M. for the purpose of discussing a new foundation for school building also the water supply. W. L. Delaney, Secretary of Trustees.
L-224-7-10-3i.

—LARGE CONGREGATION ATTEND ANNIVERSARY SERVICES—The United Church at Malpeque held anniversary services on Sunday to commemorate the 129th anniversary of the founding of that congregation. All three services were well attended. In the morning Rev. James Ramsay, St. John, N.B., a former pastor, delivered the address. In the afternoon Rev. L. E. G. Davies of Summerside was the special speaker and in the evening the pastor, Rev. Mr. Thomas, assisted by Rev. Mr. Semans, conducted the service. The choir was assisted by Mr. Geo. Bowness and Mr. Albert Huestis of Summerside. S

—SUCCESSFUL ISLANDER VISITS OLD HOME—After an absence of 45 years, Mr. J. M. MacPherson, now travelling representative of the internationally-known Heller files of Heller Bros., San Francisco, California, spent a few days visiting his native province. Born in Lot 8, Mr. MacPherson left home at the age of 16 years, migrating to Boston, where he worked for a time, until he had enough money to take him to California. There he learned the blacksmith trade and was later employed by Heller Bros. He now has a very responsible position wth a large staff in several states of the Union working under his direction. Mr. MacPherson is a brother of D. N. MacPherson, Lot 8, and a relative of George P. MacPherson, for many years the genial caretaker of the Summerside Post Office. Mr. MacPherson regretted his visit was so short but hoped to spend his summers on the Island when he retires. He was charmed with the climate and delighted with the many changes for the better that he saw on every side. He spent a day or two in Charlottetown, leaving this morning on his return trip. S

PERSONALS

—Miss Lillian Hogg and Miss Mann have returned to their homes in Spring Valley after spending a delightful visit in the New England States.

—Mr. and Mrs. E. Large of Charlottetown are on a holiday tour to Virginia. Their children Miss Virginia and Master Alexander will be guests of their aunt, Mrs. Schurman at Schurman's Point during their parents absence from town.

Is Bishop-Coadjutor Of Newfoundland

(C. P. by Guardian's Special Wire)
LONDON, July 12—The Archbishop of Canterbury, at the request of the Synod of the Diocese of Newfoundland, today appointed Rev. Philip Abraham, Vicar of Romford, Essex, to be Bishop-Coadjutor of Newfoundland.

The new Bishop will be consecrated at Lambeth Palace August 1.

The Bishop of Newfoundland, whose assistant Rev. Philip Abraham will be, is Rt. Rev. W. C. White. He has occupied the see since 1918.

MOUSE SCARES COOK TO DEATH

LONDON, July 12—Mouse running along windowsill of her kitchen scared Mary Rogan, a 65-year-old cook, to death.

When she saw the mouse the cook gave a shout, stumbled and fell. She was taken to Newcastle infirmary with an injury to the left femur, and died a week later from heart failure.

Matinee TODAY At 3 P. M.

MAKES BIG HIT AT CAPITOL THEATRE, SUMMERSIDE, LAST NIGHT.

Joan Crawford and Clark Gable, screen favorites made a big hit at the Capitol Theatre last night in their new co-starring picture "Love on the Run." The large audience were delighted with the freshness, gaity and spontaniety of this charming picture, directed by W. S. Van Dyke. The film is a worthy successor to "San Francisco" and "Rose Marie", which drew crowds to the Capital not so long ago. If you liked those two pictures you will be equally charmed with "Love on the Run."

Miss Crawford, stunningly photographed, has never been more vibrant than in her present role of the American heiress who on the verge of marrying a nobleman finds out just in time that it is her money rather than herself that he is after.

In an attempt to escape from interviewers she rushes pellmell into the arms of Gable, playing an American correspondent, and consequently finds herself immersed in a series of hairbreath escapades involving Franchot Tone as a rival reporter, and a clever pair of Continental swindlers. In the tangled events that ensue Gable captures not only a first rate story for his paper but also a charming bride.

In the opinion of this reviewer "Love on the Run" will provide ample entertainment for everyone who has ever felt an interest in gay romance and rollicking adventure.

Issues Plea For British Immigrants

(C. P. by Guardian's Special Wire)
Demand for an increase in Canada's British population was sounded at major gatherings in Ontario and New Brunswick as Orangemen of the Dominion celebrated the "Glorious Twelfth". Observance of the 247th anniversary of the battle of the Boyne was general throughout Canada.

Hon. Earl Lawson, Conservative member of Parliament for York South, speaking at Toronto, urged the Dominion Government to admit at least an equal number of British immigrants as those from foreign countries, "if Canada is to be maintained as a British country."

A similar plea was voiced at Saint John where Col. A. J. Brooks, Conservative member of Parliament for Royal, addressed the largest Orange gathering there in 18 years. He declared more than 50 per cent of Canada's population was non-British and nearly 40 per cent of New Brunswickers was also.

Orangemen from Quebec did their celebrating at a large gathering in Ottawa, while in Nova Scotia parades and picnics were held in the towns of Truro, Dominion, Springhill and Westville. Western Canada celebrated in the weekend with parades Saturday and church services, but only Moose Jaw, Sask., and Vancouver, B. C., had Orange gatherings in the traditional manner yesterday.

A plea to make English the predominant language in the world was sounded by Sir Richard Squires, Grand Master of the Grand Orange Lodge of British North America, at Toronto. The former Premier of Newfoundland declared the English language stood for "constitutional freedom, self determination and freedom of conscience and thought"

Pioneers Win From Soviets By 7-3 Score

Behind the superb pitching of Gilman Williams, their youthful portsider, the Pioneers fielded brilliantly in the pinches and batted well to take a hard fought decision from the Soviets by a 7-3 score. The Soviets drew first blood, scoring an unearned run in the second, but the Pioneers found their batting eyes in the third and scored four times on three singles, two costly errors and Dave Larkin's booming double to centre. This rally proved sufficient to win the old ball game but the winners added one in each of the fourth, fifth and seventh while the Soviets took advantage of three singles in the fourth to add their other two counters.

Too much credit cannot be given to the pitching performance put on by Williams. The slim left-hander allowed only five hits, three of which came in the fourth, and with men on bases had the Soviets eating out of his hand, leaving nine men stranded. Phillips and Lidstone, the keystone combination for the Pioneers handled twelve chances with only one error. W. Arsenault and J. Wedge were the shining lights for the Soviets.

Tonight the second game takes place between the Soviets and Sunglos.

Soviets	010	200	0	3	5	5

At a special meeting of the Town League Executive held last week the play-off schedule was determined. In order to shorten up the League the number of games of the second section was changed from 9 to 6 after which, sectional winners will play a two out of three series for the title. Should the same team win both sections the other two teams will play a sudden death game to decide who is to play off in the two of three series with that team.—D.

HEAT WAVE CONTINUES

CHICAGO, July 12—(AP)—Rain washed blistering city streets and sun baked farmlands in scattered areas today but left the six-day heat wave generally unbroken.

"Temperature changes will be of slight importance," the weather bureau reported in its general Tuesday forecast for the north central region.

Local thundershowers were sighted for a dozen states in the northern middle section of the country and on the Great Lakes, but "continued warm" was appended to most forecasts.

The death toll from high temperatures mounted to 340 in 25 states, reaching from the great plains to the eastern seaboard. Deaths reported fell sharply, however, with only half a dozen added to the total yesterday.

New York continued to lead, with 62 fatalities attributed to heat. New Jersey was second with 44.

Easterly winds blew cooler air into New England dampened by showers, and the hot spell appeared ended there. Western New York State also enjoyed lower temperatures.

Two heavy rains drenched Chicago during the day and sent temperatures down temporarily.

Returns From Year's Study In England

Miss Georgie MacLean, B.A., daughter of Mr. Wm. J. MacLean, Central Lot 16, and a niece of A. E. MacLean, M.P., has returned from a year's study at the London University, London, England. Miss MacLean, who arrived in Quebec on the Empress of Britain, was chosen last year for the Carnegie scholarship for all Canada to study at the University and also to look into the teaching methods in English and continental schools. Besides her studies at the University, Miss MacLean had the opportunity of visiting both secondary and board schools in England. Also the craft and technical schools, which are very fine indeed and take in all the trades and crafts.

Miss MacLean says the English are trying out a new system started about 1929. With this new system when a child reaches the age of eleven years his talents are thought to have developed sufficiently for the teacher to determine whether he is a fit subject for secondary education. If he is he goes on and takes up the higher branches of learning, but if not his education is diverted to other channels to fit him for earning his livelihood. There is a suggestion of raising the age of leaving school to sixteen. At present it is fourteen years. Miss MacLean said that although the system was very different over there it amounted to about the same in the end.

During her visit Miss MacLean studied in Greece and was the guest of the Carnegie Corporation in an educational tour of the Mediterranean and the many historical islands in its waters, more particularly the small islands of the northeastern part of the Aegean Sea, which are connected with ancient Greek myths. This tour was especially to study the civilization of ancient Greece. Miss MacLean also visited some German schools and altogether her trip was useful and delightful. She had the opportunity of making many charming friends, seeing the wonders of England, the coronation of Their Majesties, and also to study the English people and their educational methods which are of particular importance to Miss MacLean.

Miss MacLean was the principal of the High School Academy, resigning her position to accept the Carnegie leadership.

Nova Scotia Poet And Historian Dies

BOSTON, July 12—(CP)—Dr. Arthur Wentworth Hamilton Eaton, Nova Scotia poet and historian, died at his Beacon Hill home late last night in his 88th year.

Born at Kentville, N. S., the distinguished literateur, had made his home for the last 50 years in the eastern United States.

In 1880 he graduated from Harvard, and was afterwards ordained priest in the Protestant Episcopal church of the United States.

For more than 20 years he was in New York preparing students in English for universities. During the last 25 years Dr. Eaton lived in Boston.

Prospectors Busy Manitoba Area

OTTAWA, July 12—(CP)—Reporting on explorations made late last year in the Echimanish area of northern Manitoba, the federal department of mines and resources discloses that 200 claims had been staked, at the time the survey was made in the area which extends for 20 miles east and west along the Echimamish River.

The district is underlain by an assemblage of consolidated rocks of early precambrian age, and recent prospecting has disclosed the occurence of precious metal in deposits of two types, namely, gold-bearing quartz veins, and sulphide replacements of felsitized zones.

From Winnipeg to Norway House a regular boat service is maintained during the navigation season, and airplane service is available throughout the year. Canoes are used from Norway House to Echimamish River, a distance of approximately 50 miles. There is likely to be considerable prospecting in the district this summer.

The geological work of the department comprised the examination of the fourteen principal properties, on several of which stripping, trenching, sampling, essaying, and other preliminary development work has been carried out.

Available information regarding the distribution and richness of the precious metal content in the deposits was insufficient to indicate the presence of ore-bodies of commercial value in any of them, but it is possible that deposits of gold ore occur in the area.

BELFAST—(CP)—Hiking has become fashionable in Northern Ireland, and many serious walkers go specially to Ballycastle to climb Knocklaye and walk out to see the round tower at Armoy. Knocklaye is one of the highest peaks of the Antrim range

Concert Highlights Conference Session

SACKVILLE, N. B., July 12—(CP)—The number of delegates attending the Maritime Young People's Conference of the United Church of Canada had increased to 97 today. This morning the eight study groups resumed their work after a restful sabbath.

Miss Margaret McKinnon of Glace Bay, N. S. led the chapel service starting the day's activities. Rev. R. J. Beaton of Toronto continued his series of lectures on missions and other work in which young people can take an active part in advancing christianity. The regular study groups and writing periods were held.

Part of the afternoon was devoted to soft ball games. This evening the annual concert was staged and proved to be one of the high lights of the conference. Miss Margaret Pillman of Travellers Rest, P. E. I., was in charge of the concert arrangements.

Reception For Bride And Groom

Mr. and Mrs. Herbert Irving Hogg, a popular young couple returned from their honeymoon last week and received a hearty welcome from their friends in Wilmot-Valley.

On Friday evening July 9th, a reception was given in their honor at the home of Mr. and Mrs. J. W. Hogg, the groom being their eldest son. The spacious living rooms were prettily arranged with vases of flowers.

The bride, (nee Jean McEachern) was very lovely in a gown of Colonial printed chiffon and corsage bouquet of American beauty roses. Receiving with the bride was her mother, Mrs. McEachern, who was gowned in Black crepe with corsage of white carnations.

Mrs. Hogg, mother of the groom, who assisted in receiving, was dressed in a smart black gown of triple sheer with mauve corsage. Mr. James Clark ushered the guests into the dining room, which was arranged with bowls of yellow flowers.

The brides table was lovely with tall gold tapers in silver holders and vases of flowers blending with the general colour scheme.

Mr. Preston Bowness presided over the tea cups and Mrs. J. Darius and Mrs. A. E. Clark cut the ices, assisting in serving were the Misses Lucy Hogg, Frances Mann, Lillian and Dolly Hogg.

Music was furnished during the evening by Miss Ruth Collpitts of Sackville and Rev. G. Emerson Huestis who delighted the guests with several piano selections. Mr. T. W. Bentley sang some delightful songs.

"Auto - Railer" Is Introduced On National System

MONTREAL, Que., July 12—An "auto-railer", a new type of automotive vehicle which directly links up railway and highway, being adapted for use on either road or rail, was operated for the first time in Canada today when a party including His Worship Adear Raynault, Mayor of Montreal, and a number of other distinguished guests and newspapermen travelled over the highway to Lachine, a suburb fifteen miles from Montreal, and returned over the Canadian National Railways line to Bonaventure Station. S. J. Hugerford, chairman and president of the National system, and a number of other railway officials accompanied the party. The start was made from in front of the City Hall where Mayor Raynault inspected the new passenger car and congratulated Mr. Hungerford on being the first to introduce this new development in railroading in Canada.

At Lachine the transfer from road to rail operation was made in 40 seconds.

The "auto-railer" operated today is the first of three passenger units ordered by the Canadian National Railways for the purpose of testing their suitability for use on light traffic branch lines of the system. Tests will be made in the three divisions of the railway. It is believed that these new vehicles will cut down operating costs and at the same time offer a better service to the public.

A road-rail unit will be tested out in branch line service in the western region.

Officers of the railway who accompanied Mr. Hungerford and the Mayor on the trip this morning included: N. B. Walton, chief of transportation C. W. Johnston, general passenger traffic manager; A. A. Gardiner, assistant general passenger traffic manager, and H. C. Rochester, superintendent of passenger train service.

Both the passenger and freight units will be on exhibition in Montreal until Wednesday when they will start for Toronto. Stops will be made at Cornwall, Brockville, Kingston, Belleville and Oshawa. The auto-railers will be run through the principal streets of these places and will be on exhibition at the Canadian National station for an hour in each place. Later they will be exhibited at Toronto.

RENO, July 12—(AP) — Mrs. Helen Wills Moody, former women's champion of the world, established herself today at a Nevada vacation retreat and conferred with an attorney who said she may seek a divorce.

Soviets Again Defeat Alberton 9-5

The Summerside Soviets again defeated Alberton last week at Riverside and strange to say by the same score, 9-5, as the precious encounter. Joe Hunter flashy Charlottetown catcher was making his first appearance with the Soviets and was one of the stars of the game his big bat driving in 4 runs. A return game will be played in Summerside on Thursday.

Batteries: — Alberton, A. Malley and G. Malley; Soviets, Durant and Hunter.—D.

Summerside Golf

Ball Sweepstakes.

CLASS A

1st, Norman Pritchard, 41-6-35.
2nd, Rod Smith, 46-11-35.

CLASS B

1st, Earl Hickey, 52-14-38.

During the week ending July 1, the qualifying round for the Club Championship was run off, the results being as follows:

The low gross in Class A was handed in by Harold Gaudet who had a very fine 83.

Reg. Pritchard and S. G. Merriam were tied for the low net each having 74.

CLASS B

Lyman Abbot showed the way to the rest of the Qualifiers in this class with a 101 while W. J. Whitney had the low net with 80.

The draw has been made for the championship round and is posted in the club house. Members are urged to get their matches over as soon as possible.—D.

Reach Agreement To End Press Attacks

VIENNA, July 12—(AP)—An Austro-German commission of experts has reached agreement to control the press in both countries "in the interest of the German race" and to end their frequent newspaper attacks on each other, it was announced officially tonight. The commission also decided Austria and Germany will respect the political and cultural philosophies of each other, the statement said.
