### Central Guardian SAINTS AND P. W. C. PLAY TO A DRAW

The football match on Saturday at the Abegweit grounds was one of the most spectacular games seen played here for some years. Spectators treated to a real snappy game, excitement kept at highest pitch all through the two periods. College yells that put the players on their toes from whistle to whistle.

On Saturday afternoon, at the Abegweit grounds, the Saint Dunstan's second team and Prince of Wales battled two twenty-five minute periods to a draw in a game that was marked by spectacular runs and tackles, keeping a large audience in great excitement all through the game.

The teams of Saturday displayed all the good qualities of clever playing, they left nothing to be desired in either punting, tackling or combination, the ball coming from the scrim clean, and was handled by the quarters and halves in a heady fashion.

The St. Dunstan's took the kick in the first half, which was nicely returned and the battle opened, both scrims standing pretty even. The P.W.C. boys who were determined to turn the tables of the previous game worked fast and soon had the ball in the Saints' territory, where it was kept moving from quarter to half and finally to touch at centre field, with only a few minutes to play, they struggled on, neither side having any advantage, when the whistle blew for all clear, the forwards were linked together for a scrim, the game being scoreless.

For the Saints, O'Brien, Murphy, Wedge, McCabe, Foley and McDonald played good ball and for P.W.C., Wedlock, W. McDonald, Smith, Ross, G. McDonald and Cass starred. Fred Kelly refereed the game satisfactorily.

The line up was as follows:—

**SUCCESSFUL OPERATION**—A telegram received from Montreal says that Conductor Frank McKee was successfully operated on Friday and is doing as well as can be expected. Mr. McKee's many friends will be pleased to receive this news and hope for his speedy recovery.

**BRANT AT PICTOU**—Last week Capt. T.G. Taylor of the Marine Department returned from Pictou where the C.G.S. Brant is on the marine slip undergoing repairs. Capt. Taylor says the work on the steamer will probably be completed this week, when she will proceed to Charlottetown. The dredges which have been operating at Tormentine and Borden, are also being overhauled at Pictou.

**WAR ANNIVERSARY**—It was on October 30th, 1918—just four years ago today—that Turkey surrendered to the Allies and signed the armistice. Austria followed next, capitulating and "signing up" on Nov. 3rd. Between this date and Nov. 11th the final signing of the armistice by Germany, great events happened. Mauberge, Hirsion and Mesieres were captured by British and French troops; the Americans entered Sedan; and the Canadians captured Mons up on the very day of victory.

### Islander Wins Herald And Mail Bicycle Race

Race on Saturday was won by Geo. Walker of Charlottetown who covered the distance of 45 Miles After Using Three Bikes in Two Hours and Thirty Three Minutes. Geo. Francis, Abegweit Entry was injured and did not finish. Walker Competed for Halifax Wanderers.

HALIFAX, N. S., Oct. 28—Geo. Walker repeated his sterling performance of last year again this afternoon, he won the Herald and Mail 45 mile bicycle race from Windsor to Halifax in the record breaking time of two hours and thirty three minutes after a chapter of accidents of the ride in. Francis, the Maritime champion, was held up on the road through a minor accident to his wheel and did not finish with the prize winners. He later fell off his bike and badly injured his leg and arms. Walker led practically all the way and was forced to use three wheels. The first bike broke down 18 miles from the start and the chain loosened on the second three miles from the finish. The Islander had such a big lead at this point of the race that he was able to coast in on a heavy wheel with over a minute to the good. Walker competed for the Halifax Wanderers today.

**WEALTH OF SWISS FORESTS**  
Switzerland today reaps the benefit of her wise policy of forestry pursued for hundreds of years. Out of every 100 square miles of territory, 17 are covered with forests. The municipal forest of Zurich, famous throughout the world, has been producing timber continuously during the last 600 years. Crop after crop has been grown and marketed and new crops started. It is a common saying in Europe that "Switzerland holds her mountains up and her taxes down" with her forests. These forests, largely municipal, protect farms and towns by preventing landslides. In addition they pay dividends which materially reduce tax levies. Moreover, it is her forests, as well as her mountains, which make the men of Switzerland strong and self-reliant. It is her forests, too, which help to attract and charm tourists.

**CAPT. HEARN WELCOMED**—Capt. John Hearn, in command of the C. G. S. Montcalm which is taking the place of the Arammore for light house supply duties to Belle Isle for the remainder of the season, is being welcomed in this port by his many friends. Capt. Hearn, who hails from Newfound, was for many years connected with the passenger service between Charlottetown and Montreal and he also took the icebreaker "Hazen" from Russia to Canada. The Montcalm, which is now in port taking on light house supplies, will probably sail for Belle Isle Straits on Tuesday.

**ISLANDERS CELEBRATE**—A Halloween party and dance will be held on Tuesday evening, October 31, at 8 p.m. in the Intercolonial Club parlors, 214 Dudley St., Boston, for all Club members, their families, and the lady associates among whom are many Islanders. Refreshments will be served in the Dutch Room during the evening and favors will be distributed. An excellent orchestra has been secured, and Mr. Daniel B. Munn, of Montague P.E.I. will be in charge of the dancing. The Refreshment Committee is composed of Messrs. J.M. Kichham of Souris, P.E.I. Island and Ronald Gillis, formerly of Kelly's Cross is chairman of the entertainment committee and Mr. W.H. Gordon, of Montague, the Inviting Secretary of the Club.

Mr. W. MacLaren Vancouver, B.C., who has been visiting the eastern part of the province was in the city Friday.

**WESTERN NATURAL RESOURCES CLAIM**  
EDMONTON, Alta., Oct. 28—In a wire just received at the government offices from Rish Hon. MacKenzie King, an appointment for a conference with Premier Greenfield and Attorney-General Brown in regard to the transfer of Alberta's natural resources is suggested for November 7. It had been desired by the Prime Minister that Hon. W. S. Fielding, Minister of Finance, should be present at this conference and a later date had first been suggested in order to await Mr. Fielding's return from Europe; but it now develops that the finance minister will not be back until the end of December and Mr. King has therefore decided to proceed with the meeting.

It is also suggested by the Prime Minister that the premiers of Saskatchewan and Manitoba be included in the conference, and both Premiers Dunning and Braeken are now being communicated with from Edmonton to ascertain if the date named in the Ottawa wire is satisfactory. In that event the day after Thanksgiving will see the three prairie chiefs in session with the Dominion authorities over the question of the public domain.

**Football**  
Officials of the Nova Scotia Rugby Union complain that only a few teams, four, to be exact, have complied with the regulations of the organization formed last fall to control English Rugby in the Maritime Provinces and to date the constitution of the association remains in abeyance. The union desired that the constitution be endorsed by the various football teams in the province, and this endorserion is forthcoming. The Rugby Union will not essay to take control of the sport. Caledonia, Wanderers, Dalhousie and St. Francis Xavier's College have accepted the constitution and are thus in line to claim a Maritime title.

With no recognized English Rugby in the Maritime Provinces, it will be difficult and in fact almost impossible, to decide what Maritime team should compete with the winners of the Upper Canadian English Rugby competitors for the Muller Cup, a tentative date for the championship clash has been set and the Quebec and Ontario teams are now engaged in the series to decide the winners of that section. Discussing this phase of Maritime football affairs the Halifax Chronicle, after pointing out that a half dozen or more teams will be claiming Maritime football; when the season is concluded and snow is on the ground, says that until the majority of the football clubs in the province show an inclination to assist the officials of the Nova Scotia Rugby Union there is little need for the latter to attempt to function. Certainly, football affairs in the province, in so far as championships are concerned, have been conducted in a slipshod manner, and there has never been a real test demonstrate which team has the right to be dubbed Maritime champions.

**Two P. E. I. Doctors Honored by U. S. A.**

Nova Scotia: James Bruce Sydney, Arthur E. Dault, Halifax; P. A. MacDonald, Halifax; Robert E. Mathers, Halifax; Clarence Miller, New Glasgow; Vernon L. Miller, Halifax; W. S. Phinney, Lawrencetown; William G. Putnam, Yarmouth.  
Prince Edward Island: W. J. MacMillan, Charlottetown; Edwin T. Tanton, Summerside.

**Ulster Parliaments Threatens Withdrawal**  
(Special to The Guardian.)  
BELFAST, Oct. 28.—The Ulster Parliament adjourned today, after December 12th when Ulster Premier Craig announced, will "contract out" of the Irish Free State. He added that the Ulster parliament stands on its feet as long as it is possible in order to prove to the world that it had no hesitation in the course it purposed taking.

**WEDDING RINGS**  
It was once an old English wedding custom for the bridegroom at the ceremony to present the bride with a purse of money as well as a ring. This appears in the words of the ceremony as given in an old edition of the Prayer Book:  
"With this ring I thee wed, and silver I give thee."  
The ring was the sign that the wife was entrusted with her husband's property, especially valuable possessions were delivered into her care. She was responsible for them. Wedding rings were often used as seals, and with them the fastenings of household treasures were stamped. Roman rings were iron and seal rings, and it was common for a man to give his wife two of them—one, of gold, to wear outside the house for show and one of iron, for every day use. The tradition of the "fourth finger of the left hand with the vein leading directly to the heart" seems to have an ancient origin, the thumb being reckoned as first finger.

**HOLIDAY**  
God set some daisies in a field— some roses in a lane; And Nature smiled into our souls and made us young again! God lighted stars along the sky—that stary all flecked with grey— And hope came dancing down the world and scattered gloom away! God swept the land with fragrant winds; sea scents to brace the air! And somehow life seemed livelier; nay, glory, sweet and fair!
