REPORT OF PHYSICAL DEPARTMENT FOR THE MONTH OF APRIL, 1925.

The past month has been one of great activity in the Gym, owing principally to the numerous games of basketball which were played and also the interest which was taken in the putting on of the Annual Gymnasium Exhibition. Besides this the boxing and training for athletic events helped to keep things humming all the time.

Ten senior games were played and on the whole they were of a very high standard and not featuring to any extent the rough element that had been the prominent factor during past years. The bulk of the players are in their teen age and with a little more experience will be in a position to give teams from our Sister Provinces games that will be worth their while.

Four games were played between various girl teams which were worthy of note. The girls are putting up an excellent game and we find that any games they feature in are sure to be a drawing card.

A Junior League has been under way for some time. The boys are taking quite an interest in it and are rapidly getting into the fine points of the game. The Gymnasium Exhibition was a success from every standpoint. The boys all did their parts well and it goes long way in helping to create better gymnasts who are not very numerous in our city.

Special mention should be made of the work of Mr Phillips and Masters Henry and McLeod who helped to a great extent in making the affair a success. The Exhibition was put on two nights in order to give the students a chance to see it at a lesser cost. A good sum was realized from it. The Apparatus is in good condition and kept in constant use. Volley Ball is on the decrease as far as interest is concerned, possibly owing to the extra fine weather, when the men can be more out of doors.

Junior Leaders Suppers Two were held during the past month. These suppers are beneficial to the boys in that it shows them the various problems which crop up and the various ways out of them are quite thoroughly discussed by all.

Attendance shows a slight depreciation in some of the classes but an increase in the others, with an average for the month of this year shows a considerable amount over the same month of previous years.

The following is the various classes with attendance:

Junior	227	120
Intermediate	86	30
Students	32	67
Business Men	59	78
Special	154	115
Boys	52	110
Girls	69	60
Physical	60	100
Total	620	799
Increase over last year	179	
Basketball	179	
Junior	85	
Intermediate	97

REMAINS EXPECTED.—The remains of the late Mr. J. Leslie Shaw and Mrs. Shaw are expected to arrive in Halifax tonight from England.

LAI D TO REST.—The funeral of the late Mrs. George Sherren took place yesterday afternoon from her late residence at St. Catherine's to Canoe Cove. A short service was held at her late residence and a public service was held in Canoe Cove Church. The funeral services were conducted by Rev. D. M. Lamont. The pall bearers were Samuel Sherren, Albert Sherren, Robert MacDonald, Neil MacKenzie John MacKinnon and John MacLeod.

BISHOP HACKENLEY HONOR.—Cherghymen of all Protestant denominations numbering about eighteen, gathered for dinner at the Green Lantern Monday afternoon for the purpose of officially welcoming Coadjutor Bishop John Hackenley, of the Anglican Church, to Halifax, and also to extend their congratulations to him on his recent elevation says the Halifax Herald. The dinner, which was held under the auspices of the Halifax and Dartmouth Ministerial Association, was presided over by Rev. L. J. Donaldson, rector of Trinity church, and proved a most happy affair. It had been planned to tender Bishop Hackenley the dinner some weeks ago, but at that time his many official duties prevented him from accepting the invitation. Greetings on behalf of the members of the association were extended to Bishop Hackenley by Rev. A. L. Huddleston, pastor of the First Baptist church; Dr. R. W. Ross, minister of Fort Massey Presbyterian church and Rev. C. E. Crowell, minister of the Brunswick street Methodist Church. In his remarks Bishop Hackenley emphasized the great need for religious education in the public schools.

Orphanage Campaign Notes

The second payment on pledges will be due May 15th, and the committee is expecting a big response to this call. You can pay it any time now. Remember that your money is worth more to the institution now, than next week, or next year.

Subscribers have paid up so cheerfully and so well that it makes the work of the officials connected with the drive comparatively easy. The appeal for children who do not have a parents love, seems to strike home in a forcible way.

Mr Thomas Moyses, Central Bedouque called at the Campaign office on Tuesday, and left his subscription. This is an annual affair with Mr. Moyses, and it would be indeed pleasant if more friends would place this institution on their giving list every year.

Mr R. H. Campbell well known to a great many people in the Province, remitted the campaign committee one hundred dollars a few days ago. It was a great loss to the community when Mr Campbell went away, but we are pleased to know he has not forgotten his native Province. He is now resident in Powell River, B. C.

The amount of \$18.00 proceeds of meeting addressed by Rev M. J. McPherson from Hamilton Orange Lodge, No. 1366 per Jas. McPhail, Clyde River was received some time ago.

Remember you give more when you give quickly.

Montreal To Close Up The "Red Light"

MONTREAL, May 5.—The Gazette today says that Montreal's red light district is to be wiped out. Police Belanger, Chief of Police has received orders to close and to keep closed the vice area.

The publicity attending the smashing of the district is one thing official Montreal wishes to avoid. Executive committee and the Chief of Police himself even flatly deny that special instructions to seal up all disorderly houses have been issued, but positive information as to the true state of affairs was available last night from unimpeachable sources.

KEEP THE HEART TENDER

Keep the heart tender, Kindly and true; Water it freely With loves gentle dew, Garner its harvests Of rich burnished gold, Let in the sunshine, And shut out the cold.

Keep the heart tender With flowers of kind deeds, And the sweat of their perfume Will choke out the weeds, And the soft beams of Pity, Of Mercy and Love, Will yield it the glory That beams from above.

Keep the heart tender With sweet loving words, And they'll find it with music Like warbles of birds In the heart of the forest So joyous and clear, When the birds are awaking In the spring-time of year!

Keep the heart tender With holy desires, And they'll freshen his alters And quench the fierce fires, Of Hatred and Envy, Of sons ever new, Keep the heart tender, Pure, kindly and true.

Why it is cheaper to buy fence from the Frost Dealer
THANKS to the great popularity of Frost Fence, we buy raw materials in immense quantities. Owing to our heavy production the margin of profit on Frost Fence is the lowest of anything the farmer buys.
The Frost dealer buys from us in carload lots, securing carload price and the lowest freight rates. In fact, he saves you about 17 cents per 100 pounds in freight. He sells at prices as low as ordinary fences.
If you have fence shipped to you direct, you might get it at the same or lower price per rod, but you must pay the 5 or 6 cents per rod freight. If you do not pay the freight, it must come out of the quality of the fence.
Buy from the Frost dealer! His cost of doing business is spread over many lines and it is very low per rod. You see the quality before you buy. The dealer wants your trade in all his lines. He will see that you get the fence you want at the lowest possible price. It is to his interest to make certain you enjoy complete satisfaction!
