Stock Markets At A Glance

CHICAGO, March 8 — (AP)— Grain futures markets broke sharply in late trading today as selling orders flooded the pits following announcement that the American army had crossed to the east bank of the Rhine.

WINNIPEG, March 8 — (CP)— Futures in rye closed two to 1¼ cents lower today on the Winnipeg Grain Exchange following a moderately active session. May finished at $1.32¾. Values moved narrowly in early trade but later eased on liberal profit-taking by commission houses. Sharp losses were recorded on the report American troops had crossed the Rhine.

NEW YORK, March 8 — (AP) Stocks, bonds and commodities today suffered their sharpest break in months as heavy liquidation apparently was touched off by a revival of reconversion fears coincident with the first army's crossing of the Rhine and talk of further government pressure against speculation.

The Associated Press 60-stocks composite was off 1.2 points at 61.4 widest reaction since the fall of 1.6 points on Nov. 8, 1943. The market was the broadest in many weeks, 1,016 issues registering. Transfers of 1,860,000 shares compared with 1,400,000 Wednesday. Of the total, 1,000,000 shares appeared in the concluding hour.

TORONTO, March 8 — (CP)— Trading in the heaviest volume in more than eight months, stocks were fairly strong in the early session and weak in the final period of today's Toronto Exchange Market. Only the Western Oils held a margin on the up side at the close. The oils posted an index gain of .22 to close at their best price level since April, 1940. Aggregate turnover was 1,879,000 shares.

MONTREAL, March 8 — (CP)— Prices were narrowly reduced in practically all classifications in a late selling wave promoted by perplexity over post-war problems today on the Stock Exchange and Curb Market.

News the United States first army had crossed the Rhine precipitated the bearish development. In early transfers, Refineries were buoyant but they joined in the general downswing later. Volume was the largest since July 10 last year owing principally to activity in lower-priced golds and mines.

PRINCE EDWARD ISLAND

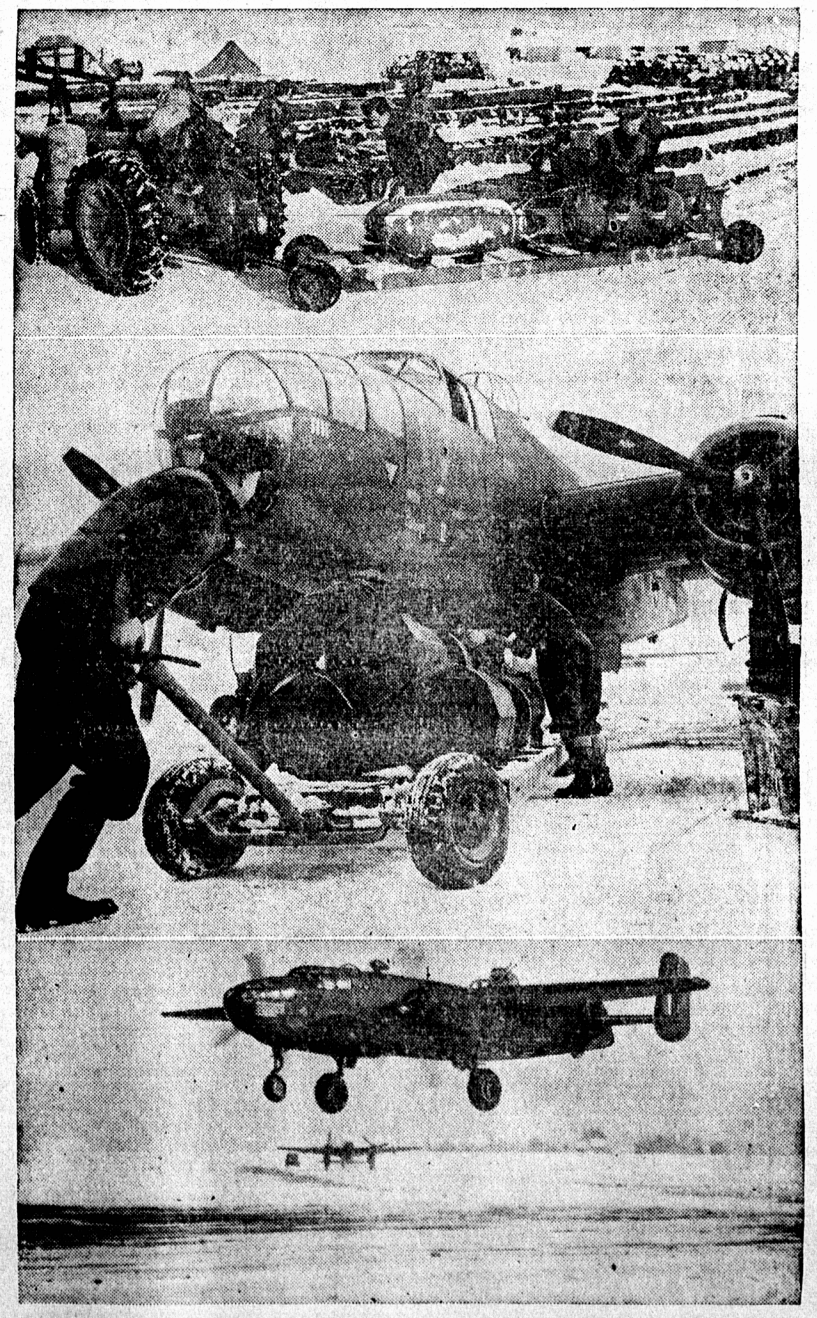
Prince Edward Island, my only home
What would I do without you
And though very often I may roam
I'll always be thinking of you

Prince Edward Island with her beautiful trees
And her beaches that are ours,
The wind, that's just a gentle breeze,
Goes rustling through the flowers,

Prince Edward Island, you belong to me
And the many others that love you
And in my heart there'll never be
Another place above you.

Prince Edward Island, though I may leave you,
I'll come back some day to stay,
Dearest Island please believe me
I mean every word I say.

—Shirley Nunn, aged fourteen



Pounding German targets on both sides of the Rhine from advanced airfields in Belgium, these Canadian flown Mitchell Medium Bombers help soften up the enemy for the big push aimed at Berlin. The top picture shows the snow covered bomb dump with 1000 and 500 pound bombs being loaded on tractor drawn dollies. The middle picture shows a load of incendiary bombs and heavies being manoeuvred below the bomb bay of a Mitchell and at the bottom a bomber has been snapped as it sets off to blast its target in daylight.—(R.
