Gives Inspiring Account Of Scouting Experiences

Those who think that Scouting is only for "small boys" should go to the people of war-liberated countries who have seen Scouts in action, during the years when they formed the kernel of resistance movements and performed deeds of courage and endurance unsurpassed in history, declared Lord Rowallan, Chief Scout of the British Empire, in an inspiring address at a dinner tendered in his honor last night by the Provincial Government.

Attorney General F. A. Large presided at the function, which was held in The Charlottetown and was largely attended by citizens of both sexes prominent in the Scout and Girl Guide movements. Those at the main table included His Honour Lieutenant Governor Bernard, Hon. Thane A. Campbell, Chief Justice, His Worship Mayor MacDonald, and Messrs. A. W. Hurl, general secretary of the Boy Scouts Association in Great Britain and W. L. Currier, Deputy Commissioner in Canada.

Lord Rowallan was introduced by Mr. W. Lowther, C. C., president of the Provincial Boy Scouts Association, and was tendered a warm vote of thanks at the conclusion of his address by Mr. S. J. Davies, Field Commissioner of the Provincial Association.

The Chief Scout appeared in his Scout uniform, with the kit of the Clan Cameron which he has worn throughout his tour of Canada.

Encouraging Picture
"It is gratifying to hear the way in which Scouting is going forward in Prince Edward Island, and the magnificent way in which it has been possible to enlist the services of so many of the young veterans who have come back from the war," Lord Rowallan said. "It is most encouraging all over Canada to find the infusion of young blood into our movement."

Mr. W. Lowther, provincial president, N. Higgins, provincial treasurer; Judge H.L. Palmer and K. M. Martin, members of the provincial executive, and Rev. G. Davies, Field Commissioner.

After a quiet lunch at The Charlottetown where the Chief Scout is making his headquarters while on the island, the official party made calls on His Honour Lieutenant Governor and Mrs. Bernard, and on Hon. C.H. Barbour, acting Premier. The party was shown through the Confederation Chamber and signed the distinguished visitors register.

A call was then made on the Mayor of Charlottetown, and a short visit paid to St. James.

Will Send Poultry Mission To Canada

OTTAWA, Oct. 22—The British Government is sending a mission to Ottawa to study the development of Canada's poultry industry, the Agriculture Department announced today.

Officials of the department's production, science and experimental farms service will show the mission the results of their research in poultry pathology, nutrition and management and will explain Canada's national poultry breeding policy.

OTTAWA, Oct. 22—(CP)—Commissioner S. T. Wood of the Royal Canadian Mounted Police announced today that the extra war "cuties" pay, drawn by members of the force since 1941, has been merged with R.C.M.P. basic pay rates, effective Oct. 1.

At the same time, Commissioner Wood announced the force was launching a drive for 1,000 recruits and added that as a further inducement the age limit has been temporarily reduced from 21 to 18 years.

He said recruiting will continue until wartime losses have been replaced.

Two British Destroyers Strike Mines In "Med"

LONDON, Oct. 22 (CP)—The Admiralty announced tonight that two Royal Navy destroyers—H.M.S. Volage and H.M.S. Saumarez—struck mines in the Mediterranean this afternoon and said there were "some casualties."

The Admiralty statement did not specify whether any of the casualties included deaths but an Admiralty spokesman said both vessels remained afloat.

The Admiralty statement said "Some casualties were sustained and the next of kin are being informed as soon as possible."

The Volage was towing the Saumarez, the Admiralty said. Two cruisers were close by.

The Volage, a 1,710-ton ship, was commissioned in 1943 and the 1,600-ton Saumarez was commissioned in 1944.

Observers See Trend Against The Government

OTTAWA, Oct. 22—(CP)—Politically-minded people in the capital—and there are hundreds—gave themselves over today to interpreting yesterday's Federal by-elections, in which the Progressive Conservatives retained Toronto Parkdale riding and captured the Manitoba seat of Portage La Prairie from the Liberals.

Old time political observers who have been weighing election results since the turn of the century and who claim to be unbiased are inclined to two conclusions:

1. The Liberal loss of Portage La Prairie following the loss of Pontiac in Quebec Sept. 16 indicates a trend against the government.
2. The Government's majority in the House of Commons has been reduced but there is no danger of the administration being defeated or forced to go to the country.

Queens County Liberals Meet

Unless the Dominion Government soon lessens the income tax on business, the working people, another depression is not far away, the Hon. T. W. L. Prowse who was the only member of the Provincial Government present told the delegates to the annual Queens County Liberal Association last night.

The meeting, presided over by Mr. L. E. MacKinnon, of Canoe Cove, was held in the Empire Theatre.

Mr. L. E. MacKinnon, Canoe Cove, was re-elected president after Mr. F. R. McCormack, Charlottetown, Mr. J. A. MacDonald, Glenfinnan and W. R. Jenkins, City, had requested their names be withdrawn. Mr. W. R. Jenkins was elected vice-president.

Considerable discussion was indulged in by Mr. Roland MacDonald of Southport and Mr. Preston Cairns, Mr. J. A. MacDonald, Glenfinnan and W. R. Jenkins, City, had requested their names be withdrawn. Mr. W. R. Jenkins was elected vice-president.

Leese To Retire

LONDON, Oct. 22—(CP Cable)—The War Office announced tonight that the impending retirement of Lt.-Gen. Sir Oliver Leese, commander of the British Expeditionary Force, and his replacement by Lt.-Gen. Sir Evelyn Barker, currently commander-in-chief of British troops in Palestine.

Sir Oliver, a tall, friendly, grey-haired man, commanded the colorful British 6th Army after Gen. Sir Bernard Montgomery left to prepare Allied ground forces for the invasion of western Europe.

Says Accused "Nagged" Him To Kill Child

SAINT JOHN, N. B., Oct. 22—(CP)—John Stewart Simpkins, testifying today at the trial of Beatrice Margaret Gaudet, Sydney, N. S., declared she had "nagged" him to get rid of a three-week-old child, said to have been their daughter, who was drowned in Saint John harbor last month.

The trial of Miss Gaudet, charged today after a postponement to permit medical examination of the accused, Simpkins, previously convicted of the same charge, has been sentenced to be hanged.

Simpkins said the young mother had told him she "didn't want to be tied down" with the baby. After they left their rooming house here on the evening of Sept. 4, Simpkins said he "broke up" him toward Water Street. Later, when he turned in another direction, she "nudged" him again as if to indicate she wished to continue along Water Street.

After stopping at Reed's Point Wharf, the witness continued, Miss Gaudet asked, "what are you going to do with it or stand there all night?" She wanted the baby's bonnet and blanket to sell, and when asked if she wished to kiss the child, said, "no."

Simpkins said he "broke up" when the child was in the water, and the accused said, "cheer up. It will all blow over soon."

After they left the wharf he told his companion, "if you believe when the child was in the water, and the accused said, 'cheer up. It will all blow over soon.'"

U. N. Delegates Meet To Chart Peace Road

(By CLYDE BLACKBURN, Canadian Press Staff Writer)
NEW YORK, Oct. 22—(CP)—High ranking diplomatic representatives from 51 countries began tomorrow the first American session of the United Nations General Assembly in an attempt to chart a peaceful course for a world still critically suffering from the results of the Second World War.

President Truman will strike the keynote in an opening speech in which he is expected to plead with all countries to stop talking about war, to realize that another world war would be the end of everything, and to seek a composition of differences in a spirit of friendliness and understanding.

One thing is certain—there will be a flood of activity in the first week because each delegation leader will be given an opportunity to speak.

Dies Enroute To Classes At Sackville

SACKVILLE, N. B., Oct. 22—(CP)—Dr. James Wilfred Cohoon, Wood-Professor of classics at Mount Allison University, dropped dead during the first Great War and returned to the university at the close of the war.

Funeral services will be held here Friday afternoon which will be taken to Toronto for interment.

U. S. Cancels Credit To Czechoslovakia

WASHINGTON, Oct. 22—State Secretary Byrnes indicated today that the United States will not extend credits to countries which might regard such credits as enabling them economically.

Mr. Byrnes told a press conference, in answer to questions about cancellation of a \$40,000,000 credit to Czechoslovakia, that the United States Government will give preference in loans to:

1. Countries needing such loans.
2. Governments which are friendly to the United States.

Sees New Era In Tourist Industry

OTTAWA, Oct. 22—(CP)—Despite the success of Canada's first post-war tourist year, 1947 will mark the start of a new era in tourist industry competition, Leo Dolan, chief of the Canadian Travel Bureau, said today.

In a report to a conference of Dominion and provincial travel officials, he urged action to remedy faults which reduce Canada's tourist attractions. Hygiene, food and accommodation could be improved in many places, Mr. Dolan said.

"Not Unhopeful" For Understanding With Russia, House Told

(By JAMES MCCOOK, Canadian Press Staff Writer)
LONDON, Oct. 22—(CP Cable)—Foreign Secretary Ernest Bevin told the House of Commons today that the Paris Peace Conference gave the impression of a division between east and west, but he was sure such a division could be prevented.

Cautiously cheerful before a crowded house and galleries, the Foreign Secretary said he is "not unhopeful" that understanding with Russia will be achieved and added that failure would not be Britain's fault. The forthcoming United Nations meetings in New York must recognize the legitimate interests of others and subordinate national interests to the common good if lasting peace and economic recovery are to be achieved.

Mr. Bevin warned that Britain would insist that the Potsdam agreement on Germany either be observed in its entirety or rewritten; that "outside interference" with Greece must stop, and that a ceasefire order in the "war of nerves" is necessary for international negotiation on the Dardanelles.

Government May Seek Settlement In Airline Strike

WASHINGTON, Oct. 22—(AP)—The government, preparing tonight to intervene in the far-flung strike of Trans World Airline pilots, turned its attention meanwhile to another hot wage dispute involving American Airlines, Inc., the United States' largest domestic operator.

With Trans World's 23,000-mile operations still shut down, the White House revealed that the mediation board was considering taking action to end the walkout.

The board already was seeking to settle the American Airlines case in which, a company spokesman said, two-engine pilots are asking a 30 per cent increase in pay which now averages \$9,477 a year.

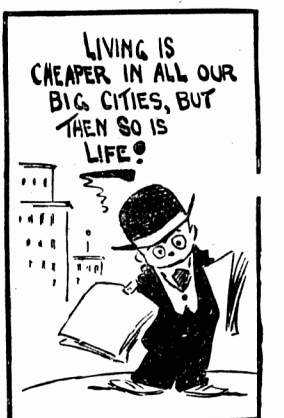

Parley Sought In Effort To Avert New U.S. Coal Strike

(By The Associated Press)
WASHINGTON, Oct. 22—The Government balked today at John L. Lewis' demands for reopening of the United Mine Workers wage agreement under which the mines have operated since last spring's shutdown. Krug messaged Lewis tonight to discuss the matter.

Capt. Collison in a letter to Lewis cited the May 29 agreement between Lewis and Secretary Krug as a specialty covering "for the period of government possession the terms and conditions of employment."

However, Collison told a press conference that he is willing to discuss the possibility of arbitrating the question whether or not the Lewis-Krug agreement may be reopened legally.

He wrote Lewis that the administration is ready at any time to discuss matters "affecting the operation of the mines under government ownership."
