He Was Hardly Able To Straighten His Back

Mr. Wm. L. Kendall Praises Dodd's Kidney Pills.

New Brunswick Man Suffered With Lame Back.

Mouth of Keswick, N. B., April 6.—(Special)—"My back was so that I could hardly straighten it," writes W. L. Kendall, a well-known resident of this place. "I used one box of Dodd's Kidney Pills and felt a great deal better. I got another box and by the time I had taken them, my back was so that I could get up with ease. Its the best medicine I have ever taken. I have had a lot of others but Dodd's Kidney Pills are the best."

Dodd's Kidney Pills are purely and simply a kidney remedy. They act directly on the kidneys, strengthening them and putting them in condition to do their full work of straining the impurities out of the blood. Dodd's Kidney Pills have been in use in Canada for more than thirty years. They demonstrate their worth in the most serious forms of kidney disease, such as rheumatism, backache, lumbago and urinary troubles. Sound kidneys mean pure blood. Pure blood means good health.

Suppress Jazz Says Glee Leader

TORONTO, ONT., APRIL 3 (BY THE CANADIAN PRESS) Speaking on the subject "The Influence of Music on the Community" Edward Branscombe, director of the Westminster Glee Singers in an address here recently said the common supposition that human nature was unchanging was not correct. Music, he said, was valuable in changing the undesirable character of human nature, and it was a remedy for irritability. It also had a bearing on health in that its rhythm received the spirits the restored mental harmony.

Mr. Branscombe said music should be an integral part of the education and upbringing of every child, as it resulted, among other things, in improving speech. The reason for the superiority of British boy choirs, he believed, was that their English was pure. "When English is pure, then there will be singing material," he said, "for a singing voice cannot be good unless the speaking voice is musical."

While deprecating jazz Mr. Branscombe admitted that it had served a good purpose immediately after the war. The essence of jazz was the eternal reiteration of a certain accent, and this restored composure to the disharmonized emotions. Now, however, jazz had run riot to such an extent that he would suppress it by law, he remarked.

Speaking of music as a national expression, Mr. Branscombe said that a reflection of Germany's war attitude could be found in the German music of that time, while Russian music was permeated with a never-ceasing stream of melancholy. The inclusion of folk tunes, even in the biggest works of British composers, he thought showed a peaceful, happy future.

A Spring Tonic And Aid To Health

You Can Lay the Foundation of Good Health Now by Building Up Your Blood and Strengthening Your Nerves Through the Use of Dr. Williams' Pink Pills.

The good old fashion of taking a tonic in the Springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time for those who are not in rugged health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny summer months, and grow increasingly pale and languid as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine, there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and run-down organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Mrs. L. Hupman, Summerville Centre, N. S., writes:—"Dr. Williams' Pink Pills have been of the greatest benefit to me. A few years ago I was in a badly run down condition. I became so weak and nervous that I could scarcely go about and doing my housework left me completely used up. Everything seemed to worry me, and I was in a very discouraged condition when I began taking Dr. Williams' Pink Pills. I soon found the pills helping me, and continuing their use I fully regained my health. Since then I always take a few boxes in the Spring to build me up for the best results. I therefore cheerfully recommend these pills as the best of health builders. You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

First at the get-away First on the straight-away

No car in the Victory price class can match the all around brilliance of Victory performance.

The Victory is first at the get-away and first on the straight-away—faster on the hills, faster in traffic—smoother on rough roads.

And accelerates as no other car at the price has EVER done: 5 to 25 miles in 7/4 seconds! 10 to 45 miles in 13 1/2 seconds!

The public discovered all this even as the stop watch proved it.

More power per pound of car weight made it possible. Rugged Dodge construction made it practical. And the Victory's unusual design made it SAFE.

For the Victory gravity center is lower and there is no body overhang... The chassis frame is the full width of the body—and the body sills are eliminated.

Exceptional charm of line and more headroom and seat width are further vital results of this unique construction.

Drive the car today and make your own comparisons!
