Supreme Council to Break With Hungarians

PARIS, July 29.—Commenting on the Allied message to the Hungarian people promising a lifting of the blockade and food relief if a government with which the Peace Conference could deal was substituted for the Bela Kun government, the Paris newspapers make the point that this action by the supreme council is tantamount to breaking off all negotiations with the Hungarian government as at present constituted. In some quarters it is regarded as the initiation of a new policy of a more energetic order by the council, which may reveal its effects in other directions than that of Hungary.

Of the 28 persons accused eight were condemned to death, two of them being women. Three others were condemned to death by default; six were acquitted and the remainder sentenced of from ten to twenty years imprisonment. The charge against the accused was denouncing compatriots to the German authorities during the occupation of Laon. In many cases the hiding places of French soldiers who had escaped the German advance were pointed out with the result that a large number of the soldiers were executed.

SERIOUS RACE RIOTS IN CHICAGO

4,000 Soldiers Ready to Quell Riot which has Already Caused 22 Deaths and Serious Injury to Hundreds.

(Special to The Guardian.)
CHICAGO, July 29.—A vicious race fight broke out in the county jail shortly after 11 o'clock. The whites outnumbered the blacks by twenty to one, and the guards were swept aside when they tried to stifle the trouble at its start. Four thousand soldiers with full war equipment stood ready today to quell the race rioting between negroes and whites, that during two nights of terror in the south side black belt cost the lives of twenty-two men, including one negro policeman, and the injury of hundreds of others, many seriously, and probably a dozen

fatally. Four of the injured are soldiers. One unidentified negro was killed and two negroes were wounded at Wabash and Adams streets, the heart of the downtown district. In the rioting which was renewed this morning Joseph Powers, white, a street car conductor, was shot and killed soon after daylight in the stock yard section. William Henderson, a negro, was arrested on suspicion in connection with the killing. Racial disorders spread to the north side of the city today, where a number of negroes were chased and threatened. Very few negroes live in that section of the city.

STRANGE INDIGNITY UPON SIR WALTER SCOTT

Arrested and Locked Up by Immigration Officer in Dakota. Broke Through Wall and Escaped.

(Special to The Guardian.)
MAHOMEN, July 29.—At Pembina, North Dakota, today, en route from Victoria, B.C., via Winnipeg to Detroit Lakes, Minn., Hon. Walter Scott, ex-premier of Saskatchewan, was peremptorily ordered from the Northern Pacific train at 10 o'clock by immigration officer E. P. Russell, and kept locked up during three and a half hours until nearly 2 o'clock p. m. in a strongly barred cell. Mr. Scott alleges that he then liberated himself by breaking through the plastered wall into a hall which

led to a stairway into a ground floor office and thence it was simple to open a window and regain his freedom. A jagged hole in the wall confirms this assertion. It is understood here that regardless of officer Russell's threat to have him again arrested if he attempted to do other than return to Canada, Mr. Scott made his way to Noyes and boarded a south-bound St. Joe train presumably for Detroit.

GENERAL BOTHA WELCOMED HOME

Paid Fine Tribute to British Statesmen to Whom He Said South Africa's Splendid Position is Due.

CAPE TOWN, S.A., July 29.—Arriving at their hall General Botha said the peace terms were erroneous and in his opinion several points were impracticable, but if Germany convinced that she honorably intended to carry out the terms he was certain that the difficulties would be removed. General Botha dwelt upon the League of Nations as the cornerstone of the world's future peace and emphasized that South Africa for the first time in her history was recognized as an independent nation. He paid tribute to the British for striking a moderate note at ease conference and declared

that the important position of south Africa today was due to the way in which the British statesmen brought the matter forward, "British statesmen today," he declared, "are leading the world particularly Mr. Lloyd George who has shown himself to be a man of the highest ability and tact, albeit with a strong strain of the bull dog." (Cheers) Vast throngs welcomed General Botha on his return from Europe. All ships in the harbor were belaguered and on the streets a procession escorted him from the docks to the hall.

CHAUTAQUA'S SECOND DAY A MARKED SUCCESS

The Concert Programme of Last Evening Enjoyed by Large Gathering Notwithstanding Wet Weather.

Chautauqua was favored with big audiences yesterday, both afternoon and evening. The afternoon session opened with an interesting and instructive lecture by the Chautauqua Superintendent, Mr. W. Russel Green. In the course of his address, Mr. Green said: "The future of Germany is dark. One of the chief reasons for this is the immorality which prevails, notably the disregarding of the family tie. The Germans inculcated that idea before the war, it took root and the resulting condition got beyond control, and now it is extremely difficult to counteract it. The returned soldiers in Germany are not going into civilian life, and the discontent among them is rampant, furnishing fertile soil for Bolshevism."

Miss Corelli as a soloist is the possessor of a voice of rare sweetness and power, trained in the school of the leading European teachers, and a charming personality that makes its own appeal to any audience. The audience was delighted with Mr. Bonelli's splendid voice and pleasing manner, and applauded vigorously his concluding contributions which were charming sketches of Southern folk songs and translations from Chinese nursery rhymes.
