THE GREAT EASTERN TEA PARTY At St. Peter's Bay, Tuesday, July 15th, 1913. The parishoners of St. Peter's send hearty greetings to their hosts of friends and well-wishers throughout the Province, and cordially invite them all to the

Great Eastern Tea Party to be held at St. Peter's on Tuesday the 15th day of July. In issuing this general invitation they confidently promise that their GREAT EASTERN TEA PARTY will afford both young and old, a most delightful holiday outing, in one of the beauty spots of this beautiful island.

St. Peter's with its magnificent Bay, and attractive surroundings, is unquestionably a very dreamland of beauty in mid-summer, and, at that season, would well repay a visit under any circumstances. But on Tuesday July 15th, it will offer the added attractions of a great assemblage of people, cheap excursion rates by train, pleasant and varied amusements, and a bill of fare in every department that cannot fail to please the most exacting taste.

The Tea-party will be held on splendid grounds in close proximity to the beautiful Catholic Church, and within a stones throw of the unrivalled Bay, with its shimmering expanse of waters. Should Tuesday, the 15th July, prove unfavorable the tea-party will be held Thursday, 17th or the first fine day following. Special trains will be run from Summerside, Charlottetown, Elmira, and all intermediate points, according to schedule printed below, which will also be found in our big YELLOW POSTER.

TEA AT ELMIRA. The parishoners of East Point intend holding a former Tea at Elmira Station on Wednesday July 9th, in aid of their church which is undergoing extensive repairs this summer. Their Tea held at the same place last summer was a decided success in every way. All who came had none but words of praise for the generous way they were entertained by the managing committee, and by the parishoners in general. ELMIRA, the terminus of the Eastern railroad is a beauty spot, and all who desire a pleasant day should attend. Special trains will be run from Summerside, Charlottetown, and Souris.

High Yields. Many investors think first of yield and safety next. This is true, it is quite contrary to the rules of good investment practice. These investors are willing to buy preferred shares while the issuing companies are in the construction stage, as it were—in other words, they are willing, for the sake of yield, to grow up with the companies whose securities they buy.
