Wear **KAYSER**
"MIRO-O-KLEER" Hosiery

Such sheer, clear hosiery makes lovely legs lovelier and flatters other legs. They fit beautifully, cling like a second skin. The longer heel splicing slenderizes—and the colours offer a choice to harmonize with new Spring costumes.

Slim, slender ankles and you can afford to wear heavy service weights—although, your feminine heart will tell you to draw attention the fact that your legs are lovely with the sheerest hosiery possible.

Sheer hosiery is kind and slenderizing. The run-proof stocking "Sansrun" is most durable, yet it gives a sheer effect. "Neutrelle" is a grand shade to play down robust calves.

STUDY LOVERS CLUB'S 15th YEAR.—An outstanding social event took place on Friday, March 21st when the ladies of the Study Lovers' Club assembled for their annual luncheon at the Charlottetown Hotel, to celebrate their 15th year of meeting together each Friday for the discussion of current events and the study of literature in all its forms. The table at which fifteen were seated was decorated with Spring flowers and a choice menu was enjoyed. Before the toast to the King original verses, many of which brought forth much merriment, were addressed to each other by their fellow members. Bridge, chat and knitting occupied the afternoon. The President Mrs. Cecil Stewart was presented with lovely flowers and prize winners were Mrs. Lantz, Mrs. Putnam and Mrs. Turner. The time approaches when the club will be regrettably discontinued for the season. In the meantime all look forward to their resumption in October. A sum of money has been sent from the club to the Junior I. O. E. to buy materials for the clothing which this energetic Chapter is preparing for children in bombed areas.

BONSHAW W. M. S.—The regular monthly meeting of the Bonshaw United Church W. M. S. was held at the home of Mrs. John McPhail on March 10th, with a good attendance despite the stormy weather. The President, Mrs. Nell Ferguson in the chair, and members present taking part in the program prepared for the March meeting. The President read a letter from Mrs. A. J. Matheson, president of the P. E. I. Presbyterian urging this society to organize a Baby Band and it was decided to endeavor to do so during the coming summer. The stewardship secretary, Mrs. Geddie McLeod presented an Easter program which the members approved and plan on holding on Easter Sunday evening, April 13th in the Bonshaw United Church. A Bible contest under the direction of Miss Isabel Ferguson was quite instructive, the prize winners being Mrs. Dan MacPhail and Mrs. Fred Shaw. Refreshments were served by the hostess, assisted by the lunch committee, Mrs. Nell Salmond and Mrs. Fred Shaw. The April meeting to be held at the home of Mrs. (Dr) Murchison.

"WHITLIN"—The Dundas Y.P. put on in the Bridgetown Hall recently, a play that was well worth seeing. There were seven in the cast, five boys and two girls and each did his part extremely well, creaking at times, a breathless hush, and again peals of laughter. The Y.P. are to be congratulated for their achievement. Other communities it is hoped, may have the privilege of seeing this highly amusing play.

THE STORY OF THE "FRED B. TAYLOR"

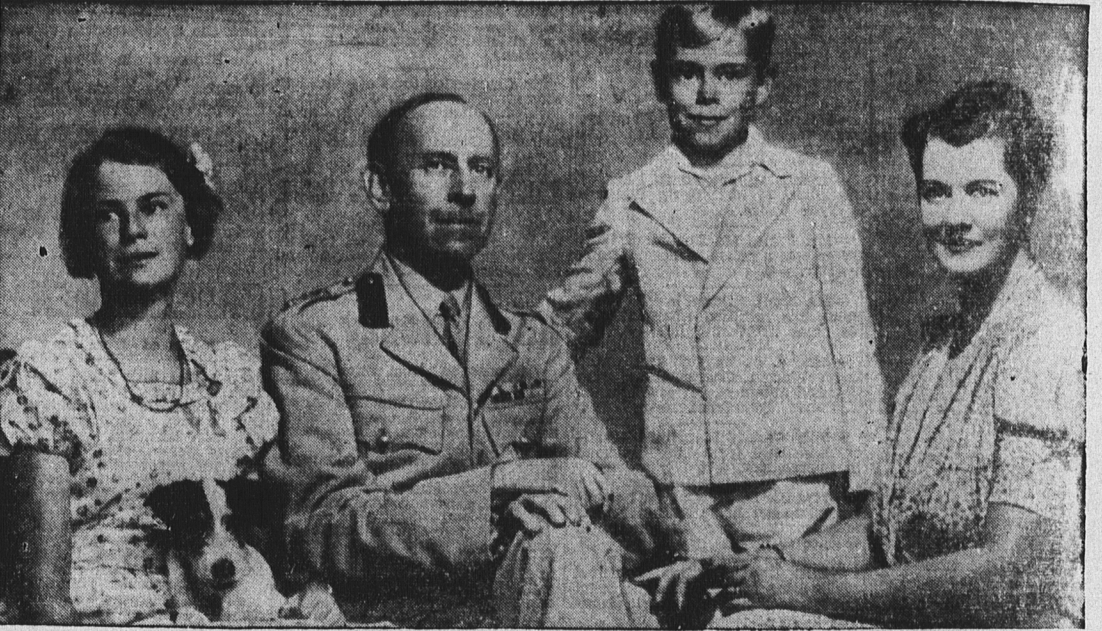

The Yarmouth ship "Fred B. Taylor", 1798 tons, was built at Tusket, N.S., in 1883. In 1892, the "Fred B. Taylor", one of the largest and finest of the Yarmouth County ships, was bound for Sandy Hook when she was run into by the steamship "Travel". The impact was so great that the "Taylor" was cut clean in two. The most remarkable thing about the accident was that the two halves of the "Taylor" drifted away in opposite directions. The bow section was last reported 93 days later off the coast of Virginia, 340 miles to the south, while the stern section drifted 350 miles to the north and went ashore near Kennebunk, Maine.

Canadian Colonel Serves on Gen. Wavell's Staff

Chief signals officer with the British army in Egypt is Col. W. Miles Miller, M. C., whose mother and sister live in O. Kville, Ont. The colonel is shown here with his wife and children, Nos. 13 and David, 9. They were attending school in England when war broke out and flew to Egypt to be with their parents. They have since moved to Durban, South Africa, where they are continuing their studies. In a recent letter to his mother, Col. Miller told of attending a party at Cairo in honor of Sir Archibald Wavell and officers of the victorious allied army.

Canadian Soldiers Prepare Themselves For Battle Anywhere

Peaceful, snow-covered meadows, apparently devoted of life to the observer a few hundred yards away, suddenly disgorged lines of charging men as ski troops practice winter manoeuvres in many parts of the Canadian countryside. Spread across the field, these white-clad soldiers (TOP) learn to crawl silently toward an unsuspecting foe. Days and nights in the snow harden these winter warriors (BOTTOM) for any type of service and teach them to look after themselves in all conditions. Equipment loaded on toboggans, skis strapped on their feet, they are ready to start on a three-day trek. Each man carries complete army equipment, including respirator.

Canadians Are World's Greatest Egg Eaters

HALIFAX, N. S.—There's gold in their eggs! would seem to be the opinion of one poultry raiser in Halifax County, Nova Scotia, whose egg production for four months totalled 1,977 dozen with a total revenue including the sale of some copon, of \$922.95 against which were charges for feed and other items of cost of \$261.30, showing a net profit of \$661.65, according to the Agricultural Department of the Canadian National Railways. Canadians are the greatest egg eaters in the world and the government of Nova Scotia is fostering the production of poultry among farmers, states a report of the department. An egg exchange operating in the province reports that during 1940 it handled for consumers a total of 268,054 dozen eggs, netting the producers 26.7 cents per dozen compared with 271,921 dozen in 1939 netting 24 cents a dozen. The exchange produced nearly 82,000 dozen eggs for sale which averaged 29.2 cents gross. The average production was about 175 eggs per bird, giving a gross return of \$4.25 per bird, which at last year's feed prices averaging from \$2.00 to \$2.10 a cwt., gave a return quite as good as could be expected from other lines of livestock. Another co-operative egg grading station has been opened in the province, namely at Aylesford, Kings County. The first week showed a heavy volume of eggs.
