The bride was charming in a gown of blue crepe and black accessories. Miss Louise Davey was attended by Miss Louise Davey, who wore a dress of rose crepe with blue accessories. Mr. Calvin Ross, of New Glasgow, acted as groomsmen. Following the ceremony the happy couple moved to a popular restaurant where supper was served after which they left on a brief tour of the Maritime Provinces. They spent the weekend at the home of the groom's parents, Mr. and Mrs. Arthur Sutherland, of Copper Lake, upon returning they will reside in New Glasgow, where the groom is an employee of J. J. Hoare.—New Glasgow News.

AND WHY SHOULD MARRIAGE FAIL?—WASHINGTON.—(CP)—Is failure in marriage merely the result of ill-fitting combinations of personalities or is there usually something in the personality of one or the other partner that would make for difficulty in mating? This is one of the questions in "Marital Maladjustment" Miss Florence Hollis, social worker and author, is delving into with the help of a fellowship award of the American Association of University Women. Miss Hollis is combining her studies at Bryn Mawr College with case work in Philadelphia.

In the same study Miss Hollis is investigating these aspects: Is it a matter of general immaturity—a child's attachment to a parent—an attitude toward persons of opposite sex that causes conflict? How much of a part is played by specific attitudes toward sexual relations? Are differences in cultural and economic backgrounds of significance? When, as so frequently happens, complaints centre around money, are financial matters really creating trouble or do they rather form a convenient screen for antagonistic feelings that arise from other sources?

Snow bound Roads may Stop anglers

The opening of the trout fishing season is less than two weeks away but the hardy "opening day" anglers are afraid snow-bound roads will keep them away from their favorite streams. Recent indications are the most they can hope for is that paved roads will be open for motor traffic. Dirt roads, leading to country districts with no mud, where they are not blocked by snow.

Reports from rural areas indicate that snow has only just started to melt. Drifts 10 to 15 inches deep are to be found and it is expected roads will not be open for some weeks yet.

Already the first of the season's fishing tackle is appearing in city stores and anglers are beginning to look over their equipment. A number of fishermen protest against the expense of fishing in muddy water and under unfavorable weather conditions but bad roads and cold winds hold no terror at nothing once the season opens on April 16.

When you have heard it judge for yourself whether or not you could have been well advised to resolve to make War Work of some kind a part of your daily life.

Owing to the fact that the Red Cross has been unable to accept all the finished goods at their new quarters as yet, many articles are still in the hands of the different groups in both Parishes. It is therefore suggested that you should account but what we have is as follows:

273 pairs Army Air Force and Navy Socks, 194 pairs mitts including 2 way. 81 pairs gloves, 4 pairs ladies stockings, 30 scarves. 2 pairs Seaman's stockings, 2 Area caps, 4 pairs wristlets. 36 Bed Pads, 12 dozen surgeons masks. 120 sheets, 12 pairs pillow cases.

For Refugees: 22 sweaters. 2 pairs boys' pants, 46 pairs boys' hose, 40 Tans and hats. 2 Afghans.

The Sisters of St. Martha, an affiliated group donated 60 yards unbleached cotton which they made into bandages. They laundered 117 pairs of socks, 99 towels and have volunteered to launder 100 sheets now on hand. They also knitted a sweater, 25 pairs socks and 25 pairs of mitts.

Our Sub-Division subscribed \$200.00 to the last Red Cross Drive, and members were urged to give as generously as possible to that worthy cause. In response to a request from the Canadian Legion to help in furnishing the new recreational centre, a cheque for \$100.00 was sent and 87 books collected for their library. We are also donated to War Service Appeal.

On Armistice Day a wreath was placed on the Soldiers Memorial in memory of the men who gave their lives in the last war.

A tag day realizing \$252.00 was held in November to raise our quota to our War Service Fund of \$25,000.00 which was given to the Federal Government for War Work. It is probable the amount will be of more interest for the duration. In addition to this amount that is given nationally \$1503.00 to Red Cross and \$2017.00 to other patriotic organizations.

Over 50,000 garments for War Refugees work, and 24,212 articles for hospital supplies, as well as 3,000 hours of service in Red Cross Centres, Canada, since 1914, by our National Convener.

The Convener for War Mail will give an account of the service she has rendered in her work of sending reading matter to the Army, Navy and Military Hospitals in Canada and England too.

An appeal to each of our 631 Sub-Divisions to participate in a systematic manner in the National War Savings Plan has been made by Mrs. Halsey, National Convener of War Work. She suggested: (a) Co-operation with local War Savings Committee.

(b) All Sub-Divisions in their efforts to give War and social activities to the War Savings Stamps and Certificates for prizes.

(c) That our regular meetings be looked for a full explanation of the purchase of War Savings Stamps. A special speaker, preferably a member of the local War Savings Committee, should be invited to address the meeting.

(d) At every meeting of the League to boost the sale of War Savings Stamps, and that any surplus War Savings Certificates be placed in regard to this important phase of War Work. It is gratifying to note that over \$7000.00 of our National Funds has been invested in this manner. 53 per cent of our members buy War Certificates and 27 per cent buy War Savings Stamps.

Many hours were spent at the Red Cross Depot packing, cutting and shipping.

SERVICE WOMEN PROUD OF CARS LONDON.—(CP)—Members of the Women's Transport Service have driven more than 526,840 miles in one of the largest fleets of its kind in Western Nova Scotia.

Each woman driver must know how to do everything except the coming in from long. After driving she must check, refill, check and see that the car is in order for instant service before attending to her own needs. "Like the cavalry of yesterday her machine gets attention before she can have a meal or a hot bath" one officer said.

RESTORE OLD FORT NATHOCHER Miss.—(CP)—As a memorial to 90 Frenchmen and other whites massacred by Indians in defence of this French Empire area in 1729 Fort Rosalie with stockade and towers has been fully restored.

REPORT OF CONVENER FOR WAR WORK CHARLOTTETOWN SUB-DIVISION, C. W. L. 1940-41.

While we know that in doing good deeds, the left hand should not know what the right hand does, still in many cases, (and this is surely one) it is our duty to consider well our record of work for the year, and we may satisfy ourselves as to whether or not we have done our utmost in our war effort.

It is in this spirit that this report is made and presented, and in a spirit of gratitude to God for giving us the means of helping to alleviate the sufferings of those who are enduring so much for the saving of our lives, and the well-being of our Christian civilization holds most dear and most essential.

When you have heard it judge for yourself whether or not you could have been well advised to resolve to make War Work of some kind a part of your daily life.

Members took part in the Red Cross Drive, and in the National and Voluntary Registration of Women.

Many have asked, why we as a National body were not included in the current War Service Campaign for funds as you must know, there are many things to be considered.

First, in order to qualify as an organization deriving benefit from this campaign, we would be required to establish hostels or hostesses across Canada, working in conjunction with the C. W. L. in England.

Our Sisters of Service Hostels, which are established in most of the large cities for the convenience and protection of girls and women, are doing much for the wives, sweethearts and sisters of men in the Service but cannot be called Hostess Houses, as the peace time programme must largely be adhered to. However, the question has been well discussed by the Minister in charge of the National War Service, and the Minister in charge of the National War Service, and the Minister in charge of the National War Service.

Our National status has been recognized by National Red Cross Centres for we have two representatives upon it, and by the Minister of War Services and Minister of Finance in all their war time undertakings.

We are very grateful to the ladies of both parishes for their earnest co-operation, which we hope will continue, even increase in the year ahead. Also to Mr. D. J. Riley for the use of a heated and lighted room in the Riley Building, which he has very kindly placed at the disposal of one of our Red Cross groups. To Messrs. Bro. Pope Clarke, and Barbour and Gordon Donald for cartage of machines and goods.

Thinking the past year, the heroic endurance of the men, women and children of Great Britain amidst the wreckage of their homes, and in constant peril of their lives, has won the praise and admiration of the world, and we are proud to have our own people, who have so far been spared these awful outbreaks of horror, should be glad to make any sacrifice, and do their part to lift up our hearts in prayer for our Country in her hour of trial and sorrow that the hour of glory may be soon.

And now in behalf of our people, I can do no better than quote Bishop Bray of Saint John, an address on Intercession Sunday "Our greatest prayer, our best offering, is to glorify God on earth as he is glorified in Heaven; to live as He wants us to live in heart, mind and deed.

For this we can justly beg from divine Mercy and Justice the blessings and protection which we so sorely need to-day. Let all lives be remodelled in accordance with His laws, so that He may hear our prayers, that the dangers and perils of these days may pass from us."

Respectfully submitted, GERTRUDE M. CASEY, Convener War Service

"GRANDMOTHER DREAMS"

Grandmother's knitting a sweater of blue. But her thoughts are far away. For the little grandson she loves so well is a soldier, fighting in England today.

And Grandmother thinks of a little boy With golden curls and eyes so bright, Who brought to her always in early spring A bouquet of violets, blue and white.

As the misty blue of twilight Comes at the close of day, Grandmother's thoughts go over the sea To the lad who has gone away.

So dreaming there is her easy chair, She falls asleep in the bright moon light, In her hands an old and withered bouquet Of violets, that once were blue and white.

—Constance I. Heckbert.
