TAKES NEW POSITION — Mr. Ralph T. Dodds, for the past ten years a valued employee of the Canadian Bank of Commerce, has accepted a position with the well known Investment Banking firm—Eastern Securities Company Limited, and will

Have you a 100,000-Mile Car

or a 30,000 mile car?

You can have either one at the same price— if you will do just one thing

ONE MAN runs a car 100,000 miles and spends very little for upkeep. Another runs the same make of car 30,000 miles and it's ready for the junk heap!

Any engineer will tell you the difference usually is not in the car, but in the way you lubricate it! For lubrication is the life of a car.

80% of repair bills can be eliminated by the proper kind of lubrication. But don't rely on having your car just "greased." Have it "Alemite-ed!" There's a vast difference.

Alemite-ing

To protect your interests and our own, we use a special Alemite Chassis Lubricant and special service called "Alemite-ing". The word "Alemite-ing" (trade-marked) means to have your car lubricated with nothing but genuine Alemite lubricants. Pure, solidified oil that stands up under 3,000 pounds pressure—average "grease" breaks down under 200 pounds pressure.

Complete Alemite-ing Service

1. Genuine Alemite Chassis Lubricant is forced into the heart of every chassis bearing on your car. Eliminates burnt out bearings and rattles.
2. With the Alemite Gear Flusher, we thoroughly clean out your differential and transmission, removing all dirt and any chips of steel. We then force in genuine Alemite Gear Lubricant. This will give you 1 to 1 1/2 more miles per gallon of gasoline, due to freer running gears—and gives easy gear shift even in coldest weather.
3. Springs are sprayed with Alemite Graphite Penetrating Oil. In penetrating, it spreads a thin layer of graphite between spring leaves, eliminating spring squeals and makes your car ride easier.

This kind of service regularly will greatly reduce repair bills, and, best of all, give a smooth-running car as long as you keep it. Try this service—try it today!
