

Women of Middle Age

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness, irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

Vancouver, B. C.—"Before I took your wonderful medicine I was sick and ailing all the time. I happened to be speaking to a friend and she said, 'Why don't you try Pinkham's?' I am on my fourth bottle and can truthfully say I never felt better. I had tried all kinds of medicines but none seemed to do me much good. I urgently plead with those who are sick to try it. I was always cranky and had headaches but now life is altogether different. What the Vegetable Compound has done for me it will do for others."—Mrs. T. W. PLURO, 557 Richard St., Vancouver, B. C.

Brockville, Ontario—"I took Lydia E. Pinkham's Vegetable Compound for weakness and female disorders. I was so weak at times that I could not stand up. I had been this way for nearly three years, and the different medicines I had taken had not done me any good. I found one of your little books at my door one day, and I thought I would give your medicine a trial. I am now on my fifth bottle, and it has helped me. I am feeling much better, have no weak spells and can do all my work now. I am recommending your Vegetable Compound to all I know."—Mrs. CASEY LEMERY, 176 Abbott St., Brockville, Ontario.

THE DELICIOUS FLAVOR and the number of cups to the pound—these are the two points to consider when making your choice of tea. The very finest flavored tea on this market today is MORSE'S SELECTED ORANGE PEKOE, but it is a little more expensive than other teas. It is also true, however, that it has great spending qualities. When you consider the way it spends it is not really so high as it seems.

IMPROVEMENTS TO "Y."—The entire rear wall of the Y. M. C. A. building has been strengthened and repaired and other outside improvements have recently been made. The interior has been renovated and repainted and presents a bright and cheerful appearance. New bleachers have been placed in the gymnasium which will now accommodate 200 spectators. The bowling alleys have been reopened. A busy season is anticipated and the improvements to the building will not doubt be widely appreciated. Messrs. Lowe Bros. had charge of the building repairs. Messrs. Walker and Doyle of the painting and renovating and Mr. Walter M. Walker of the electric wiring.

KELLY—MORRIS WEDDING.—Miss Anna Leah Morris, 15 Franklin street, and Edward Frank Kelly, a Boston policeman, were married in Somerville, Sunday, August 12, by Rev. William J. Foley, pastor of St. Benedict's Roman Catholic church. They were attended by Margaret Riely of Cambridge and Joseph Kelly, a brother of the groom. The bride was gowned in cocoa brown georgette, and carried a shower bouquet of tea roses and a henhair fern. The bridesmaid wore blue georgette and carried pink roses. A reception was held at 15 Franklin street, the son of Mr. and Mrs. John Kelly, and was educated at St. Dunstan's University, Charlottetown, P. E. I. The bride is the daughter of Mr. and Mrs. James F. Morris, of Bedford station, P. E. I. The young couple went on a wedding trip to New Hampshire, after which they will reside at the groom's home, 12 Galena street, in the Roxbury district of Boston.—Somerville Herald.

Disease Germs Doomed

Many have lost terrors for the Scientist

The progress of recent years in medical research is little short of marvellous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine.

Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearlessly they plunge naked hands into swarms of them, their only precaution being to rinse their hands afterwards with a reliable germicidal preparation. We are witnessing the birth of an era when the world will have little to fear from microbes.

HER SISTER

A queen and peasant met and smiled Upon the open road; Beside the queen the royal child in splendid trappings glowed. While on her breast the peasant bore Her babe, ill-clad, unshod. The queen rode in her coach and four— Afoot the peasant trod. But mother love and kindred souls looked from the eyes of each, Even though such far-diverging goals Their spirits sought to reach. "Who was it," asked the little son of Of royal blood and mien, "That passed us and you smiled upon?" "My sister!" said the queen. —Ella Bentley Arthur.

Like a Grip At the Throat. For a disease that is not classed as fatal there is probably none which causes more terrible suffering than asthma. Sleep is impossible, the sufferer becomes exhausted and finally, though the attack passes, is left in unceasing dread of its return. Dr. J. D. Kellogg's Asthma Remedy is a wonderful remedial agent. It immediately relieves the restricted air passages as thousands can testify. It is sold by dealers everywhere.

Quality All-round

There are two sides to the drug business, the professional and the commercial side.

The first has to do with the preparation and sale of remedies for the cure of disease, the second with all the miscellaneous goods that drug stores must carry.

Both sides of the business have equal attention here. Goods and service are alike perfect.
