LOADING LIVE HOGS at Hazelbrook on Wednesday the 11th, Harry Jenkins. 6029-11-13-31

REV. A. E. KOCHALY, Secretary of the Armenian Relief will preach in Bradabane 11, and Rose Valky 7 on Sunday.

FUNERAL NOTICE.—The funeral of the late Patrick McManus will be held on Sunday, 15th inst., from the residence of Mr. G. D. Conway, 139 Sydney St., to Fort Augustus Cemetery. Funeral leaving the house at 12.30.

CHURCH SERVICE.—North Bedouie at 11; Travelers Rest at 3.30; Freetown at 7. Rev. F. E. Bosthroy will conduct the services at North Bedouie, and Mr. Thos Moysa at Freetown.

LONG RIVER SERVICE.—Rev. A. N. Gilks of Malpeque will conduct services Sunday, Nov. 15th, at Long River at 3 p. m., and New London at 7 p. m. All who have not yet had an opportunity of bringing their W. M. S. Thank offering envelopes in, will kindly do so at this meeting.

PRETTY SNOW WHITE AND ROSE RED IN COLOR CUT-OUTS.—Snow White and her sister, Rose Red, lived in a little hut in the woods with their mother. Then one evening, while they were sitting around their warm fire listening to the howling of the wind and feeling glad they were at home, Snow White heard a strange sound at the door. And what do you think it was? By reading Color Cut-Outs every day, you can find out what rapped at Snow White's door. There will be paper dolls of all the characters with which you can act out the story at the end of two weeks.

PERSONALS

Mr. Cephus Munn, Winsloe, was in the city yesterday.

Mr. James McNevin, Canoe Cove, was a visitor to the city yesterday.

Mr. Layton, McCabe, Alexandria, was in the city yesterday.

Mr. Geo. A. Carrier, Cherry Valley was a visitor to the city yesterday.

Mrs. Henry Curren, Pleasant Grove, was a visitor to the city yesterday.

Mrs. Elizabeth Affleck, Donaldson, was a visitor to the city yesterday.

Mr. W. Chesley Robertson, Norbro, left Tuesday morning to attend the annual Fox Show in Toronto.

FOOLING THE BOSS

A dog recently entered a church in Aberdeen, Scotland, and after causing much commotion was summarily ejected by the minister. The canine intruder would have passed almost unheeded in many a Highland Kirk half a century ago, when it was the general custom for the shepherds to take their faithful collies with them to church.

In some districts where the population was scanty, the congregation on Sunday morning would frequently be made up of half a human and half a dog. The canine auditors sat at the service with commendable patience until the announcement of the last psalm, when there was a general stretching and yawning preparatory to scampering out as soon as the benediction had been pronounced.

In one Kirk the congregation determined that the service should close in more decorous fashion. When a strange minister officiated one Sunday he found all the folks sitting when he was about to pronounce the blessing and paused for them to rise. "Say awa', sir," whispered one old shepherd near the pulpit, "we're a sitting to cheat the dogs."

STOP THAT HACK

The longer neglected the harder it will be to cure. Continuous coughing weakens and overtaxes the lungs, leaving them exposed to attacks of other diseases.

White Pine Tar AND Wild Cherry is a pleasant effective remedy for coughs, colds, bronchitis and all irritations of the throat.

It is the Ideal Household Cough Mixture

LONDON LETTER

THE OFFICE OF THE HIGH COMMISSIONER FOR CANADA IN LONDON WEEK BY WEEK 29TH OCTOBER, 1925.

The increased utilisation of Canadian grown tobacco by United Kingdom firms is a noteworthy event of recent times, and is resulting in the further development of tobacco growing in Canada after a further investigation of conditions in Great Britain, reported to London Trade Commissioner that no less than nine influential enterprises in Ontario and Quebec are now packing tobacco for export to Great Britain, where satisfactory connections have been established.

This year's tobacco crop in Canada is of excellent quality and yield. The total quantity of Burley and Broad Leaf and flue-cured or Canadian Virginia, is estimated at 20,000,000 lbs. or more while the Quebec crop should reach about 8,000,000 lbs. Of this quantity from 6,000,000 lbs of Canadian tobacco are available for export, and if a profitable market is secured in the British Isles, there will be a substantial increase in the production of leaf tobacco in Canada in 1926.

The Canadian Trade Commissioner at Glasgow, has received favourable reports from important retailers who have been making special displays of Canadian food products in Glasgow. The United Kingdom agents of Canadian exporters, the Trade Commissioner in the Canadian Pavilion at Wembley and the Canadian Trade Commissioner at Glasgow have all participated. The managers of a prominent departmental store in Belfast and of a chain store system in Glasgow report that they have had a very successful display of Canadian goods that resulted in satisfactory business. Two similar displays are now being organised in Edinburgh.

Last week a press Bulletin was circulated from the High Commissioner's Office entitled "Canada as a Manufacturing Country". The Bulletin was based on the Seventh Annual Report of the Dominion Bureau of Statistics on the manufacturing industries for the calendar year, 1923. The Bulletin states that there was an increase during the year of 101 in the number of plants in operation, the total having reached 22,642. The total investment in capital in manufacturing industries in 1923 was nearly \$3,400,000,000, an increase of about 3% during the year and the number of employees was 534,000 drawing in wages and salaries upwards of \$573,000,000. The gross value of goods manufactured during 1923 amounted to \$2,780,000,000 an increase of about 12-27% during the year.

The Canadian Official Mining News Letter circulated this week was based on an article by Dr. Charles Camsell, Deputy Minister of Mines following his recent visit to mining districts in Western and Northern Canada, who records his satisfaction with the steady progress now made in the Canadian mining industries in each of the Provinces he visited.

Miss Julia Varley, a prominent woman worker of the Trade Union movement in this country and a well-known member of the Labour Party, being invited to be the speaker of the Workers' Union, is sailing to-day for Canada. She is taking with her a party of 150 girls who are to settle in Canada. Miss Varley, at the conclusion of the first part of her mission will spend some time in Canada looking into the question of emigration. She will probably deliver a series of addresses in the larger cities of Canada.

Numerous outbreaks of foot and mouth disease have been reported in the United Kingdom during the past few days, including some in the Manchester district, as a result of which the port of Manchester was closed for several days for the landing of cattle. The port has now been re-opened for the landing of cattle for slaughter, or for store cattle, the latter being liable to detention at the wharf.

Arrangements have been made for special classes for Canada store cattle to be exhibited at the York Fat Show in December, for which a number of money prizes will be offered. It is expected that there will be a good entry of Canadian Store Cattle being fattened by farmers in and around the York district.

The largest shipment of Canadian Store Cattle ever made arrived in the United Kingdom on October 27th when 1,075 head landed at Glasgow. During the past week five consignments of Canadian Store Cattle numbering 3,394 animals have been landed.

The Imperial War Graves Commission has issued a revised list of Cemeteries in Australia and Islands in the Pacific together with a list of amendments to Cemeteries in Asia. Copies of these lists have been forwarded to the Government at Ottawa.

The High Commissioner's Office is informed by the Trade Commissioners in Great Britain that they have received the following enquiries for Canadian goods during the past week:

An important London Company manufacturing paints and colours, is prepared to consider the feasibility of purchasing from Canada Red Oxide of Iron and Yellow Ochre, of which they are large users. Producers able to ship regularly

Swine Raising Contestants Meet At Toronto Fair

(Special to The Guardian.)

SIX girls will be included in the sixteen youthful contestants who are to meet next week at the Royal Agricultural Winter Fair at Toronto to determine the winners of an interprovincial championship established by the Canadian National Railways in order to encourage the work of the boys and girls swine clubs and the raising of select bacon in territory tributary to their lines.

The six young misses are those who won the provincial championships of Nova Scotia, New Brunswick and Manitoba. In the other five provinces competing boys were winners. Competition was kept throughout the Dominion and the second year of the contest far exceeded in interest the most successful results of last year's event. Each of the sixteen contestants winning his or her way to Toronto goes as the guest of the Canadian National Railways to compete for the challenge cup presented by W. D. Robb, Vice-President. Each boy and girl will receive a gold medal as a souvenir of the occasion and each will have an opportunity of viewing the features of the most important winter agricultural exhibition held in the Dominion.

The departments of agriculture of the Dominion and of eight provinces, British Columbia not competing, have co-operated completely with the Department of Colonization, Agriculture and Natural Resources, and Canadian National Railways in this movement to encourage the work of these junior clubs and it is reported that considerable progress has been made not only in the spread of such organizations, but also in the development of good hogs, of bacon type.

The general purpose underlying the movement is to instill in the minds of Canadian farmers the necessity for adopting a definite policy of production and make swine raising a stable branch of the live stock industry. In the provincial competitions now ended the contest was open to teams of two boys, or two girls, or a brother and sister, between the ages of 12 and 21 years; two teams representing a boy and girls swine club, or at least ten members and raising not less than 30 pigs. Each member of a team entering the competition must have cared for at least 3 pigs until the latter are six months of age.

At Toronto when these sixteen boys and girls meet to compete for the W. D. Robb challenge cup the competition will be divided into two parts, the first of next Wednesday afternoon when they will appear in a judging competition, and the second on Thursday morning

should send samples, analyses, and lowest prices to J. E. London.

A London Company, a Director of which is shortly visiting Canada, seeks the representation of Canadian manufacturers of lines such as: Automobile Accessories, Light Machinery, Galvanized Wire, and Sheets, Paints, Chemicals and Lubricating Oil.

A London Company of general merchants, who also deal with South America, purchase Cerals, Pulse, Seeds and Feeding Stuffs, and are prepared to consider offers from Canadian shippers.

The Director of a London Grocery distributing organization, who will probably on Friday they will be guests of the Industrial and Development Council of the Canadian Meat Packers on a tour of plants and at special education display.

The winners in the Eastern Canada competitions were Nova Scotia, Lottie Austen, Skyeglen, and Annie Cameron, Mabou; New Brunswick, Alice Davis and Lillie Davis, Port Elgin; Prince Edward Island, Harold Smith and Edmund Robertson; Pownall, Ontario, Chester Brown and Archie Campbell, Ilderton; Quebec, Howard R. Parnell and Thos. A. Woodward, Lennoxville. The names of the winners in Western Canada are not yet available.

FISH LURE THEIR PREY

The Stargazer, the Angler and the Europe Sly are fish who lie in the mud and catch their prey by an ingenious device. These fish are cast-colored on the top of their bodies to such an extent that they can resemble almost any background they choose. Hidden from sight, they stir up the mud on which they rest to further hide their trap. Then above the disclosed area of water caused by moving the mud they raise long feelers which are shaped like baits.

The baits, for that indeed is what

Straighten Up! Nicest Laxative, "Cascarets" 10c

Don't stay head-achy, dizzy, sick. Nothing else relieves that bilious, constipated feeling so nicely as candy-like "Cascarets." Take one or two of these pleasant laxative tablets any time, to help stimulate you to live and start your bowels. Then you will feel fine, your head becomes clear, stomach sweet, tongue pink, skin rosy.

"Cascarets" gently cleanse, sweeten and refresh the entire system. They never gripe, overact or sicken. Directions for men, women and children on each box, any drugstore.

15¢ PER PKG. — and in 1/2 lb VACUUM (AIR-TIGHT) TINS

OLD CHUM The Tobacco of Quality

When they will appear in they are, in some cases flat and a demonstration contest. At the conclusion of the event the championship team will be made at an appetite at least. The unsuspecting prey sees the lure and rushes toward it. Too late it discovers that the bait is the trap
