—Strike At Victoriaville—A Duquette of Montreal, business agent for the Amalgamated Clothing Workers' Union, told of the strike at Victoriaville which resulted in the four women witnesses and others losing their jobs and going without work ever since. He said it started when Rubin Brothers dismissed a cutter for being a union member, spreading to the Fashion Craft and Da Luca plants. It lasted four days but before it ended, the fire department sprayed the plant with water and the provincial police were called in by Mayor Gagne.

Duquette said wages at Victoriaville were 50 percent lower than in Montreal. He told of a cutter with 15 years' experience being paid \$15.10 for 56 hours and pressers receiving \$6 and \$10 a week.

One of the women witnesses said Fashion Craft and Rubin Brothers had an agreement that if one of them fired an employee, the other would not employ her.

—Birthday Greetings—(By the Canadian Press) To Luke Sewell, veteran catcher of the Washington Senators in the American Baseball League. Born in Titus, Alabama, 34 years ago today, he graduated in baseball from the University of Alabama team. He got into professional ball with Cleveland in 1921 and was traded to Washington at the start of the 1933 season.

—Wretched from Asthma—Strength of body and vigor of mind are inevitably impaired by the visitations of asthma. Who can live under the cloud of recurring attacks and keep body and mind at their full efficiency? Dr. J. D. Kellogg's Asthma Remedy dissolves the cloud by removing the cause. It does relieve. It does restore the sufferer to normal bodily trim and mental happiness.

—NOT WITHOUT HOPE—Secretary—How did you find the wealthy Mrs. D. this morning doctor?

Doctor—It looks like me as if she's in for a serious illness, but I don't want to be too sanguine.

—The Montague Legion Band held Benefit skate on Saturday evening.—H

YOUR HEART MAY RUN A HUNDRED YEARS

... But You Should Avoid Heart Stimulants

GIVEN half a chance this heart of ours will do unbelievable things. It is able to run a hundred years and more without the loss of even a few minutes for repairs. But millions-to-day abuse this remarkable machine by resorting to tea and coffee for artificial stimulation and false renewal of energy. Over-stimulation is a frequent cause of heart trouble. And caffeine found in both tea and coffee is a powerful heart stimulant often used in hospitals.

There are, of course, many people who can drink tea and coffee in moderation without feeling the ill-effects—without suffering from sleeplessness and other distressing disorders. But not everyone, by any means.

Don't take chances with your heart. Stop using stimulants. Drink Postum (absolutely drug-free). Postum satisfies the normal craving for a hot mealtime drink without containing any of the harmful effects of caffeine.

Instantly made in the cup at a cost of about half-a-cent. 45 cups to a 30c tin. Or there's Postum Cereal, made by boiling or percolating 20 minutes. Make a 30-day test. We'll start you on your test by giving you your first week's supply of Postum free. Write to Consumer Service Department, General Foods, Limited, Cobourg, Ontario.

A Safe Family Beverage

Children like to have the same drink as the grown-ups. But you probably don't give them tea or coffee. It is good for them to have a hot drink. Make Instant Postum for them, using hot milk (not boiled) instead of boiling water. They'll like the taste immediately.

THE FLAVOR SUITS ME TOO!

CITES AIMS OF HEALTH DEPARTMENT

conjunction with the Chief Health Officer. There were several other minor stipulations but the above are the chief ones.

This resulted in our present Public Health Department which began its work July 1st, 1931. This organization operates under the following heads:—

1. Administration Division—The Chief Health Officer oversees the work of the central administration.
2. Nursing Division—This division is directed by the Supervisor of Nurses, who has four public health nurses in the field.
3. Vital Statistics Division—Directed by the Deputy Registrar General.
4. Laboratory Division—Directed by the Chief Health Officer and Laboratory Technician and control of all biological products.
5. Sanitary Division—Directed by Provincial Sanitary Officer.
6. Venereal Disease Control—Conducted by two part-time Health Officers.
7. Tuberculosis Control—Directed by Superintendent of Provincial Sanatorium.
8. Clerical Division—Conducted by two stenographers and directed by the Chief Health Officer and Superintendent of Provincial Sanatorium.
9. Communicable Disease Control—Directed by Chief Health Officer.

There are Local Boards of Health in each school district. The Secretary of School Trustees is the Chairman, the other members being the trustees and the nearest physician.

There is a district registrar in each school district who assists in the collection of data for our Vital Statistics. They forward all births and deaths that take place in their districts.

The Premier, in the course of his remarks, paid a very warm tribute to the work of Dr. Creelman, Dr. Keeping, Miss Wilson and all associated with him, as Minister of Health and Education, in spreading the gospel of health throughout the Province.
