

AN ISLANDER'S VERY SAD HOME COMING

Special to The Guardian.
ST. JOHN, Nov. 14—Bearing in his arms his little son twenty months old, Jos. Warren arrived in this city today en route to P. E. Island with the remains of his wife who met a tragic death by falling from the train near Deering Jet.

Much sympathy was shown towards the bereaved pair and many little acts of kindness were extended by fellow passengers to the little motherless boy.

Warren belonged to Bloomfield, but had been working at Rumford Falls and had arranged a home there for his family and sent for them.

It was while they were on their way to join him that the sad accident occurred.

He had not been able to learn any further particulars, but it is thought his wife lost her balance while going from one car to another with the baby in her arms, and had fallen to her death beneath the wheels.

The baby, which was found lying about four feet from her body, was uninjured, although the mother had been horribly mangled by the wheels.

The young husband is naturally heart-broken over his loss, but seems to find consolation in petting and fondling his little son, who, he remarked with a sigh, was all he had left.

KNIGHTS OF THE GRIP HAVE DIFFERENCES

MONTREAL, November 13—A lively contest is on for the presidency of the Dominion Commercial Travellers' association which is solving itself in a dispute between the older and younger elements. The younger are represented by Bevans Giles, the present vice-president, and the older by Charles Guard, both of Montreal, and both handling aerated waters. The contest is part of a move on the part of the older members to reorganize the association, which has of recent years become an affair of mere name and insurance policy.

It heads down to the directorate, where being fifteen candidates for the vacancies on the directors' boards. The vice-presidency is contested between A. J. Brown and J. T. McBride, while Maff Murdock, of Montreal, was unanimously re-elected treasurer. Election results will be announced Dec. 17th. It was also decided to hold the customary annual dinner here, and a committee with President S. J. Mathewson at its head was named to look after this.

TOUR OF EMPIRE

LONDON, Nov. 12—The Times, editorially again dwells on the probability of the King and Queen visiting the German Dominion and says that with the accession of King George the Empire enters a new and more auspicious era, and that he has responsibilities to the Empire which can be fully discharged by only personal contact. It was therefore right and seemly that His Majesty should commence his tour of the Empire by visiting the Empire.

GRENFELL IN HALIFAX

SYDNEY, November 13—Dr. Wilfred T. Grenfell, the hero of the Labrador, addressed three large audiences today in Christ church, the Y. M. C. GRUESOME EXHIBIT IN SEATTLE WINDOW

SEATTLE, Wash., Nov. 10—The corpse of two men who died from alcoholism were placed on exhibition in the windows of the undertaking establishment of the Deputy Coroner at Auburn, twenty miles south of Seattle, in an effort to win votes for the "dry" in the local option election held here Tuesday, but without apparent effect, for the town voted "wet."

Both factions were making a hard fight and the prohibitionists appeared to be in the lead until late in the afternoon. Then the tide began to turn. In a frantic effort the anti-alcohol leaders appealed to Deputy Coroner Connell, an ardent prohibitionist, to order the bodies of the two men lay, bolstering them in an upright position in their coffins. Above the head of each a sign read: "He died of drink" as voters hurried by the anti-alcohol men directed their attention to the exhibition.

STORMY WEATHER ADVANTAGEOUS

That the young ladies in the Guardian's Bermuda Island, New York City and Piano Contest were shrewd enough to take advantage of the day's stormy weather is shown by the substantial ballooning that is going on these days. The wise ones know that those of their friends and acquaintances who would make desirable additions to the subscription list of the Guardian know enough to stay out of the wet, therefore, when nature seems to be doing its worst in the weather line, our alert young ladies are "on the job" good and strong, with the knowledge that the "at home" sign will be displayed at most every address on their calling list.

AWFUL TRAGEDY IN NEW JERSEY

MAHONEY GREAT ATHLETE

ST. JOHN, Nov. 12—Raymond Mahoney who was instantly killed by a train near New Glasgow, on Wednesday morning, was one of the best known amateur hockey players in the maritime provinces. Last year he played left wing for the crack St. Francis Xavier's team, and held the scoring record for that aggregation.

In the notable game with Harvard University, he scored two of St. Francis Xavier's four goals. "Ray" was also a good footballist, and played quarter for the Xavierians, last fall. He was considered to be a clean athlete, and always played a game for the pleasure it afforded him. By his death, the maritime provinces, lose one of their whitest, and cleanest living athletes.

Mahoney was a good student, and during his three years at St. Francis Xavier's, was one of the leaders of his class.

He was one of the most popular boys in the college, and had planned to resume his studies after Christmas. The news of his sudden death was learned with deep regret by the professors and students of his alma mater, and it is believed that the St. Francis Xavier's will be well represented at the funeral.

CHARLOTTETOWN GIRL'S TROUBLE IN ST. JOHN

Miss Mary McPherson, of Charlotte town (P. E. I.), giving her age as 2 years, arrived in the city on the Pacific express on Friday evening or her way to the United States. She was very ill at the time, being hardly able to walk into the ladies' waiting room, and was consequently held up by the United States immigration officials, who refused to allow her to go through without first being examined. She appeared to have plenty of money, but on going to one of the nearby hotels she was refused admission. Going back to the depot she told her story to two ladies there who took her home with them for the night. Saturday morning she was examined by the immigration official and she was allowed to resume her journey that evening. She said that she had been living with her parents in Charlottetown, but was going to Boston to reside with a brother who lived there.—St. John Ex.

AITKEN FOR PARLIAMENT

LONDON, November 12.—W. M. Aitken, of Montreal, has been offered the unionist candidature in North Cumberland in the British parliament and there are good reasons for believing that he will accept. The North Cumberland constituency is now represented by the Hon. Geoffrey Howard, a Liberal, and the son of Bar Carlisle. His majority in 1909 was 237 in a vote of 8,700. In 1910 Mr. Howard's majority was 24. The only occasion since 1885 when the seat has been carried by a unionist was in 1890, when the unionist candidate carried the seat by 700 majority. In all other elections the Liberals have won.

TO ARRANGE ODD HOCKEY MATCH

OTTAWA, Nov. 11—Though nothing has yet been arranged, it is possible that Henry Smith, the well known contractor, will be able to set forth his claim as having the champion family hockey team of the world for long in undisputed fashion. Away out in Alberta, where Harry Miller and Fred Whitford hail from, there are seven Banford brothers who have a mighty fine opinion of themselves as hockey artists, and already the Edmonton City Hockey League for admission, and it may be that they have still high ambitions.

VANCOUVER, B. C., November 10.—At a meeting of the Westminster Presbytery last night a resolution in favor of church union was rejected by a vote of 14 to 12. There was a three hours' discussion before the vote was taken, during which strong opposition developed not only against the general assembly's treatment of the question at its last meeting held at Halifax.

IRELAND'S CHANCE AT HAND

DUBLIN, Ireland, November 13.—John E. Redmond, chairman of the Irish parliamentary party, returning from a tour of the United States, received a great ovation, both at Cork and at Dublin today. He arrived on the steamer Celtic at Queenstown last night, and on his way to Dublin was cheered by large crowds at all the stations. He addressed meetings at both cities, expressing gratitude at the success of his American mission.

Mr. Redmond protested against the attempts of the O'Brienites to divide the nationalist party at this momentous crisis. Never in the lifetime of the people, he said, had such an opportunity arisen and he was going to London immediately with the single purpose to extract the best terms possible for Ireland out of the necessities of the English statesmen. He believed that the struggle would be short and would result in the removal of the only obstacle to Ireland's attainment of the priceless right of national liberty.

Great processions, with bands and banners, welcomed Mr. Redmond at Cork and Dublin. There was no sign of counter demonstration by the O'Brien adherents.

LUST KILI'S GODLINESS.

LONDON, Nov. 12.—Archdeacon Madden, in the course of an interview regarding his visit to Canada, said many women on the homestead farms far west suffer from melancholia through the loneliness of the great prairie farms. The passion for property, he also said was crushing out of the hearts of men the passion for God, the influx of Americans to Winnipeg and other progressive cities of the West inoculating the old-fashioned Canadians with the spirit of hustle and the worship of the almighty dollar. Wheat was the one subject on their tongues.

He also alleges that she has deserted him.

REFUSED THE LEADERSHIP

OTTAWA, Nov. 9—It is learned that C. A. Magrath, M. P., for Medicine Hat, has definitely refused the leadership of the Conservative opposition in Alberta. It is possible that Maitland S. McGeorge, M. P., for Calgary, may undertake the task of building up the Conservative party in that province.

Alberta is now the only province in which the Conservatives are weak. Saskatchewan is expected to go Conservative at the next election. Less than 100 votes, properly distributed would have put them in power last time.

EXCITED OVER INSINUATIONS

ST. JOHN, Nov. 13—The church people of this city were thrown into a state of excitement yesterday by the statement in a city paper strongly insinuating that the promoters of the Torrey evangelistic campaign were guilty of grafting the proceeds of the daily offerings. A large number of the prominent clergymen of the city are back of the movement as well as some of the most influential business men and indignant protests have been made.

The committee in charge is publishing emphatic denials to the charge. Hitherto the attendance at Dr. Torrey's meetings has not been more than 3,500 people. Today, however, upwards of 7,000 were present and hundreds were turned away from the rink.

It was announced tonight that more than 200 conversions have been made today.

THE GRACE OF CHEERFULNESS
