

Soak the Dirt out.

THERE is such a simple easy way of washing rompers, school gingham, play clothes, etc., that you won't mind how many there are—thanks to Rinso.

First, make the wonderful Rinso liquid. Take half a packet of Rinso, thoroughly dissolve it in cool water, and add two quarts of boiling water. Then lay your clothes to soak in the tub of cool or lukewarm water. After one, two or three hours or in the morning give them a thorough rinsing and the dirt just runs away. No need to rub on the wash board so that holes come and colour goes.

Rinso is a wonderful product, scientifically made to wash clothes by soaking—different from soaps, chips and washing powders, and used differently.

Do not put Rinso into the tub from the package, but make the Rinso liquid first.

IF YOU USE A WASHING MACHINE Follow directions as above. After soaking the clothes wring them into machine, add enough fresh Rinso liquid, operate and rinse, and you will have the sweetest, cleanest clothes you ever saw.

England Searches In Vain For Traces Of Ku-Klux-Klan

LONDON, July 30.—England is searching vainly for evidence of alleged organizations here with which J. O. Wood, editor of the Ku Klux Klan "Searchlight" declared the Klan would combine to "maintain white supremacy."

Reports from the United States that Wood had declared a "second hundred thousand" British organization in sympathy with the Ku Klux Klan existed here mystified officials.

They believe the American editor has been misled by jokers or criminals concerning some British intentions, newspapers are probing the "mystery." Some suggest someone is "spoofing" Others express mild resentment. None have found evidence to support the Klansmen's claims.

While it is to be regretted that the regular fire brigades were not in the city, the fire could hardly have been subdued in quicker time had they been here. The emergency brigade was composed of experienced men and they were assisted by many citizens who perhaps would not have come upon the scene had it been known that

Leonard Had A Shade On Tendler In Great Fight

RINGSIDE, Jersey City, July 28.—Benny Leonard, world's lightweight boxing champion, successfully defended his title against Lew Tendler, of Philadelphia, in a twelve-round, no-decision contest tonight, earning, in the opinion of a majority of sport writers at the ringside, a narrow shade in a great struggle.

The challenger, a left-hander, furnished the champion the most interesting combat he has had since he turned back Willie Ritchie some years ago. Tendler, starting with great confidence and skill carried the fight to the champion.

He pummeled Leonard with stiff lefts to the body and sharp rights to the head and paw and brought blood to the champion's nose early. It appeared in the first four rounds that Tendler was to have things all his own way.

New Yorker Ahead On Opening Day Of Canadian Golf

MOUNT BRUNO, Que., July 28.—T. Kerrigan, Siwanoy Club, New York, led the field at the concluding afternoon of thirty-six holes of the seventy-two hole medal play tournament for the open golf championship of Canada. His score was 148.

Treading on his heels was Eric Bannister, of Winnipeg, with 150, while a little further back was T. McNamara, also of the Siwanoy Club. After them came Nicol Thompson, Hamilton, Canadian professional champion, and L. Watrous, Bedford, Michigan, with cards of 154.

C. B. Grier, Mount Bruno, former amateur champion of Canada and J. GoGrdon, Buffalo, with 155, Albert Murray Country Club, Montreal, 156, R. McKenzie, Montreal, T. Canaus, West Point (N. Y.), G. McLean, Grass Spring (N. Y.), and S. W. Langard, Riverside Club, St. John, with 157.

The day saw a great variety of weather, with brilliant sun alternating with showers and high winds. This naturally had its effect on the play, most of the players meeting with disasters through these conditions. The tournament will be concluded tomorrow, when the remaining thirty-six holes will be played.

Wills And Jackson Will Fight On August 29th

CANADIAN LUMBER WAS BOUGHT
CHICAGO, July 30.—All big railroads of the country will be closed in protest of President Harding's proposal for settlement of the Shompen's strike as long as it contains any proposition for a restoration of seniority rights of strikers a leading western railroad official told the United States press today.

VICTORIA, B. C. July 28.—Five million feet of British Columbia and not Oregon a Washington lumber has been bought by the Montreal Harbor Commissioners, it was announced by Premier Oliver.

The full force was present to deal with a fire. The great problem from the first was to keep the flames from spreading to the whole thickly congested block of buildings, and in addition to this they were confronted with the problem of evacuating the upper stories of the building. The uncertainty as to how many occupants were in the rooms, the darkness of the first hours of the catastrophe and the suffocating pall of smoke which filled the interior of the upper stories of the burning building, rendered only to easy the tragedy which resulted.

"Had there been fire escapes," in these words the jury summed up the cause of yesterday's fire casualties, which will be remembered sadly in Charlottetown for many years to come and which, it is hoped, will at least have the effect of forever preventing a similar occurrence.

He also said that the Japanese feel very friendly toward the Americans and the break between the two countries which is talked about on this side is not anticipated in the East.
