MACLACHLAN in London.—The London Times in commenting on a recent MacLachlan concert has this to say:—"No better title than 'Queen of Scottish Song' could have been found for Jessie MacLachlan, one felt on seeing her that something out of the ordinary might be expected of the lady; but few were prepared for such a glorious rendering of 'Angus McDonald' which MacLachlan treated them to. The enthusiasm was unbounded, and she had to return giving as an encore 'Rule Britannia' with such effect that the whole audience rose to their feet and the chorus at the close was taken up with a tremendous wave of enthusiasm. MacLachlan has created enthusiasm in every large city in Great Britain, and on this Continent she will certainly electrify her audience here on the evening of Oct. 2nd in manner which no other living singer is capable of doing. Everybody seems interested in this great musical event and a crowded house is a certainty.

EXHIBITION ATTRACTIONS.—The attractions secured for the exhibition comprise the wonderful Bicycle Whirl which has created so great a sensation throughout the United States and Upper Canada. The performance is a most thrilling one and is an exhibition of skill of the highest order. The Barrel Act is also a very clever manipulation act and affords much pleasure to the onlooker. In addition to the above there will be presented the side-splitting comedy act known as Fun on a Clothes-line, also the Trick bicycle performance, an extremely clever act showing the wonderful control of a bicycle in the hands of a professional. Everybody should make it a point to see these exceptionally good performances on exhibition days when in front of the Grand Stand in both the afternoons and evenings performances will be given. In other parts of Canada when they have been produced they have attracted numerous crowds day after day.
