DEATH, DESTRUCTION IN WAKE OF STORM

N. ATLANTIC SEABOARD HARD HIT

Over Score Dead In Automobile Accidents — Seven Persons Missing In New England.

(C. P. By Guardian's Special Wire) NEW YORK, Nov. 18.—The worst autumn storm to hit the North Atlantic seaboard in nearly 20 years left extensive damage, snow and ice tonight over an area from Cape Cod to Cape Hatteras.

The raging northeaster, which blew down upon the East over the weekend, moved with diminishing force out to sea today off Nantucket while wreckage-littered coastal communities made repairs and assayed property losses in the millions.

New York, New England, Pennsylvania and New Jersey bore the brunt of storm violence from winter's racing outsider.

Whole towns were flooded by high tides along the Long Island and Jersey coast; as much as nine inches of snow fell on upstate New York, flooded ferry terminals crippled New York City's commuter service; 20-foot waves pounded the lee-coasted snow drifts in Maine; small boats were smashed by wind and wave; several persons were killed.

Shipping Endangered

Three vessels at sea, caught by the raging inshore storm, made shelter after coast guard and ocean.

Captain Cleared Of Blame In Ship Disaster

MANILA, Nov. 18.—Captain H. A. Lennard, master of the British freighter Silverhazel, who with three others lost his life in the wreck of his ship Nov. 9, was cleared of blame for the disaster by a committee of inquiry today.

The wreck was due to strong winds and lack of visibility in the narrow passage of San Bernardino Straits 350 miles southwest of here, the committee of four headed by Arthur Blunt, British consul general, decided.

The Silverhazel crew will sail Nov. 25 for England aboard the Empress of Canada.

DISTILLERIES PLEASED WITH NEW DUTIES

Variety Of Opinions On Effect Of Reciprocity Terms.

(C. P. by Guardian's Special Wire) Canadians studied terms of the new trade agreement with the United States with light and expressed a variety of opinion. Some sections of the world of trade and commerce expressed fears their business would be adversely affected, but others warmly approved the new tariffs.

Lumbermen were jubilant at the prospect of increased shipment of Canadian lumber to the United States because of lowered duties. Livestock shippers also saw increased exports resulting from the new duties. Dairy farmers were pleased with lower rates on some of their products.

Manufacturers of automobiles, radios, farm implements, electric refrigerators and other articles believed they would suffer from United States competition. Textile industrialists expressed similar views. Printing firms were fearful.

United States magazines now printed here would abandon Canadian publication when United States magazines are admitted duty-free.

Express Satisfaction Distillers expressed satisfaction with downward revision of duties on liquors, believing they could find a ready market in the United States for the large stocks of aged liquors on hand.

Merchants of border cities and towns awaited definition of the "tourists" permitted under the treaty to bring back \$100 worth of goods duty free from the United States. They were of the opinion border residents making daily trips over the line or tourists visiting the United States for one day would not be privileged under that clause. Clarity on that point is expected shortly.

Sir Thomas White, former Minister of Finance, said at Toronto "the lowering of United States tariffs on lumber, fish, agricultural products and other commodities should prove of material advantage to Canadian primary producers."

J. S. McLean, President of Canadian Packers Limited, declared he foresaw "more expensive meat for Canadian consumers because cattle prices will go up." Col. Harry Cockshutt, President of Cockshutt's, said:

SEED POTATO QUOTA DISAPPOINTING TO CANADIAN SHIPPERS

No Great Advantage To Be Derived Under Quota Which Represents Only One-fifth Of One Percent Of Annual U. S. Crop

(Canadian Press) The seed potato quota allowed by the Canada-United States trade treaty was too small to give any great assistance to Canadian producers, Mr. J. W. Boulter, manager of the P. E. I. Potato Growers' Association said here last night.

Other leading potato wholesalers gave similar views. Although they welcomed the reduction provided by the treaty, they expressed the hope that it would be increased.

Fox ranchers pointed out that silver fox furs were unaffected by the provisions although other raw furs had free access to United States markets. Island fishermen were little affected by the new regulations as lobsters, oysters and cod are the principal catch in Island waters and these items were unchanged.

Co-operative organizations were jubilant over the reduction given on turnips.

SEE LITTLE CHANGE IN CABINET POSTS

LONDON, Nov. 18.—Changes in the make-up of the Cabinet following the victory of Prime Minister Baldwin's Government at the general election last week will be reduced to a minimum, usually well-informed circles indicated tonight.

No definite decision has been reached regarding the future of Ramsay MacDonald, former Prime Minister, and Lord President of the Council, who was defeated in Seaham, Macdonald and Anthony Eden, Minister for League of Nations Affairs, conferred today with Mr. Baldwin.

It is understood, however, that Malcolm MacDonald, son of Ramsay MacDonald, will remain as Colonial Secretary if a seat can be found for him. Malcolm was defeated in Bassetlaw.

Informed quarters said there was no intention of having Eden relinquish the position of League Minister. It is believed that Sir Bolton Eyres-Monsell, who previously had signified his intention of retiring, is likely to accept a peerage and retain the post of first lord of the admiralty, in view of the imminence of the five-power naval conference scheduled for next month.

It was suggested that if the elder MacDonald retires, he will be succeeded by Lord Halifax, Secretary for War. Mr. Baldwin is said to be anxious to retain Lord Halifax in the Cabinet. This would necessitate a new appointment at the war office.

ISLANDER DIES SUDDENLY WINNIPEG, Nov. 18.—Just to "rest up," Montague Howatt, 94, entered hospital here some days ago. He died today. Born in Tryon, P. E. I. Mr. Howatt was prominent in real estate here for 52 years. He retired in 1933, when 92.

STORMY SCENE IN FRENCH COURTROOM

Croats Face Trial For Assassination Of Yugoslav King And Louis Barthou.

(A. F. By Guardian's Special Wire) AIX-EN-PROVENCE, France, Nov. 18.—A mid-storm courtroom scene, M. Krai, one of the three Croats brought to trial for aiding the assassination of King Alexander of Yugoslavia, told from the witness stand today how a woman and a mysterious "Petar" armed the terrorist band in France.

But he insisted he knew nothing of the nature of his "mission" until he left Hungary for France, and declared he fled in horror from Marseille, where the King and Foreign Minister Louis Barthou of France were shot down on Oct. 9, 1934.

"Petar"—suspected by prosecutors of being the slippery Dr. Ante Pavelich, accused master mind of the plot, gave him two bombs and two revolvers, Krai testified. The woman, he added, handed him 1,500 francs pocket money.

Accusing Dimitrov Velitchko, the actual slayer, who was killed on the spot, the accused conspirator declared: "Velitchko led me. I didn't even know the King was debarking at Marseille. The streets of Marseille were full of people.

"Velitchko confessed to me: 'I know where I must go, what I must do.'"

"The fight of the crowd upset me. I fled for fear of killing innocent persons."

Krai, who admitted taking the oath of the Ustachi band of terrorists for the liberation of Croatia, said he had no recollection of the alleged revolutionary work he evaded others by saying he didn't remember. He said however, he was recruited for the Ustachi in 1933 by Pavelich and admitted he lived near the Janka Puzista farm in Hungary which allegedly was the base for the terrorist band.

Frequently Krai refused to answer one interpreter because, he said, the interpreter distorted his replies in the preliminary investigation and spied on him for Yugoslav police.

Also on trial are Zvonim-Rpopceh and Ivan Rajlich. The prosecution's indictment stated French authorities had been unable to persuade Italy and Austria to extradite Dr. Pavelich and two other accused Ustachis.

U. S. Agricultural Interests Protest Agreement.

(By L. S. Kimball, Associated Press Staff Writer) SACRAMENTO, Calif., Nov. 18.—The National Grange, by a unanimous vote of delegates, called upon the United States Government to rescind its new reciprocal trade treaty with Canada.

Adopting a report of the Legislative Committee, which climaxed a day of individual broadsides delivered against the treaty by many delegates, the farm body said: "If these treaties are not rescinded, we demand the repeal of the reciprocal Tariff Act just as soon as Congress convenes."

No Announcement Follows Fascist Council Meeting

Recall Of General Emilio De Bono From Africa Viewed With Significance In London Quarters.

(C. P. By Guardian's Special Wire) The first concerted effort in history to end fighting by joint economic action began against Italy Monday. Almost every member of the League of Nations applied economic and financial sanctions against her.

Fascist Italy, indicated by the League as an aggressor for her campaign in Ethiopia, received the economic blockade quietly. The Fascist Grand Council met last night but no announcement was made.

Embassies, legations and consular offices of sanctioned countries were guarded throughout Italy. There were no disorders.

Peace efforts are apparently at a standstill. A French foreign office spokesman said there was nothing to do but wait for a new opening.

Report Rioting The Havas correspondent at Direkawa said troops arriving from Addis Ababa told of rioting among Ethiopian soldiers there. The arriving forces were poorly equipped. Doubts were expressed that Ras Nasibu would receive the reinforcements he expects in the South.

Italy sent two columns in search of Ras Seyoum, reported rallying 20,000 to 30,000 followers in the Tembien mountains, between Aksum and Makale, for an attack on the invaders.

The Ethiopian government claimed Italian airplanes bombed the civilian population of Enderta, near Makale, killing and wounding a number of persons.

A Reuters dispatch from Berbera, British Somaliland, said three British Somali tribesmen were killed when native irregulars attacked three Somali villages.

Sanctions Imposed GENEVA, Nov. 18.—(C. P.—Havas) An attempt, unprecedented in world history to force a major power to abandon a war by cutting off vital supplies, was under way tonight with formal application of League of Nations sanctions against Italy by 52 member countries.

Observers here predicted it would be some time before the full effect of the relentless stemming of the flow of imports would be felt in Italy, pointing out that there existed in the country considerable stocks of foreign goods.

A summary of the sanction measures taken against Italy reveals that their hoped-for effect will be three-fold: loss of financial aid, serious scarcity of essential materials and economic stagnation through paralysis of export trade.

Fifty-two nations declared the campaign effective by ceasing to supply to Italy its needed war materials. Fifty nations have banned all purchases from Italy.

Italy's response to this collective action was to refuse to purchase in countries joining in the boycott. This move actually will intensify the whole effect of the sanctions program and to that extent it is in line with the League's wishes.

One of Italy's principal intangible exports is the income from its merchant marine, which is expected to drop severely as a result of the League boycott and the voluntary Italian counter-boycott.

With the 52 nations participating in the sanctions (four others—Austria, Hungary, Albania and Paraguay—agreed partly to associate themselves.

SAINT JOHN, Nov. 18.—Rev. Dr. Arthur C. Vincent preached his first sermons as pastor of the Main Street Baptist Church yesterday. Rev. I. B. Colwell welcomed the new pastor at the morning service, when Dr. Vincent preached from the text "And He said unto him, if thy presence go not with Me, carry us not up hence." He spoke of the ideal relation of pastor and congregation and outlined the requirements demanded by the Great Head of the church. Kenneth C. Todd, clerk of the church, read two telegrams of greeting to the new pastor, one from the congregation of the Charlottetown Baptist Church, Dr. Vincent's former charge, and the other from Rev. Dr. George B. Macdonald, former pastor of Main Street Baptist, now in Petticoat. In the evening Dr. Vincent took as his text "I am not ashamed of the Gospel of Christ."

Ford Company Makes Price Reductions

(C. P. By Guardian's Special Wire) WINDSOR, Ont., Nov. 18.—President Wallace R. Campbell of the Ford Motor company of Canada today announced price reductions effective tomorrow "in anticipation of the reduced tariff under the Canada-United States trade treaty effective Jan. 1."

Mr. Campbell said: "We are taking this step in advance of that date so that employment may not be curtailed." Price reductions range up to \$35 on passenger cars, trucks and commercial vehicles. Before the cut was announced it was anticipated prospective buyers would wait until Jan. 1, for the reduced price.

Quebec Parties Enter Final Week Of Election Campaign

(C. P. By Guardian's Special Wire) MONTREAL, Nov. 18.—Official nominations today plunged the province of Quebec into the last week of its election campaign with two members of the next Legislative Assembly—the 19th—elected by acclamation and contests in 88 seats.

Battle lines were drawn between the Liberal party, headed by Premier L. A. Taschereau, on the one hand, and the Alliance of Conservatives and Action Libérale Nationale, on the other. Appearance of Independent-Liberals, Independents and others produced a number of many-sided fights. Polling will take place next Monday.

PROTEST TO LEAGUE

Sequel To Egyptian Rioting Of Last Week.

CAIRO, Egypt, Nov. 18.—The Egyptian Nationalist party, the Wafd, tonight cabled to the League of Nations secretariat a memorandum declaring that Egypt was "the victim of evident aggression."

The memorandum, presented "in the name of the Egyptian people," was a protest against the steps taken by British and Egyptian authorities to restore order during the riots last week.

Japanese Army To Foster North China Independence

(By Glenn Babb, Associated Press Foreign Staff) (A. F. By Guardian's Special Wire) TOKYO, Nov. 18.—Japanese dispatches tonight said an independent state of North China would be created this week under the protection of the Japanese army.

This new state, the reports asserted, would settle all economic and financial relations with the Chinese National government at Nanking and seek to promote cordial relations among North China, Japan and Manchoukuo.
