A PRISONER—Mr. Samuel Murphy of this city, in a letter from his mother in New Glasgow, N.S., has been informed that his brother, John, is now a prisoner in the hands of the Germans. Private Murphy was wounded in the arm some time previously, but recovered and went back to the firing line. His many friends in Charlottetown, where he spent the most of his boyhood, will be sorry to learn of his capture.

WEDDING BELLS—The marriage of P. Leroy Fash, manager of the Whitney Pier agency of the Royal Bank, and Miss Sadie Fraser, was quietly celebrated at the residence of the bride's parents, Mr. and Mrs. J. K. Fraser, North George Street. The principals were unattended, and the Rev. John McIntosh, of St. James Church, was the officiating clergyman. After the ceremony the bridal party motored to North Sydney, where Mr. and Mrs. Fash took the morning train for New Glasgow. On their return they will reside on Beacon Street.—Sydney Post. (Mr. Fash was formerly manager of the Royal Bank at Tignish, and is a son of Rev. Z. L. Fash, of Charlottetown.)

TEACHERS' ASSOCIATION—The regular meeting of the Southern Teacher's Association was held in Prince of Wales College on Saturday last. There was a large attendance and the President, Mr. H. Christopher, occupied the chair. After the President's address the Superintendent of Education, Mr. R. H. Campbell spoke briefly, congratulating the teachers of this Inspectorate on the success of their Association and giving them much encouragement and good advice. The following resolutions were then passed: "Be it resolved that we, the members of the Southern Teachers' Association, ask the Board of Education to increase the indemnity allowed teachers attending the Summer School, inasmuch as the cost of living has increased and the present allowance is inadequate to meet necessary expenditures. Be it further resolved that a copy of this resolution be handed to the Southern Teachers' Association and Public School Teachers' Association of Southern Kings." A resolution was also passed asking the Board of Education to define, for the information of the teachers, the stated holidays. The president requests all teachers to notify the Secretary by June 22, whether they intend to remain in their respective schools or not. The next meeting of the Association will be called by the President during the session of the School.

LIVE STOCK SITUATION—During the past winter the Departments of Agriculture, local and Federal, were conducting the patriotism and production campaign throughout the province. They were anticipating higher prices, not only for grain crops, but also for all kinds of live stock; but these higher prices do not seem yet to have materialized. Quite a number of elements entered into the market and helped to keep down prices. One important consideration has been the difficulty of water transportation. Many of the Trans-Atlantic ships have been withdrawn from their regular trade routes by the Imperial Government, while the great liners of Germany have been either interned or destroyed. The regular freight or tramp steamers have been called on to supply the places of those requisitioned, and smaller steamers have had to take the place of the larger ones; so that not only have freight rates on the water advanced, but in many cases it is almost impossible to reach the markets. A local instance is the difficulty of securing a boat to make the regular trips to Newfoundland, the "Morwenna" having been taken off the coast of Ireland. There has been, nevertheless, a great destruction of live stock, and there is an increasing scarcity. Prices of horses show every indication of advancing, and buyers are watching the young horses that are coming on, so that they will be ready to locate the best offerings when they are called for. The cattle situation is better. The fox industry has been the means of making off quite a lot of calves during the past year, and to-day there is a good demand for young cattle; in fact, every calf from anything like a good cow is being kept this year and the demand is not being met. It is true the price of beef cattle has not been higher this year than it was last, and now again there is a heavy run of stock brought to the big markets, which causes congestion. However, men best informed are buying stockers at big prices with the expectation that beef will advance as the season goes on. Everything points to increased prices for beef cattle. The same is true of milk cows. With cheese at 18 cents per pound and butter about 30, an advance in the price of milk cows is to be expected.

Mr. Scott is manager of the Branch of the Royal Bank of Canada at Tignish, P. E. I. Mr. and Mrs. Scott, after the wedding left on the Maritime Express for Montreal, Boston and other Canadian cities.

MT CARMEL AND VICINITY—Messrs Andrew J. Arsenault and Daniel S. Gallant are going into more or less extensive gardening this spring; the former in the sundries of garden plants and the latter specializing in Celery. The prospects of Lobster fishing seems to be brighter than through the foregoing season. Miss Julianne who has been spending over a year in a convent in Montreal returned to her home in Mt Carmel as a convalescent of typhoid fever. Her many friends and relations wish her speedy recovery.—The Mt Carmel school district garden and house plots are well under way and it is hoped that the undertaking will be a success, in spite of the fact that any new introductions in a community is always partly disregarded and finds opponents as well as adherents. But people begin to understand that agriculture is the main support of the majority, especially so in this section.—R.

The Guardian joins with friends throughout the Province in wishing them many happy returns of the day.

COURT OF APPEAL—The Court of Appeal and Equity on Saturday delivered judgment in the case of B.V. LePage et al v. the Dominion Trust Co., a suit for the appointment of a trustee instead of the Company's trustees over certain mortgages in Prince Edward Island, in which the Vice-Chancellor had decided that the suit was properly brought under the pleading. This decision was appealed from and the Court of Appeal on Saturday sustained the decision of the Vice-Chancellor, dismissing the application to set aside the proceedings instituted against the company. Mr. J. J. Johnston, K. C., and Mr. Gaudet, K. C., for LePage et al, and Mr. A. A. McDonald for the Dominion Trust Co.

WEDDING BELLS—A happy event took place at St. James Church, Edmond Bay on Tuesday, June 1st when Mr. Abdon Gaudet son of Jerome O. Gaudet of Miscouche led Miss Mary Madeline Madix to the altar rail. The nuptial ceremony was performed by Rev. Father Baudreault, in the presence of a number of friends and relatives. The groom was supported by his brother Mr. Onessime Gaudet while Miss Madeline Madix stood for the bride. The wedding party then repaired to the home of the bride where breakfast was served and the forenoon spent in various amusements. After dinner the happy couple drove to Miscouche, followed by many guests. The esteemed couple received many valuable presents.—M.

"Now I am healthy, happy and hearty, and owe it all to Lydia E. Pinkham's remedies. You may publish this letter if you like. I think if more women used your remedies they would have better health."—Mrs. J. T. Cook, Lot No. 7, Cape Wolfe, P. E. I., Canada.
