Chained to the woman he did not love!

She thought she held him in the silken leash of love but to him it was a chain of bondage when youth and beauty appeared—and then the storm of fury became unloosened. A drama for every man and woman.

General Alexei Brussilov, the commander of the Russian offensive against Austria in the great war and the leader of several great military campaigns has just died.

Mrs H.: "Norah, did Mrs. Richly leave any message when you told her I was not at home?"

Norah: "No, ma'am, she didn't but she looked very much pleased."

"Johnny," said the minister, rather severely, "do you chew tobacco?"

"Yes, sir," was the reply. "But I'm clean out just now; Jimmy Brown's got some, though."

"Edward, why do I hear that you have disobeyed your grandmother, who told you not to jump down these steps?"

"Grandma didn't tell me not to, papa. She only came to the door and said: 'I wouldn't jump down these steps boys' And I shouldn't think a boy would—an old lady like her."

Junior Exhibition At The "Y"

Friday night is going to be the real big night for all the Juniors who are staging an exhibition by which they are going to show the folks the fun they have in their "Y" classes.

Te program is of a varying nature including a little bit of everything.

Jed Maddigan is helping the fun along with his antics as a clown, and he takes precedence over the rest of the other fun makers in the Maritime in his line of repartee.

Some advanced apparatus by some of the senior class will be another feature.

The whole show is being put on by the youngsters and all the other youngsters of the various schools are going to be there to help the noise along.

They tell a story in Dublin about Balfour and an eminent bishop who has fought hard for the unfortunate people of his country. The two men met for the first time at dinner, and in the course of the talk Mr. Balfour said:

"But, after all, I fancy that the newspapers make more noise than the masses. Do you think now that the people really dislike me?"

"Ah, Mr. Balfour," said the priest, "if the Irish only hated the devil half as much as they hate you, my occupation would be gone."

Caller: "Does Miss De Guzzle live here?"

Bridget: "Yiss, sorr."

Caller: "Is she at home?"

Bridget (who has received her instructions and thinks she is following them): "Yiss, sor, she's at home, but she ain't in."

Miss Westend (confidentially): "Mr. Saphead proposed to me last night." Rival belle: Did he? When I refused him in the afternoon he said he was going to do something desperate."

Crozier Racing Material

Hartford, Conn., Apl.7.—Notwithstanding the deep snow and drifts which have interfered with travelling in Connecticut for the past two months, William T. Crozier has kept his horses on the move at Charter Oak Park and will have them ready to go along with as soon as the frost is out of the ground. Except on stormy days each of the fourteen head in the stable has been jogged. Guy Richard the top liner in the outfit being one of the first to make a few trips around the mile course.

Guy Richard is one of the best looking big horses in training. In his three old form after James P. Berry gave $30,000 for him the Guy Arworthy colt was forced to carry the battle all season to Mr. McElwyn. His only victory that year was scored at Readville, where he made a record of 2:02 and three quarters. Later on at Lexington in the Kentucky Futurity he was only beaten a head in 2:02, the race record for foals of that age.

Last year Guy Richards was given a special preparation for a record of two minutes or better. Like all of the other record hunters except Mr. McElwyn those who were in charge of him were doomed to disappointment. After working a mile at Milwaukee in 2:01 he was rained out at Syracuse and Lexington.

Guy Richard was returned to Hartford with the balance of the Berry horses. This year he will be raced on the mile and half-mile tracks. As he could in his three year old form trot as fast as horses go in races Guy Richard should prove an important factor in the eastern circuit and in all probability close the season by adding another name to Guy Axworthy's two minute list during the stop at Lexington or Atlanta.

Crozier has two more aged trotters the black geldings Hollyrood Frisco and Harris Axtien. The latter was shy on racing manners last season but the San Francisco gelding can always be depended on to make a good showing. He is now back to the 2:08 class on a mile track and 2:12 on a half and with the top liners which bothered him last year out of the way Hollyrood Frisco is expected to make good in 1926.

In the line of colts Crozier has two three year olds and a pair of two year olds. The three year olds are the San Francisco colt John Francis who was given a careful schooling last year and the Chestnut Peter filly Miss Etta. The latter made a number of starts in her two year old form and frequently showed miles better than 2:10.

During the Lexington meeting Crozier traded the old war horse Peter Coley for the yearling Peter A'Hearn, which trotted a quarter one morning 35 seconds. He is by Peter Chenault out of a sister to Just David 2:04 and a quarter and acts as if he would make a fast colt. His stable companion in the kindergarten division is the filly Mary B. by Nelson Dillon out of Taffolet by Guy Axworthy. While being broken last this filly trotted a quarter in 38 seconds. She will be held over for her three year old engagements.

There are six pacers in the Crozier stable. Sparkle 2:02 and a quarter is now entitled to enough time allowance to get engagements on both the mile and half-mile tracks. His stable companions are Phil O'Neil, Miss Czar Moko, Frank Manager, Reppert B. and Alvin Pointer.

Phil O'Neil is one of the fastest pony pacers in training. Aside from being a little fussy when scoring he is a perfect piece of racing material. All tracks look alike to him as was shown at Syracuse last September when he made his way through a field of nine on the cinder track and finished at Ribbon Cane's shoulder in 2:05 and three quarters. That he has the whiz and can go the route is also shown by the fact that he holds the world's record of 2:33 and a half for a mile and a quarter.

Miss Czar Moko is another pacer that can go the route. She did not have any engagements last year on account of being shifted to a pace after the most of the events closed. She was raced in the open classes and won two fast races at Cleveland, in one of which she placed the race record for a mile and an eighth at 2:18 and a quarter and in the other defeated Norman Grattan and Jean Grattan. While at Milwaukee Crozier worked her a mile in 2:02. At present she looks like one of the outstanding stake pacers for the year.

Both Reppert B. and Alvin Pointer are eligible to the slow classes. The former has been in 2:04 and the latter in 2:10.

On account of the gaps in the Grand Circuit the Crozier stable will be raced his year in the Grand, Bay State, Orange County and New England Circuits, closing the season with a trip to Leyington and Atlanta.

Will Play For Canadian Title

TORONTO, April 7. —The first game for the Eastern Canada championship in ladies senior basketball will be played tomorrow night at West End Y. M. C. P. E. I. Horseman Purchases Colt

D. A. McPhee, of Howlan, Buys Allerton Aubrey From Agricultural College

TRURO, April 7.—D.A. McPhee, the well known horseman of Howlan, P. E. I., was here a few days ago and bought Allerton Aubrey, a handsome three-year-old colt, from the College of Agriculture. This colt is a son of Lillian Allerton, the handsome chestnut mare which Dr. Melville Cumming, principal of the College, has for his driving.

Allerton Aubrey is sired by Captain Aubrey, the well known stallion owned by the College of Agriculture, and gives every promise of speed. He will be shipped to P. E. Island in a few days.

Mr. McPhee, his new owner, is also the owner of Hector, Princess Aubrey, and Pansy Aubrey, all well known sons and daughters of Captain Aubrey that have done well on Maritime tracks during the past two years.

For the information of horsemen it should be said that Lillian Allerton the mare that Dr. Cumming drives, is sired by Geering, a son of Allerton, and on her dam's side is of Mambrino King breeding. In her earlier years she was a consistent winner in the big horse shows at Regina, Winnipeg, Toronto, Galt and other western and Upper Canadian cities. She has never been raced, but it is said she was timed a mile in 2.22½. She is generally considered the handsomest driving mare in eastern Canada.

New Annan Colt Stake

The announcement in our News items last week of a three year old (and under) colt stake for the big races at New Annan Aug. 18th, was highly appreciated by race horse breeders in this province. Nominations are to be made on or before April 15th. P. E. Island at the present time has a lineage of racing stock as "purple" as any in America. The pregeny of Longset, Colonel Aubrey, Lacopia, Frisco Direct, Edgerton Hector and others ought to be in championship class, if given the proper training in their youth. In the big racing stables of the great republic South of the 49th parallel N. L., the racing education of colts begins when they are slightly over one year old, with the result that the two year old record is about 2.10 for a mile, and the three year old around 2.05. It is too much to expect the Island colts can arrive at such a high points of excellence in a short time but there are all kinds of possibilities in the racing game.

The colt stake at New Annan will be an encouragement to breeders of right harness race horses. The speed with which those colts will negotiate the distance will be a surprise to the general public There are racing men in Charlottetown who even hazard the statement that it will be won by a wo year old. This race may contribute to a considerable degree to P. E. Island's retention of its "place in the sun" of the racing world.

Two Teams Picked For Flying Start

NEW YORK, April 6.—The Senators and the Pirates will be compelled to repeat their uphill fights for 1925, to overcome anticipated slow starts in defense of their major league titles, if the forecasts of many baseball observers are borne out.

On the bas's of spring training conditions, the Giants in the National, and Athletics in the American, again are favored to break in front with flying starts.

Last year, barring one week in April and two weeks in July, the team of Bucky Harris, trailed the Mackmen until the latter part of August. At that point the Athletics cracked, a long losing streak putting them definitely out of the running. Pittsburgh players, although they gained the peak quicker than the Senators, had a longer and harder climb in 1925. In the cellar in April, they did not begin their ascent definitely until the middle of May. They reached third place in June and vaulted to the pinnacle in July, remaining there until the end except for a few days in August.

Art Duncan

Veteran defence player of the Western Hockey League and the old Pacific League, now with the Calgary Tigers. Duncan for many years broke up attacks on the nets of the Vancouver Maroons, but last year went to the Alberta club in a trade whereby the coast team secured Reg. Mackay. Duncan, in his lengthy career has figured several times in Stanley Cup matches.

Finn Star Declines U. S. Offer

NEW YORK, April 7. —The flying feet of Paavo Nurmi will not figure in the big sequi-centenial games at Philadelphia next summer, or in other important American track and field meets.

Invitations had been sent to the Finnish wonder runner, who, on his visit here last year, shattered more than thirty world's records, and it was hoped that Nurmi and the new Australian star, Rose, together with Lloyd Hahn, Jimmy Connolly and other Americans would be brought together in an all-star one-mile or 1,500-metre race.

Yesterday, however, Chris Dalton, official timer in A. A. U. athletics and one of the few Americans with whom Nurmi became chummy, received a letter from Paavo in which the world's record holder stated it will be impassible for him to make a trip to America this year.

"I am sending my best regards from this land of ice and snow," runs Nurmi's message. "I have started training again and, judging from results so far, I believe I will get in good shape. It will be impossible to come to your country this summer but, I send regards through to the athletes in America."

The A. A. C., which sent to Paavo the formal invitation to compete in the Philadelphia games has not yet received a definite reply from the Finn, but its officials are inclined to accept Nurmi's letter to Dalton as final answer to their request.
