## NEW SERUM HALTS THE TYPHOID FEVER

Dr. Fischer, of New York, Gets Good Results With German Discovery—Little Girl the Subject, Complications Overcome.

New York, Feb. 20.—Dr. Louis Fischer of No. 65 East Nineteenth street has now under observation a case which is the first experiment in this country with a new anti-streptococcus serum, which is believed to destroy the germs of scarlet fever.

Several days ago the doctor was called to see a frail little girl, who had a severe attack of scarlet fever, with throat complication. Her temperature was 104 degrees. Dr. Fischer decided to try the new serum, in the value of which he had confidence. Twelve hours after the one injection the temperature decreased two degrees.

In the morning of the following day it descended to normal, but rose again in the evening to 101 degrees. On the fourth day it continued normal. The last report is: "Temperature, 98; pulse, 94; respiration, 24, and general condition, good."

This new serum was discovered by Dr.

Hans Aronson, a bacteriologist of Berlin, and it was given an extensive clinical test by Dr. Adolf Baginsky, a professor of diseases of children in the University of Berlin, and director of the Kaiser and Kaiserin Friedrich Children Hospital. He is the doctor who first introduced in the clinic Dr. Aronson's anti-toxin for diphtheria.

The experiments with this new serum for scarlet fever began last July, and the cases experimented on were selected regardless of severity. Eighty-eight per cent. of those treated were discharged as cured and their recovery was without the usual complications of scarlet fever.

Dr. Fischer said: "Any statement of Professor Baginsky with reference to serum is authoritative. Hence, I did not hesitate to give this severe scarlet fever case the benefit of his new discovery. The case is only one, and although there was a marked amelioration of symptoms it is too soon to predict results."

## IMPORTANT CONFERENCE OF ENGINEERS

Proposing to Use Electric Motors on Railways

### CINCINNATI IS SCOURGED

By the Worst Fire in its History—Loss Three Millions—One Fireman Fatally Hurt.

### TO MAKE ROADS ELECTRIC.

LONDON, Feb. 26.—(Special)—Important conferences between consulting engineers of all the railroads in Great Britain are being held with the object of deciding on a uniform scheme for electric equipment whereby rolling stock will be able to travel on all lines.

The trunk companies have already practically decided to use electric motors.

### FIRE IN CINCINNATI.

CINCINNATI, Feb. 26.—(Special)—This city was visited to-day by the most destructive fire in its history.

It broke out in George Joff's grocery in the Pike building. An hour later there was an explosion, supposed to be from liquors in storage.

### FIRE BEYOND CONTROL.

The flames quickly shot up through the roof of the six story stone front building and for several hours the fire was beyond control.

### PROPERTIES BURNED.

The Pike building was destroyed including the Pike theatre, auditorium and green rooms. The Season-good and other buildings adjoining the Pike building were burned, including the American Book Co.

### HOTEL GUESTS WARNED.

The telephone service was discontinued and the guests in a number of hotels near the scene of the fire were called from their rooms so there could be no disasters.

### LOSERS AND THEIR LOSS.

There are over four hundred different losers by the fire and the loss is about three million dollars.

Several firemen were hurt, one fatally, at the fire in an eight story building by the ceiling falling.

### DIED

At Charlottetown on the 26th inst. Sophia De-Wolfe, dearly beloved wife of W. Harry Watts, in the thirty eighth year of her age. (Funeral notice later).

## DUNDONALD REGRETS THE APATHY OF

Canadians in Regard to the Militia Service

### NEW GUNS BEEN ORDERED

Foster Still Ill—Coal Strike Settled—B. C. Wants Capitalists—Protection on Wall Paper.

### LORD DUNDONALD SPEAKS.

OTTAWA, Feb. 26.—(Special)—At the Dominion Rifle Association meeting Lord Dundonald regretted the lack of interest taken in the militia by the people.

He said there was a lamentable lack of officers and their pay was too small.

### GUNS HAVE BEEN ORDERED.

Lord Dundonald said two six-inch guns, two six-inch howitzers and twelve 47-inch guns had been ordered for the Artillery.

### RECOMMENDATIONS MADE.

He recommended that the establishment be kept up to war strength and expressed himself in favor of a camp where all arms of the service would meet.

### PROTECTION DEMANDED.

A delegation of those interested in wall paper waited on Hon. Mr. Fielding and asked for more protection.

### FOSTER STILL LAID UP.

TORONTO, Feb. 26.—(Special)—Hon. Geo. E. Foster is confined to his house with influenza and probably will not be able to speak in his constituency this week.

### A COAL STRIKE SETTLED.

VICTORIA, B. C., Feb. 26.—(Special)—The Nanaimo coal strike has been declared off, a mass meeting having accepted the proposition made by the Western Fuel Company.

### TO MAKE B. C. ATTRACTIVE.

A monster mining association has been organized, all parts of the Province and Yukon being represented, to seek remedial measures, legislative and otherwise, to make British Columbia more attractive to investors.

### SCHOONER SOLD AT AUCTION.

SYDNEY, Feb. 23.—The Lunenburg schooner Basil M. Geldert, ashore at South Bar for the past two months, was sold at auction Friday, and purchased by Captain R. H. Cann, of Louisburg, for \$510. The vessel will be floated in the spring.

## LORD DUNRAVEN SEES AN END OF TROUBLE

The Utterance of King Edward and British Public Men are Favorable Indications of the Success of Irish Land Bill.

LONDON, Feb. 23.—The Earl of Dunraven was interviewed to-night regarding the report of the Irish landlord and tenants conference in Dublin, of which he was chairman. He spoke hopefully regarding the prospects of legislation which he thought would end the difficulties in Ireland. Lord Dunraven said:

"The utterance of King Edward and of British public men, the temper of Ireland, the reception of the conference's report by the public and the action of the government since the publication of the report are all favorable indications pointing to the success of the government's Irish land bill, which if it contains a just and generous offer, will make good the first im-

pression on which all depends. The bill if drawn on the terms of the report will ensure a final settlement and remove the cause of friction in Ireland, which is reacting favorably not only in Great Britain but throughout the empire and on our kindred in the United States."

Lord Dunraven replied to the adverse criticism of the report, saying that the conference could not lay down a specific formula to be adopted. They were obliged to deal with the matter on the broadest lines, considering both the interests of the nation and those of individual landlord and tenants. He did not think that the government would be able to specify a strict formula which, if attempted, would confuse the issue.

### IN MEMORIAM.

Scarcely is it our duty to chronicle the death of a brighter and truer young man than that of George McMillan of New Haven, E. I. who suddenly passed away on the 10th inst., at the Montreal General Hospital in the 21st year of his age. He deceased was in usual good health until ten days before his death when he had a severe appendicitis. Although the best medical skill was employed unfavorable symptoms developed and he expired a few hours after his father's arrival, but not until he had sent a farewell message of love and faith to his mother.

Deep and universal sympathy is felt for the bereaved parents and family in this sore bereavement, especially so as it is only about two years since another brother, Talmage R. McMillan, a distinguished graduate of McGill University was taken from them in the bloom of manhood.

George was a leading student in his second year Arts Course at McGill preparatory to the study of theology and had decided to devote his life to missionary labor.

He was a active worker in the Young Men's Christian Association and was held in high estimation by the students for his unselfish christian character and his bright and cheery disposition. He was also a earnest and capable Sunday School teacher. Principal Peterson and a large number of students accompanied by pastor Rev. F. M. Dewey and George's Bible Class were present at the railway depot to unite in their last tribute of respect to one they loved and honored. Impressive memorial services were held the following Sunday by the Y. M. C. A. students and also by Rev. F. M. Dewey's church and Sunday School. On Saturday afternoon Feb. 14th, the funeral took place from his home to the Clyde River Cemetery. The services were conducted by Rev. J. G. McIvor in the Presbyterian

### A CAPITAL CURE FOR SORE THROAT

Is to use as a gargle a few drops of Polson's Nerville in sweetened water, and before retiring rub the throat and chest vigorously with Nerville. By morning the soreness and inflammation will have disappeared entirely. Nerville drives away the pain and cures sore throat and hoarseness quickly, simply because that's what it's made for. Buy a 25c bottle from your druggist today.

DR. HAMILTON'S PILLS STIMULATE THE LIVER.

Church which was filled with sympathizers. Beautiful wreaths of flowers covered the casket, one from the McGill students another from his student associates at Prince of Wales College.

The hymns Asleep in Jesus and Lead Kindly Light were sung and fervent prayer offered by Rev. T. F. Fullerton. Rev. J. W. McIvor referred to the Providence that had called them together to pay respect to a dear friend, a distinguished student and an active christian worker. Rev. A. F. Browne of North River spoke of the high personal character of the deceased and his last testimony to the faith in God and Heaven. Rev. W. B. Thomas of Cornwall presented the bright picture of death through Christ and the Resurrection and the continuity of life in the Hallow School. Rev. G. P. Raymond was reminded of another university student of the same name whose early grave was made beside the "Bonnie Briar Bush" and urged like trust in God. Rev. T. F. Fullerton spoke words of sympathy and consolation from the word of God to bereaved hearts.

He is not dead; the child of our affection. But gone unto the school Where he no longer needs our poor protection And Christ himself doth rule!

## VICS vs ABBIES

Final Game For Trophy Next Wednesday Night

A great fight don't miss it. Admission 20c, seats 25c. Plan at Hughes. Carnival Friday, March 6th.

### OF PERSONAL INTEREST

Mrs. George H. Toombs went to Mount Stewart yesterday afternoon.

E. H. Mitchell was a passenger to Coleman yesterday.

Oswald and Mrs. Hornsby and Mr. and Mrs. Clarke, Cape Traverse, who were on the Minto came up from Georgetown yesterday.

Jabez and Jack Lea, Victoria who have been visiting in the eastern part of the Province passed through the City yesterday on return home.

Rev. J. W. McConnell's many friends were much pleased to see him out yesterday after being confined to his house for some days with la grippe.

### ALL NEWS OF LOCAL INTEREST

THE hockey match last night between teams selected from the grocers and arrayed under the cognomens of Baldwins and Bishop Pippins was hotly contested and proved of much amusement to the spectators. John Webster of Webster & McKay, refereed with marked ability and his decisions would meet the approval of even the Journal. He will announce the score today.

INTEMPERANCE will be the fourth address in the Making of Manhood Talks Sunday afternoon, in Y. M. C. A. Hall. The Rev. Mr. Miner has kindly consented to give this address to both men and women. As this is one of the last opportunities of the Y. M. C. A. hearing Rev. Mr. Miner before leaving Charlottetown, a very large audience is expected to attend. One hundred or more chairs will be added to the present seating capacity of the hall. All made welcome.

### A USEFUL COMPANION.

We are indebted to The Wingate Chemical Co. Ltd., of Montreal, for a very handsome pocket memorandum book they are sending to their customers everywhere. This firm are proprietors of "Stanton's Pain Relief," which is advertised in this paper as a cure for Rheumatism, Sprains, Cholera, Headache etc., etc.
