Is Your Hair Falling Out Too Fast?

The average head loses 45 to 80 hairs daily—a healthy scalp replaces them

If you start with an average healthy head of hair—chances are you have from 120,000 to 140,000 hairs to lose!

"But," say hair authorities, "you must keep on growing from 1,200 to 2,400 new hairs a month—or your hair will gradually thin out."

The first step to ensure natural re-growth of hair is to keep the scalp clean and free from dust and smoke which combine with scalp oil, perspiration and dandruff to choke off nourishment.

Your hair will *benefit* from regular shampoos with Fitch Dandruff Remover Shampoo. For Fitch's stimulating, creamy lather gets right down into the thousands of tiny hair roots in your scalp—dissolves and washes away all dirt and dandruff—leaving your scalp antiseptically clean, able to breathe freely.

A letter of appreciation was read from Mr Chester MacDonald for the gift received. The secretary also read a letter from Mr. Watson MacNaught, M.P. in connection with Bill Number 10 dealing with Crime Comics. Regarding this matter, the Minister of Justice is consulting the Attorneys-General of the provinces to ascertain what enforcement difficulties would be involved.

Mrs. C.H. Stewart read a letter from Mr. W.G. Foster, Chairman for the Blind, wherein he expressed thanks to the Chapter for $332.39 received from a Tag Day for this purpose on October 22.

Prior to Miss Inman's talk the Social Club held an important business meeting completing plans for their annual Christmas sale. At the close of the business meeting Mrs. Maurice Lodge welcomed Miss Inman and the citizens who came to hear her. Miss Inman's talk was accompanied by slides which were of great educational value, showing the industries of Trinidad and more particularly her special field of work, teaching among the East Indians who form a large part of the Island's population. They are cared for by the United Church of Canada Missionary Board, and the church's work there is extensive.

Miss Inman has a charming manner and is intensely interested in her work at Trinidad and depicts a vivid picture of the people there and their work. Mrs. Lodge thanked her on behalf of the Social Club and invited all members, guests and the C.G.I.T. girls present, to join the Social Club in a cup of tea which was served at the home of Mrs. W.S. Jardine. There, Miss Inman was a very interesting conversationalist and showed the girls beautiful examples of the silver and gold work done by the natives. The bracelets, pins and rings were fine samples of delicate workmanship. The members of the Social Club are very grateful to Miss Inman for giving her time and talent for a very fine evening. All details of the visit were very efficiently arranged for by Mrs. Walter Cann to whom the Social Club also extends thanks. — A
