THE CENTRAL GUARDIAN

IT PAYS to buy in this province.

FOX ENQUIRIES: The Reliance Exchange received two wires yesterday from persons outside the Province asking for fox options. Any one having options for sale should notify the Reliance at once. 1581

NOTICE TO FOX COMPANY SECRETARIES: As we are being constantly asked by correspondents for copies of prospectuses of particular companies, we would esteem it a favor if all secretaries would send us a supply for distribution to applicants.

HAPPYLAND: The Happyland Motion Picture Co. of Summerside visited Kensington, Wednesday evening and presented to the people there one of the best moving picture shows ever put on in Kensington. Despite the dark night and the bad roads quite a large number were present. The Kensington boys wish them every success and hope that they may give us another show in the near future.--Y.

You are making no mistake in patronizing the Rexall store. Here you will get prompt, courteous attention, the right kind of goods at a moderate price. This is the clean store, the up-to-date store, the progressive store, where you can get everything you could possibly want in the way of reliable drugs and supplies. Our aim is to make this, the Rexall store, your model of an ideal drug store. If you don't deal here we are losing a customer and you are missing satisfaction. The MacKinnon Drug Co., Corner Great George and Kent Sts. Mt.

POLICE COURT: At Police Court in Charlottetown, Saturday, George Gamble was fined \$2 or 5 days for drunkenness. John McLean, for vagrancy, was fined \$5 or 20 days. McLean it appears accosted the police officers on Sunday last and asked them for money. This practice of begging money for drink is altogether too prevalent on the streets of Charlottetown. More cases for this offence are soon to follow.

GROWING INSTITUTE: The members of Fredericton Farmers' Institute are setting right down to business. Since the year started about twenty new members came in. A pure bred chester boar was purchased for use of members. A pure bred short horn bull is now being arranged for, and the members talk of a grain and small seed separator. Samples of seeds from leading seed houses have been procured by Secretary and only the very highest grade will be considered good enough. A special meeting of Institute is called for Tuesday evening, 24th to receive orders from members for their seeds. No member should miss this opportunity to secure the very best seeds, at lowest possible price for the season. Any member not able to attend the meeting on the 24th can send his order to the Secretary D.N. McKay.

FOX OPTIONS: We have a few options that can not be beaten for quality or price, delivery sure. P. B. Island Fox Exchange and Realty Co., Ltd., Summerside. 1479-3-4mt

A Girl asked her father. "Pa, where were you born?"
"In Boston, my dear."
"And where was Mamma born?"
"In San Francisco, my dear."
"And where was I born?"
"In Philadelphia, my dear."
"Well, isn't it funny how we three people got together?"--Ladies' Home Journal.

"North Milton Pedigreed Black Foxes, Ltd." PUBLIC NOTICE

Bright prospects for 130 p. c. dividend when you consider the low capitalization for the highest grade of pedigreed foxes. This is one of the best Fox Propositions on the market today.

---TO BE INCORPORATED---

Authorized Capital \$140,000 Present Stock Issue \$78,500
Shares \$100.00 each par value

A large block already taken up balance at par while they last. Every one-hundred dollar share you take in this co'y is worth \$1.25 the moment you take it. The North Milton Co. has secured 10 pure silver-black pedigreed foxes of the Dalton, Tuplin, Oulton, Gordon, Strains: - All eligible for registration in class "A"--

Reasons why you Should Invest in North Milton Co.

1. Because the capitalization is very reasonable.
2. Because the stock is the highest grade that money can buy.
3. Because they are from a strain of heavy breeders.
4. Because the charge for keep is very moderate.
5. Because they have a good man in charge and an ideal place.

LOOK:

5 pair of the parents of our stock reared 22 pups last year --nearly 4 1-2 to the pair. Should their offspring do as well this would mean 22 black beauties for "North Milton Co.," which at \$15,000 per pair which is present market value with an upward tendency, would pay the shareholders about 200 p. c. dividend. But as the average is about three pups to the pair which would be 15 pups at the above price would pay the shareholders about 130 p. c. as the keep will not exceed 5 p. c. of the increase. All these expenses are borne by the promoters.

Terms 20 p. c. down Bal. Aug. 1, 1914.

1574-3-23 Mon Wed & Tues 31

SOLICITOR

C. Gavin Duffy, Ch'town.

Foxes are Capitalized at \$15,700 Per Pair

Every conservative investor knows that high capitalization means small dividends, but low capitalization means big dividends for the shareholders.

There will be no charge to the shareholders for the ranch which will be up-to-date in every way, and will be built on the property of F. H. Hooper, North Milton--one mile from Milton Station, where he has one of the finest groves in the Province containing 8 acres; an ideal spot for fox ranching, with the house close to the bush. Mr. Hooper is an experienced stock raiser and has taken a deep interest in fox ranching of late. He will have an assistant with him who has had considerable experience in fox raising. A Veterinary will also assist during the time of increase.
