HON. MACKENZIE KING SPEAKS AT NORTH YORK

Claims Farmer Opposition Doomed to Failure. Suggests that Farmers Come Over and Help the Liberals in Electing Him.

(Special to The Guardian.) QUEENSVILLE, Aug. 26.—Hon. W. L. MacKenzie completed a series of public meetings in North York here Tuesday night and left Wednesday for Renfrew, where he speaks today. The Liberal leader expressed himself as being exceedingly well pleased with the two weeks campaign. He has addressed at least 7,000 constituents at nine meetings that have been held in the riding and met scores of others who were unable to attend. The meeting here last night was typical of the whole campaign. The large skating rink was filled and many stood outside the entrance. Mr. King said from their local viewpoint the farmers in the general election might seem to be sanguine of as great success as to the provincial elections in Ontario, but that such would not be the case. He reminded his audience that the success of many of U.F.O. candidates was due in no small measure to votes of Liberals who turned in and helped. The reasonable course was for the farmers to fight with the Liberal party, which was broad enough to include all classes and yet fight the battles of the farmer.

HARRY CRAIG, OF CHARLOTTETOWN IS THE "AERONOLA" WINNER

The Race Throughout Was An Exceptionally Close One.—Now Comes the Fight for the Gray Dort.—Only a Little Over Two Weeks Before the Contest Ends.

In a race which for closeness has never been equalled, young Harry Craig, of Charlottetown, was declared the winner of the "Aeronola" which was to be given to the candidate in the big \$5,000 Prize Contest who collected the greatest amount of subscription money during the three-week period ending last Saturday night. Craig took the advice of the Contest Department by getting off to an "early start" and for this reason was successful in piling up an early lead which was never passed, although very seriously threatened during the last week of the offer. The race could not possibly have been closer, as Miss Jenkins, of Mill View, who took second place, was only a matter of four subscriptions behind.

Neither did Miss Jenkins have a very comfortable lead for second place, as she was closely followed by the next ten hustling candidates who only lost out by very small margins. These next ten, whose names are Miss Myrtle Phillips, Tyne Valley; Miss Laura Palmer, Charlottetown; Miss Ruth Dewar, Montague; Mr. W. S. McNeill, Fairview; Mr. Jas. C. Easton, Georgetown; Mr. B. L. Clow, Freetown; Miss Margaret White, Charlottetown; Miss Helen McDonald, Johnston's River; Miss Ruth McInnis, Tignish, and Mr. Colin Love, Charlottetown, will not be greatly disappointed, as they have greatly increased their vote totals during the offer and therefore now all have an excellent opportunity of winning the Gray Dort. Out of the twelve candidates, it would be an impossible feat to pick the big winner as it will all depend on the work they do during the remaining two weeks and a half of the contest, and especially during the big Triple Vote Offer this week.

A WORD OF ADVICE.

The last week of the "Aeronola" offer proved one thing to the Contest Management, and that was that a candidate who really puts his mind to it can do as much business in one week as the one

At Rotary

The regular weekly meeting of the Charlottetown Rotary Club was held yesterday at the Davies Hotel, Rotarian W. M. Rowe presiding.

Dr. Yeo read a very interesting and illuminating paper on "The Progress of Medicine." He dealt with the development of bacteriology, the phenomena of infection, preventive medicine and the growth of specialism. The development of bacteriology he said had solved the mystery of nearly all infective diseases. There are many species of bacteria of service to mankind. It is the limited few that are the cause of such diseases as typhoid, diphtheria, grippe, tuberculosis etc. In discussing anti-toxins he made reference to serum therapy as practised by Dr. Glover in the treatment of cancer. Dr. Yeo dealt with the teaching of the new and the old schools of medicine. In the old schools dependence was placed almost entirely on drugs. The new school pins its faith to a few good well tried drugs but lays the emphasis on dieting, nursing, bathing, etc.

The Doctor was heartily applauded for his splendid address. The death of Rotarian Ernest Rice was referred to by Rotarian Van Buskirk and others and it was decided to send a letter of condolence from the Club to the widow and family of the late Rotarian Rice. Rotarians Inman and Jenkins spoke regretfully of the departure of Rotarian Colonel R. H. Campbell, who is leaving this morning for Wilkie, Sask., deploring the fact that the Department of Education and the Province is to lose an efficient official at such a critical time, and hoped that it was not yet too late to have steps taken to retain his services for this Province. Colonel Campbell was given a most convincing demonstration of the esteem in which he is held in Rotary and of his value to the cause of Education.

Colonel Campbell made an appropriate reply, in which he expressed his regret at being obliged to take his departure from Prince Edward Island, and the good fellowship of the Rotarians. He had held out hopes that his stay here might be longer, but was leaving in the morning to enter an employment where his duties would begin on September 1st. He hoped to return to the island next year but would not likely to engage in Educational work. In the course of his remarks he declared that the whole Educational system needs a shaking up! There is a lack of initiative. The Superintendent whilst a member of the board of Education is not on the same footing as the other members being subordinate to them. On motion of Rotarian R. H. Jenkins, seconded by Rotarian Inman, a resolution was passed expressing the Club's appreciation of Colonel Campbell's services to the cause of education. His services to the Rotary Club, and his regretful part at his departure from the province.

PREMIER LLOYD GEORGE ON McSWEENEY CASE

Declares McSweeney was Implicated in a Conspiracy Against the Constabulary.

(Special to The Guardian.) ST. LUCRENE, Aug. 26.—Concerning the case of the Lord Mayor McSweeney, of Cork, the Premier, Lloyd George, said that the release some weeks ago, of hunger strikers in Ireland, was followed by an outbreak of cruel murder and outrage. The Prime Minister cited the crime for which Lord Mayor McSweeney was convicted, and said it indicated he was concerned in a conspiracy against the constabulary, who are defenders of order in Ireland. Lloyd George declared it was the government's duty to protect these brave men. DUBLIN, Aug. 26.—Arthur Griffith, "acting President of the Irish Republic," has sent the following cable to President Wilson and heads of all governments: "I inform you that the Lord Mayor of Cork and duly elected deputy for the County of Cork, Ireland, was recently seized by armed forces in England, arraigned before the English military officials, forcibly deported from this country in an English war vessel, and he is now in imminent danger of death in Brixton prison, London. I recall your excellency's decision made by the heads of Allied neutral states when the Burgomaster of Brussels was treated with lesser indignity and harshness."

COLONEL R. H. CAMPBELL SUITABLY REMEMBERED

Interesting Function in Legislative Assembly Chamber Last Evening. Colonel Campbell Leaves Today for West.

Colonel Campbell, late Superintendent of Education, who leaves today en route to Wilkie, Sask., to enter upon the position of principal of the High School in that town, was fittingly remembered last evening when a number of friends assembled in the legislative chamber where he was presented with an address and presentation of a handsome solid gold watch guard. On motion Judge Stewart was appointed chairman and in a few appropriate remarks told the object of the gathering. He expressed regret that the meeting had been necessary. Principal Campbell had been connected with educational work in this Province for 38 years from 1882 until the present time. This itself, it was said, was nothing else to be said, would mean that he has performed a large part of the work of education in this Province, standing in the very forefront of the educational interests of P. E. Island. It seems a mistake, he declared, that at Colonel Campbell's time of life the necessity should arise of his having to take his departure from us. He is so efficient an official at such a critical time, and hoped that it was not yet too late to have steps taken to retain his services for this Province. Colonel Campbell was given a most convincing demonstration of the esteem in which he is held in Rotary and of his value to the cause of Education.

(Special to The Guardian.) LONDON, August 26.—With the Anglo Italian ultimatum to Russia scheduled to expire tomorrow evening unconfirmed reports were circulated here today that Bolsheviki were planning to attack British positions in the east. The Daily Mail Gazette said it had learned from authoritative sources that Moscow had ordered Leo Kamenoff, Bolsheviki Trade Commissioner, to leave London even before the expiration of the time limit set in the Balfour note. Kamenoff was credited with saying that his departure would be equivalent to a declaration of war against Great Britain.

(Special to The Guardian.) LONDON, August 26.—The Government, fearing the threatened miners' strike may spread to the railway and transport workers today was mobilizing a fleet of motor trucks to handle the distribution of foodstuffs. First reports of ballooning on a question of calling miners strike September 30, to enforce the demands for wage increases indicated an overwhelming sentiment in favor of a strike. Merby mine voted 64 to 57 for striking.
