BRAKEMAN MET DEATH

Montreal Hockey Men in Halifax—Sick Lady Perishes in Flames

AGED HALIFAX DOCTOR DEAD.

HALIFAX, March 5.—(Special).—Dr. James R. Dewolf, formerly Superintendent of Mount Hope Asylum, died this morning, aged 81.

BRAKEMAN CAUGHT AND KILLED.

Norman McDonald, a brakeman on the Sydney and Louisburg Railway was caught between two cars and died from his injuries.

MONTREAL HOCKEYISTS IN HALIFAX.

Montreal Hockeyists play here on Monday and Tuesday.

FATAL FIRE IN GUYSBORO.

GUYSBORO, N. S., March 5.—The home-stead of the late Godfrey Peart, with all its contents was burned to the ground Sunday morning before daybreak.

Mrs. Henrietta Lillendale, a sick lady, perished in the flames.

The other occupants barely escaped a similar fate. Captain S. Campbell Peart owned the house. The loss was five thousand dollars.

GOVERNMENT BAKING POWDER TESTS.

The Royal Baking Powder is an old candidate for favor with the housekeepers of the Dominion. Its patrons will be pleased to know that the recent Government report giving the analyses of baking powders sold in the Dominion show the Royal to be the purest of cream of tartar powders, the most healthful in character and of greatest leavening strength.

It is shown that the art in baking powder making is to give a pure and healthful powder, of highest leavening powder which will keep indefinitely without losing its strength. These two qualifications—effective keeping and highest strength—it is impossible to combine in a powder except with the use of chemically pure ingredients. The report states that the only entirely cream of tartar powders which came up to this standard were the Royal and Cleveland's.

WHITE AND BLUE

AND TROPHY TOO

Mid Cheers Galore the Final Score Stood Five to Four

VICTORIOUS VICS AND THE CRYSTALS NIX

The Game it was Hot and it Came to a Tie—And in the Play-off the Puck Went to the Sky—But When it Came Down the Trophy Came Too—The Prize of the Men of the White and the Blue—And a'l May Consider How Proud They Would Feel—With the Trophy Presented by Mayor McNeill.

'Tis done! That long spell of anxiety which had hung as a cloud over hockey circles during the present winter, was broken last night, and after a whole season of closely contested and interesting matches, the end has come. Many times during the series of games one or other of the teams threatened to carry away the honors and conclude the contest for the senior championship and trophy; but no more evenly matched teams played before the public, and the contest proved to be equally well fought by the three clubs. The Victorias and Abegweits each secured a game from each other; the Abegweits and Crystals evened the games between them also; and between the Crystals and Victorias there was the same even scoring of games. Thus out of the six games of the series, each of the teams had two to their credit. Then came the play off. The Abbies played the Vics, and lost—and then!

What game of hockey could be of more interest? What match could be looked forward to with greater anticipation? And what game could be watched with more pleasure by all lovers of the play, than that between the Crystals and Victorias? It was the final tug of war—the last great battle. It was between Charlotte-town and Summerside and even those who do not cherish any love for the game, longed to see their boys win. The season's playing proved beyond a doubt that there was little if any difference between the teams, and perhaps, it would be chance which would decide where the honors were to fall and chance it might be termed, for it may well be said that the last goal which decided was in part accidental.

There was the largest crowd present that ever assembled in Crystal Rink to witness a hockey match. The play started at 8.10 and just as soon did the shouting and cheering commence. From the start the game was fierce and several times the puck was rushed into dangerous ground by both sides, a most threatening time occurring about five minutes after the start when a bad scrimmage happened at the Victorias' goal. The Vics were equal to the occasion however and nothing resulted. It was 8 minutes after the play began when Roy McDonald, cover point, lifted the puck and scored the first goal amid great cheering and blowing of horns. In two minutes time the Vics scored and now play grew hotter. In another minute Cushing made a run, escaping the Vics' coverpoint and scored against only the goal keeper's opposition. It was well done and Jimmy received much deserved applause. Crystals 2, Vics 1.

After a few minutes play the Vics gained another and again the count was even. It now became the hottest of hot games and sometimes the play became a little rough. The Vics' coverpoint was doing some strong body checking but the light weight forwards of the Crystals apparently feared him not and when he worked forward the Crystals generally succeeded in getting the puck beyond him.

At 20 minutes to 9 Roy McLean fell,

HASZARD & MOORE

striking his head against the promenade which caused his retirement for ten minutes, during which time the game was stopped. There was only 30 seconds left and no further scoring was done leaving the count at half time, Crystals 2; Victorias 2.

The second half was begun at 9.10 and in two minutes Worth rushed the puck and shot effectively for the Vics. Now the Victorias led. In two or three minutes the red white and blue were waving while cheers echoed through the building—the Crystals had scored. And again it was even. Crystals 3; Victorias 3. Just then Smith of the Victorias and Grady of the Crystals were put off the ice for two minutes. The game got still livelier while enthusiasm on the promenade increased. The Vics scored again and once more they had the lead.

If it were possible for the game to get more exciting it surely did and alternately the puck was shot near each of the goals. Again the playing bordered on the rough side but not as rough was the game as it was stubbornly contested. Roy McLean met with another accident which caused six minutes delay, and in less than a minute Grady evened the score. Crystals 4; Victorias 4. Either side would now do well to hold their own for ten minutes would decide. The rubber was now kept well in the Vics' territory, and the boys on the promenade sang the "Red White and Blue." The trophy was being played for; all realized this, nerve and muscle were now a special test. Presently it became a hard fight around the Crystals' goal, but this did not last long. The Summerside team rushed it back again and the bell rang while the score at the finish stood Crystals 4, Victorias 4.

It was a remarkable incident that the last game of the play-off should result in a tie.

The puck was faced again for a five minutes play, to be succeeded by another five minutes with the position of teams reversed.

During the first five minutes no goals were scored. Then the boys rested for five minutes.

Again they appeared on the ice and in about two minutes the puck struck a rafter of the building and fell in front of the Crystals' goal when the net received the rubber from a straight shoot by Worth which gave the Victorias the championship and trophy.

It was without doubt the best game of hockey ever played in Crystal Rink and probably in the Province. The officers of the game were: Referee—W. R. O. Bowie, representative of Lyman Sons & Co., Montreal. Timers—L. D. Enman, and Dr. Alley. Umpires—L. B. McMillan and H. Picketts.

Mr. Bowie made a splendid referee, dealing very leniently and acting impartially with the boys of both teams. The trophy was presented to the Vics just after the game by Mayor Jas. A. McNeill.

In the game between the Junior Abbies and the Britannias the score stood at half time 3-2 in favor of the Charlottetown team and when finished the score stood 6-3 in favor of the Britannias. After a play of ten minutes the Britannias came out victorious, winning two goals to the Abbies none. Britannias 6; Abbies 6. And the band had a chance to work in the air of the Red, White and Blue.

Mr. Jas. Dumpsey refereed this game.

ROYAL Baking Powder. Made from pure cream of tartar. Safeguards the food against alum. Alum baking powders are the greatest cause for loss to health of the present day.

QUEEN'S DISTRICT S. SCHOOL ASSOCIATION

Third Convention Held in the Baptist Church at Long Creek on Monday Afternoon and Evening.

The South West Queen's District Inter-denominational Sunday School Association held its third convention in the Baptist church at Long Creek on Monday afternoon and evening.

The President, Mr. Hugh McMillan of New Haven, presided at both meetings. The afternoon session opened at 2.30 o'clock with devotional exercises led by Rev. J. G. McIvor, (Presbyterian). The following schools of the District were represented:—West River River (Presby.),—Mrs. T. A. Stewart.

Long Creek, (Baptist).—W. E. Stretch, Mrs. J. H. Stretch, Miss Lizzie Dickieson, Clyde River, (Presby.)—Mr. Hugh McMillan, Mrs. Hugh McMillan, Miss Katie Murchison.

Clyde River, (Baptist), Mr. D. McNevin, Mrs. Chas. McLane, Miss Janie Scott.

Regret was expressed that more schools of the District were not represented. As the objects and benefits of these Conventions become better known the attendance will become more representative. The superintendents and teachers who did not attend the meetings on Monday, missed a great deal of information and inspiration, which they could ill afford to lose.

Rev. J. G. McIvor reported that the Presbyterian School at Elliott Hall is in session only during the summer months but that the school at West River is holding fortnightly sessions during the winter months, and that the attendance at both schools is excellent and increasing from year to year. Mr. Wm. Stretch reported that the Baptist school at Long Creek was not at present holding any sessions during the winter, but expressed the hope that next winter would witness a change for the better, as a result of this convention.

Mr. McNevin reported that the Baptist school at Clyde River met until the new year and that an effort would be made to do better than that next winter. Mr. McMillan reported the Clyde River Presbyterian school in session every alternate Sunday during the winter and that on those Sundays two lessons were studied, so that none of the lessons for the year are omitted. No one was present to report for the Cornwall Methodist school but we understand that that school holds weekly sessions all the year.

again, having almost recovered from a very severe relapse of la grippe.

Miss Bertha Boulter of Tryon arrived home yesterday after a few weeks visit in Charlottetown.

Miss Annie Alexander of Stanhope is visiting friends in Tryon, where she was formerly a teacher in the public school. She is the guest of Mr. and Mrs. Charlie Lear.

Mrs. (Rev.) J. C. Clark has recovered from a severe attack of la grippe.

Miss Vera Lea of Victoria is visiting friends in Charlottetown, where she intends to remain for several weeks.

Miss Mabel Smith of Crapaud returned last Thursday from Springfield where she was visiting relatives.

Miss Ruby Smith of Crapaud has gone for a visit to Springfield, where she will be the guest of her sister, Mrs. Haslem.

Mr. Josiah Howatt returned last week from Denver, Col., where he has been spending several months with his son, to his home in Cape Traverse via the Cape route. When Mr. Howatt arrived at Sackville he was unable to learn of the movements of the steamers Stanley and Minto, having his ticket for the Pictou route, and was obliged to drive by night to the Cape and cross on the ice boat.

Why a remedy is not made for this grievance, of which many others complain, as more than we can understand.

NORTH TRYON AND VICINITY

The many friends and relatives of Mrs. Jas. Muirhead, North Tryon, will be sorry to learn that she is dangerously ill.

Master Arthur Dawson, R. R. C. R., son of Jas. Dawson, Esq. of North Tryon, returned on Saturday from Fredericton, N. B., where he has been taking a two months course in bugling.

Mr. John Howatt, one of our most successful farmers in West Tryon, has succeeded in breaking in his very valuable young horse, Black Prince, which gives promise of being very speedy.

Mr. Stett Mullens had a bad runaway in Tryon, last Friday. He escaped uninjured, but his horse was considerably scratched, though not seriously. A case of too many oats and not sufficient exercise.

Mr. and Mrs. Isaac Ives, of Montague, are visiting friends and relatives in North Tryon and Cape Traverse.

The friends of Mr. Bruce Howatt, of West Tryon, will regret to learn that he is confined to his bed with la grippe.

Mr. Artemus Howatt of Tryon West, left last Wednesday for Sydney, where he intends to reside in the future. His eldest daughter, Miss Blanch Howatt, has been there since last fall. Louis his only son, will remain on the farm while the rest of the family expect to go on to Sydney in the spring.

The many friends of Mr. Henry Smith of Tryon are much pleased to see him out

CHICAGO MARKETS. CHICAGO, March 5.—(Special).—The following are the closing rates: May, Wheat, 75½; Corn, 40½; Pork, \$14.12½.

To-day's Probabilities. TORONTO, March 5.—(Special).—Strong northwest winds, much colder.

NEW YORK MARKETS. Closing prices March 5: American Sugar 139½; American Steel and Wire 30½; American Tobacco 12½; Brooklyn Transit 76½; Burlington 148½; Continental Tob 46½; Federal Steel 44½; Federal Steel Pr'd 80½; Louis and Nashville 93½; New York Central 144½; Rock Island 125½; St. Pauls 15¾; Tennessee Coal and Iron 62; Union Pac Pr'd 61; United States Rubber 6½.

After the reports were given the congregation sang "Work for the Night is Coming."

In the absence of the secretary, Miss Lizzie Dickieson was appointed to take the minutes. The Field Secretary, G. E. Raymond, spoke of the objects and advantages of united Sunday school organizations, calling attention to the fact that these—neither by Church ordinances, prayers, revival services, nor the preaching of the Gospel,—that youth is the time of deepest and most lasting impressions, and that the chief implements for the teacher's use are truth, love and example.

The Field Secretary gave a black board lesson on "The Laws of Teaching" and also spoke of the Home Department, its advantages and how to organize and sustain one.

A number of questions were presented by members of the congregation, showing a deep interest in the work of the Sunday School and several questions showed that the people were interested in the influence of the social dance upon the church members and Sunday School teachers. The answers given by all the ministers present were not in the line of encouraging teachers to dance, but showed that, because of the present public sentiment on this we all study the same lessons, for the same purpose, and are aiming at the same lofty ideal, i. e. "Every member of the school a Christian, every Christian a worker, and every worker trained."

Rev. J. G. McIvor spoke along the same line emphasizing the points set forth by Mr. Raymond.

The evening meeting was opened with a devotional service led by Pastor A. F. Browne. The President gave a short, but thoughtful address, evincing his deep interest in Sunday School work and in the success of the Provincial and District Associations.

Rev. A. F. Browne gave an earnest address on the benefits of attending Sunday School. Rev. J. G. McIvor gave an address, which was very instructive and interesting, showing that the study of the Bible could not be replaced by anything question, a Sunday School teacher invariably lessened his or her influence

for good with the scholar by indulging in the worldly pleasure of dancing.

Mrs. Elsie McNeil, who has been Secretary-Treasurer of the Association, was in her resignation because of anticipated removal from the district, and Wm. Dockendorff of North River was appointed to the office.

A collection amounting to \$4.00 was taken in aid of the Provincial work.

Rev. A. F. Browne extended an invitation for the next convention to meet at North River, which was accepted, time of meeting to be decided by the executive committee. A large choir, with Mrs. (Rev. Browne) presiding at the organ, greatly added to the interest and success of the meeting. The church was crowded and the hour of closing was late, yet all felt that a very successful convention had been held, and one that could not fail to greatly benefit all Sunday School workers present.

Nervous Dyspepsia. In this age of nervous diseases, when people on all sides are falling victims to nervous prostration, paralysis, locomotor ataxia and other dreadful maladies, it is a comfort to know that you can turn to Dr. Chase's Nerve Food (Gills) with absolute assurance that it will thoroughly build up and revitalize the feeble, wasted nerve cells. Mr. Joseph Geroux, 22 Metcalf street, Ottawa, Ont., writes: "I was nervous, had headache and brain fog. I was restless at night and could not sleep. My appetite was poor, and I suffered from nervous dyspepsia. Little business cares worried and irritated me. After having used Dr. Chase's Nerve Food for about two months, I can frankly say that I feel like a new man. My appetite is good, I rest and sleep well, and this treatment has strengthened me wonderfully. Dr. Chase's Nerve Food is certainly the best treatment I ever used, and I say so because I want to give full credit where it is due." Dr. Chase's Nerve Food makes the blood rich, the nerves strong, and restores vigor to the whole system; 50 cents, at all dealers, or Edmanson, Bates & Company, Toronto.

DEWET IS FOLLOWED. Closely and Botha's Surrender Expected.

AMERICAN & RUSSIAN. Fight a Fatal Duel—Queen Mina and Her Ducal Consort.

VARIOUS MILITARY MOVEMENTS. LONDON, March 5.—(Special).—The Boers have occupied Peaston on the Great Reik River.

General French is clearing the eastern district of the Transvaal and Dewet is being closely followed toward Fauremuth.

SURRENDER OF BOTHA EXPECTED. The surrender of Botha, and Delarey is expected to follow speedily.

QUEEN MINA AND HER CONSORT. AMSTERDAM, March 5.—(Specia)—Queen Wilhelmina and her consort entered the City this morning and were given a great reception by congregated thousands, despite the rain that bedraggled the street decorations.

AMERICAN KILLED IN A DUEL. PARIS, March 5.—(Special).—John M. Wilson Durant of New York, living in Paris, was killed at Ostend in a duel with a Russian Count who was seriously wounded.

CATABRE. Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of American countries. That medicine is Hood's Sarsaparilla. It cures rapidly and permanently, in that it removes the cause, cleansing the blood of scrofulous and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.
