WEDNESDAY

LAID TO REST.—The funeral of the late Mrs. Charles W. Drew took place Tuesday afternoon from her late residence 180 Grafton Street to the People's Cemetery. The funeral service was conducted by the Rev. Mr. Glendenning assisted by the Rev. Dr. Fullerton. The pall bearers were Messrs. George M. Moore, W. W. Stanley, G. H. Holbrook, James Paton, John Godkin and Geo. A. Hughes. The floral tributes were numerous and beautiful.

The death of Mr. John Musterd, Head of Cardigan who was killed Monday morning by failing from a load of straw is deeply deplored by the people of that locality.

Mr. Musterd was at Mr. Neil Nicholsons when the accident happened.

The deceased who was about 70 years of age was the son of James Musterd of Cromarty, Scotland and of Jesie Gordon, his wife.

He was a well to do farmer a man of a high order of intelligence, and of splendid personal character. He leaves a widow one son, James, and one daughter Jessie at home, and another daughter Jennie in Dalhousie University.

Many Guardian readers will learn with sorrow of the death of Master Arthur Graham Putnam, eldest child of Mr. and Mrs. Arthur G. Putnam, now of Newcastle N. B., where Mr. Putnam is manager of the Royal Bank. Mr. Putnam was for several years accountant in the Royal Bank at Charlottetown; Mrs. Putnam was formerly Miss Ada McLeod of Eldon, and they both have many friends in the province who will sincerely sympathize with them in the death of their son, a bright loveable boy eleven years of age. The little fellow had been perfecty healthy and robust until two weeks ago when he was taken ill with meningitis. He was taken to the Royal Victoria Hospital Montreal where every thing that love and medical skill could suggest was done for him but to no avail and the gentle spirit passed to the Great Beyond on Friday last. His father and mother were with him in the hospital till the last and accompanied the remains to their home in Newcastle where little Graham was laid to rest on Sunday last. The Guardian extends deepest sympathy to the grief stricken parents and the younger son and daughter who survive.

8TH SIEGE BATTERY RE-UNION.—About fifty former members of the 8th Canadian Siege Battery were present at the meeting held in the Armouries, Friday night, December 5th, to arrange for their re-union and banquet. After considerable discussion it was decided to hold, first of all, a dance and later on during the Christmas holidays a re-union and banquet. Strong committees were appointed in either case and announcement of dates for both these events may be expected at an early date. Strongly appreciative remarks were expressed by H. A. Messervey, A. G. Peake and others of the splendid assistance rendered the Battery by the Ladies Auxiliary of the P. E. Island Artillery. Their kind offer of assistance in anything the boys would undertake in the line of a re-union was gladly accepted and a unanimous vote of thanks was tendered them, regarding same.

GLOVER—COFFIN WEDDING.—A wedding of exceptional attraction was solemnized at the Presbyterian Church, Mount Stewart, Wednesday evening, 7 o'clock, Nov. 26th, when Miss Grace Lilias Coffin became the bride of Fay Carmen Glover. The ceremony was performed in the presence of a large gathering by the pastor, Rev. J. C. Martin. Miss Elsie Cook presided at the organ and to the strains of the wedding march, the couple walked up the aisle, the bride on the arm of her brother Arthur Coffin, who gave her away. The bride was neatly dressed in a blue tailored suit, grey beaver hat, a set of red fox furs the gift of the groom and carrying a spendid bouquet of Chrysauthemums. Her evening dress was grey georgette over satin. The presents were many and costly an evidence of personal esteem. The marriage supper followed at the home of the bride's mother, Mrs. Henrietta Coffin and was concluded the following night at the home of the groom's mother, Mrs. Esther Glover, and both were attended by many invited guests. Mr. Glover is one of our gallant boys of the original 105th Battalion, who passed through much of the severe struggle, and is now in the employ of the Canadian Government Railways. The young couple have taken up their residence in Charlottetown followed by the best wishes of their many friends.

DETAILS RE ISLANDER'S DEATH—Particulars have been received concerning the death by drowning of Fred Drake, formerly of this Province, which sad event in Smoky Lake, Al., was recorded some time ago. Mrs. Bruce Diamond of Royalty Junction has a letter from Mrs. George Nason of Warspite, a neighbor of the deceased young man in which she says: "It was a sad accident and we miss him very much. From the time he came in July until the day before he was drowned we visited back and forth four or five times a week. He was going across the lake after a few sacks of oats. There was no ice on this side of the lake but it was frozen on the other side for about 80 rods out and it seems that he struck the ice with the boat (a very poor one) and split the boards. It was almost dark at the time. Poor fellow, he was badly crippled with rheumatism in his left hand and shoulder and we suppose he was taken with cramps. He was buried at Pakan, Alberta. I sincerely sympathize with you. We thought a lot of him ourselves, he was such a splendid lad and just like one of the family. We are still looking after his stock. He had three horses and a colt and fourteen hens. If there is anything that we can do for you in this sad affair write and we will do all we can." A report has also been received from the Alberta Provincial Police giving particulars of the finding of the body, which was located in 18 feet of water after a day had been spent in cutting the ice away around the spot. The body was not decomposed and the drowned man was dressed in his soldiers uniform. The coroner was notified and a verdict of accidental drowning was given.

—MR. JOHN CAMPBELL'S PLUCKY ACTION.—At a great risk of his own life, Mr. John Campbell, Street Commissioner, saved the six year old son of Mr. Stirling Phillips from drowning on Saturday morning. The incident occurred opposite the Hall Manufacturing Company's premises. Mr. Campbell, who was accompanied by others noticed that two children who were playing on the thin ice had broken through. Prompt measures were immediately taken. While a number of planks were being arranged in succession towards the point where the children were struggling in the water one of the youngsters managed to get a firm hold and struggled to safety. The Phillips child, though, was at the point of drowning when Mr. Campbell having realized that the planking was insufficient and that personal risk alone could effect a rescue, went on over the thin ice and plunging into the cold water, with considerable difficulty got the child to safety. There was no doubt that his plucky action averted a tragic fatality. After being taken to a nearby house the youngster was revived. Both children have recovered from their adventure while Mr. Campbell seems none the worse for his submersion.

SHOOTING ACCIDENT.—As the result of playing with a rifle, which he did not know was loaded, Teddy Palmer, the young son of Mr. and Mrs. Charles Palmer of Victoria is now under treatment in the Charlottetown Hospital with a bullet in his shoulder. The accident happened on Saturday last and shows the need of extreme care in placing firearms beyond the reach of those who should not have them. Up to last evening the bullet had not been extracted and the boy was resting easy.

"ORANGE LILY SAVED MY LIFE"

These words, or expressions having the same meaning, are contained in hundreds of the letters I have received during the past year. Many were from women who had suffered from falling of womb; others from women who had escaped dangerous surgical operations, as the tumors and ulcers had been removed by the action of Orange Lily; and others who had suffered from suppressed menstruation, leucorrhoea, painful periods, etc. For all these and other troubles known in general as Women's Disorders, Orange Lily furnishes a positive, scientific, never-failing cure. It is applied direct to the suffering organs, and its operation is certain and beneficial. As a trial actually proves its merit, I hereby offer to send, absolutely free, a box worth 45c, sufficient for ten days' treatment, to every suffering woman who will write for it. Enclose 3 stamps.
