A MAN tried to sell me a horse once. He said it was a fine horse and had nothing the matter with it. I wanted a horse, but I didn't know the man very well either. So I told him I would try the horse for a month. He said "All right, but I'll give you back your money if the horse isn't all right after the month is up. Well, I didn't like that. I was afraid I might have to whistle for my money if I once got the horse. So I didn't buy the horse, although I wanted it badly. Now, this is the thinking. You see I make Washing Machines—the "1900 Gravity" Washer. And I said to myself, "Lots of people may think about my Washing Machine as I thought about the horse, and they may not want the machine after you've used it a month. I'll take it back and pay the freight too. Showy that is fair enough, isn't it. Doesn't it prove that the "1900 Gravity" Washer must be all right? And you can pay me out of what it saves for you. It will save its whole cost in a few weeks in wear and tear on the clothes alone. And then it will save 50 to 75 cents a week over that of what a woman's maid will let you pay for it after the month's trial. It'll save you 60 cents a week, and me 50 cents a week. I'll pay you for it. I'll take that cheerfully, and I'll wait for my money until the machine itself earns me its balance. Drop me a line, today, and let me send you a book about the "1900 Gravity" Washer that washes clothes in 15 minutes. Address me personally, V. G. Morris, Manager 1900 Washer Co., 275 Young St., Toronto, Ont.

LAXATIVE FOR OLD PEOPLE—"CASCARETS"

SALTS, CALOMEL, PILLS, ACT ON BOWELS LIKE PEPPER ACTS IN NOSTRILS. Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect their bowels must be kept active. This is important at all ages, but never so much as at fifty. Age is not a time for harsh physical. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.
