THE PEOPLE'S.—A two-reel comedy produced long and loud laughter at the People's Theatre last night. It was not a long-drawn-out comedy with nothing in it, it was an interesting story with lots of merriment. An excellent K.B., "The Colonel's Adopted Daughter," brought out the Indians and the Cowboys. Current events were plainly and intelligently shown in the "Hearst Selig Weekly," and some fine views of the cup defenders Deafness and Vanitie were shown in their trial spins. Other events equally as interesting held the close attention of the audience. "Our Mutual Girl," a great favourite now, was shown in New York in a blizzard. All through the programme was an excellent one.

ONE BETTER.—On July 14th, Professor Earle caught at Lakeville, with a fly a sea trout (not a mudwalloper) that tipped the scales at four pounds. This beats Mr. Rose by sixteen ounces although Mr. Rose beat Mr. Waylor by fifteen ounces. Who now will beat the Professor?

GOOD LECTURE.—In the Baptist Church last evening a highly interesting lecture was delivered to a large audience by Dr. Mayes, American Consul. Excellent solos were rendered by Miss Dockendorf and Miss Pickard, who are to be commended on their singing.

THANKS.—The Ladies' Patriotic Association desire cordially to thank all who donated sweet peas and other flowers towards the sale on Saturday. The Society wishes also to thank particularly the little flower girls who worked so willingly to make it a success. The generous sum of \$64 was realised. Pat. and Ex. please copy.

FOX NOTE.—Mr. D. M. McDonald of the Farm Stock & Fox Exchange, returned to the city Saturday evening after having made delivery of three pairs Class A. Silver Black Foxes to L. S. New England and Prince Edward Island Ranch at Milltown. These foxes are doubtless second to none in the province, one pair being from the Silver Fox Ranching Company, of Alberta, and out of the famous "Sir Wilfred," the other two pairs were taken from Mr. Hunter's Ranch, whose stock is known to all fox-men as being of the very first quality.

SOCIAL SURVEY.—At a meeting of the Health Committee for social survey work the following committees were appointed: Dr. S. R. Jenkins, Dr. Johnson, and Dr. Conroy to report on medical inspection of schools; Commissioners McDonald, McCarron and McGregor, Dr. Warburton, Dr. McMillan, Dr. Ledwell, and Mr. D. Wright, to report on sanitation, disposal of garbage, street cleaning, etc., etc.; Dr. Alexander Ross, Dr. Pethick, and Dr. Crocken to report on inspection of milk, meat, and other food stuffs; Dr. Johnson, Dr. Yeo, Dr. Dorsy, and J. T. McKenzie to report on housing; Dr. Goodwell, Dr. Canruthers, and Theodore Ross to gather statistics regarding health in "tentions, contagious diseases, quarantine, etc., etc. These committees will be assisted by Dr. Myers, who will make any suggestion he can, and be prepared to help with the work.

INTERESTING ENTERTAINMENT.—A very pleasing entertainment took place in Zion Church, under the auspices of the Y. P. C. E. After a short address by the chairman, Rev. Mr. Taylor, the following programme was rendered:—Piano solo, Miss B. Carter; reading, Edgar McInnes; solo, Geo. Beers; reading, Nelson McEwen; solo, Miss J. Allen; solo, Roderick Gillis. No sooner was the programme finished than the young people retired to the basement of the church, being furnished with slips at the door. These slips contained numbers and each had a word of some old proverb on it. The young people were supposed to find their other members having the same numbers. When all the groups were collected it was announced that they should make a poem about the war. The one entitled "One Lone Boy" secured the prize. While one sung to the tune of Sandie McNab's Wedding, obtained the booby prize. One very important item omitted from the program was the refreshments of cake and coffee served by the members of the Y. P. C. E.

INSTITUTE MEETING.—The Marshfield Woman's Institute Meets on October 1st, at 3 p. m. at Mrs. L. Foster's, Mrs. Dunbrack will probably be present.

A SUCCESSFUL FALL OPENING.—S. A. McDonald's Millinery opening last morning was one of the most largely attended in the city for a number of years. The exhibit of new millinery was all that could be expected of a city much larger than Charlottetown, and is decidedly creditable to this enterprising firm who probably do the largest millinery trade in this country. The exhibit of new coatings, silks, furs and mantles added much to the interest of the occasion. 5659

Both Branches of the Drug Business Have Due Attention Here

The drug business has two distinct branches—one professional, the other commercial. In our relations with the public we endeavor to draw a well-defined line between the two phases of the business. In our prescription department or in the sale and dispensing of drugs we give careful, scientific attention. In the Mercantile side—the sale of drug sundries, toilet articles, etc.—we also give the best service. We feel justified in pushing this branch of our business, for we believe that it is impossible to give suitable service in either branch unless we do it in both. Yesterday Premier Mathieson received from Premier Murray of Nova Scotia, the following telegram which speaks for itself and which also emphasizes the necessity, already pointed out, of sending the contributions in as early as possible. HALIFAX, N. S., September 21.—Hon. J. A. Mathieson, Premier of Charlottetown: Am arranging to send from the people of Nova Scotia a shipment of provisions and clothing for the distressed Belgians. If your people have any such contributions to offer we would be glad to ship them with ours. Sgnd. G. H. Murray.

The Premier sent the following telegram in reply:—"Hon. G. H. Murray, Premier, Halifax, Nova Scotia.—Your telegram this evening received. Will be glad to take advantage your kind offer to forward in Nova Scotia ship necessities contributed by this province to distressed Belgians. When does ship sail? Is there any, and what, limit of space? To whose address will we consign goods?—J. A. Mathieson."
