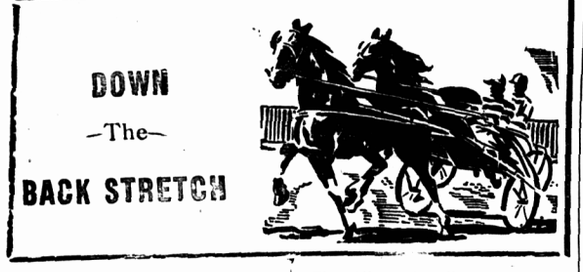
SPORTING NEWS



Following are the season's racing dates for Nova Scotia other than Cape Breton Bridgewater, June 19th; Truro July 1st; New Glasgow July 10th; Amherst July 17th; Truro July 24th; New Glasgow July 31st; Amherst August 7th; the following week reserved for Charlottetown; New Glasgow August 21st; Truro Exhibition August 28th; Bridgewater September 2nd; Amherst September 11th; Truro September 18th; Bridgewater Exhibition, September 25th; New Glasgow October 2nd

—o—

The Prince Edward Island circuit is Summerside July 1st; Montague July 10th; Covehead July 17th; Riverside July 24th, Covehead July 31st; Old Home Week, August 13-14-15-16; Covehead August 31st; Summerside August 28th; Montague September 2nd; Goodwill Races September 18th and 19th; Covehead September 25th; Summerside October 2nd. There will be no deductions from money winners on any Island tracks this season

—o—

Victor Douse, formerly of Charlottetown, is training his stable of trotters and pacers at Bangor, Maine. One of them is owned by Dan Groves who recently returned from Roosevelt Raceway and states that the Phillips starting gate really controls horses getting away.

—o—

The new Blue Bonnets race track at Montreal was completed late last week. The half mile track is constructed on the infield of the mile track where the steeplechasers held sway in previous seasons. The start and finish of all races will be in front of the regular judges stand which has been used for many years for judging the finish of the running races. Construction of the half mile track has in no way detracted from the usefulness of the one and one-eighth miles racing strip. The horses start on the old track and swing into the infield course after making almost the complete circuit, finishing on the racing strip proper. The new course is constructed of the same top dressing as that of the thoroughbred racing strip and is well drained. The first meet to be held over it will be this afternoon and it will continue Monday which is Jean Baptist day and a holiday in Montreal. Horses are coming from all parts of Quebec to take part in the three afternoons sport which has been well advertised and is expected to draw an aggregate of upwards of 30,000 people

—o—

It is certainly a sign of great change in Canada's oldest and most populous city to find that the runners are on the way out and the harness horse is taking over. Noted sports writers like Baz O'Meara of the Montreal Star and Elmer Ferguson of the Montreal Herald, will have to read up on the trotters and pacers but that won't be a very difficult matter for those versatile gentlemen. It was the track at Sorel, constructed a few years ago, that convinced Montreal promoters that there was a great future to harness racing as a crowd pleaser. Then they visited Roosevelt Raceway and other plants and returned with the determination to make Montreal City harness race conscious, which they will no doubt do

—o—

Winners at the recent Sorel P.Q. races are 2.05 Bar Pace — Mighty Spender 3 1-2; Pioneer Hanover (Potvin) 1-2-3; Dominator 2-4-1. The time for the odd distances was one-half mile 1.01; miles 2.09, 2.10. The 2.29 Class Pace was won by Dillon Volo in straight heats, best time 2.18 3-4. The 2.23 Class was won by Paul Grattan in straight heats, best time 2.18, and the Classified Race was won by Manhattan in straight heats, best time 2.10

—o—

George Hooper had a narrow escape last week when he went up behind Colonel Hooper's good pacer Shirley H. Temple. The right rein became unfastened and Shirley paced over a mile before she could be brought to a stop with safety. Asked how he managed to keep from smashing against the fence, the versatile George said, "I steered her by her tail and one rein."

—o—

Jimmie Power's former good pacer Giftline 2.08, is being offered for sale by his St. John owner If Giftline is as good as when raced here, he should be quickly snapped up.

—o—

While Jimmie Cruise of Kentucky was the pilot of Blue Again 2.02¼ when he won the $50,000 Pace at Santa Anita for owner R.W. Leatherdale of Windsor, Ontario, yet it was William Fraser of Bridgetown, Ontario, who trained Blue Again from the time he arrived in Ontario from the York Pa. sale until February when he went to California

—o—

Just a little over a week until the opening of purse racing on the Island circuit at Summerside, July 1st. With the large number of horses in training there is every expectation of some of the best racing in years.

—o—

Blue Acres Raceway recently constructed near New Glasgow, N.S. will have its opening next Wednesday afternoon There is a stake race in which quite a number of Island horses are entered as well as other classes, and proprietor Dave Niema will make every effort to have this meeting a real success.

The All Steel Sulky Company of Altadna, California, is putting out what they state is the safest, most indestructable and fastest thing on wheels. It is made of Chrome Moly steel tubing welded. There is no wood used and it was thoroughly tested at Santa Anita. The price is $300. F.O.B. California Then the All Metal Sulky Company of Mineola, N.Y. is making a duraluminum sulky, that is the material is high grade aluminum. It has been tested at Roosevelt Raceway, is guaranteed to carry over 500 lbs., has practically no vibration and weighs only 25 pounds. If sulkies such as these can be made by mass production it will be a great help for horse owners as today the sulkies of the Houghton and other types made of wood are almost impossible to purchase.

—o—

Jimmie Jordan, who was one of the biggest winning drivers in Maine some years ago, appears to be back again on his stride as on Tuesday, May 28th he won the two year old pace at Roosevelt Raceway with Pandora Hanover a bay filly by Billy Direct 1.55, from a good field in 2.15—certainly some stepping over a half mile track so early in the season For good measure he won the two year old trot the same evening with Pershing Hanover, a brown colt by Lawrence Hanover in 2.18 and on May 29th won the Originator Trot with Drew Abbey, stepping the mile heat in 2.10½ and on May 30th the Originator Trot, fourth division, with Bally Boy, the mile heat in 2.12.

—o—

One of the oldest horsemen in America is Eugene Snow of Canajoharie, N.Y., whose Cloverland Farm was quite famous for breeding good horses Mr. Snow celebrated his 95th birthday May 31st, is in excellent health and drives his automobile every day.

—o—

Three running horses were recently transported from an airfield near New York City to Inglewood, California. The time required for the trip was 16 hours. It is understood that as a result of this experiment plans will be made for shipping horses from the east to the 1947 Santa Anita meeting next May

—o—

The Harness Horse contains a very good picture of True Single G., owned by S.S. Werner and driver George Loomis, 85-years old The pair set a new world's pacing record of 2.09½ for the mile and one-sixteenth at Santa Anita. The late George Handrahan was a great admirer of Mr. Loomis and raced several horses in his stable, including Harry T. 2.16½, which Loomis won quite a number of races with in 1912.

—o—

C.F. Gaines, who made a fortune by making better dog biscuits than his neighbors and after it became popular with the public, selling the works to Standard Brands for over $1,000,000, seems to have horseshoes hung on him, as among the group of mares which he purchased for his new Gainesway Farm in Kentucky was Miss Kate B. 4, 2.02 3-4. He bred her in 1944 and 1945 to Volomite. Her 1945 foal, registered as Wayward is unusually handsome and the past spring she foaled another colt Both of these are full brothers to Kaola 2.03, winner of the $50,000 Trot at Santa Anita, and to Kate Volo 2.07 3-4, holder of the world's record for one and one-half miles over a half mile track. It was Mr. Gaines who purchased Sonata 3, 2.05, from Dr. Charles Dougan of this city. She is a full sister of Phonograph 4, 1.59¼, one of the stallions at Walnut Hall Farm, Lexington, Ky.

—o—

Nine horses have accepted bids for the $25,000 American Trotting championship to be raced at Roosevelt Raceway on the night of July 3rd. They are the world's champion two and three year old trotter Titan Hanover, Axomite 2.02¼, Peter Song Jr. 2.05½; The Colonel's Lady 2.00, Nimble Volo 2.03½, Scrantonian 2.03½; Spartan Hanover 2.03¼; J.T. Barnes 2.04¼ and Summer Song 2.05¼ Interesting to us is the fact that Summer Song is, like P.C. Brown's Pagliacci, a son of Lord Jim 2.00½, and he has been brought into prominence through the skilful training and driving of our old friend "Red" Hanafin. "Red" won a lot of races with him last season and stepped right to the front a few evenings ago at Roosevelt Raceway, winning the fastest mile trotted this season over a half mile track—2.06. I am sure all Islanders would like to see "Red" win the big stake.

—o—

It is 26 years ago since "Red" first visited Charlottetown That year he was employed by the Woodstock Driving Club, Woodstock, N.B. to race their horses, one of which was College Swift. "Red" won five or six races with him through New Brunswick and Maine, giving him a tab of 2.11¼, then set sail for Charlottetown Exhibition, but here he met defeat, Dick C. winning the first two heats, College Swift the next two, and the race was carried over until the following afternoon when Dick C. won the final heat easily. Every horseman who saw that race will tell you that there never was such a sensational burst of speed witnessed by them as when Dick C. was pulled out on the back stretch the second trip.

—o—

Last week we mentioned that Brent Howatt had purchased the four-year-old pacer Albert C. Bud-

(Continued on Page 7, Col. 1)

Hal Newhouser Has Pitching Triumph As Detroit Wins 6-2

By The Canadian Press

With four New York errors making his task simple, Hal Newhouser achieved his 12th pitching triumph of the year and the 100th of his seven-year big league career yesterday as Detroit Tigers pasted the Yankees 6-2.

Newhouser, who struck out 10 men, had a two-hit shutout until the ninth, when Charley Keller doubled and Joe DiMaggio lined his 13th homer into the right centre field seats.

Hal's four-hit pitching looked considerably better than the six-hit job turned in by three Yankee flippers, however, as New York miscues led to four unearned Detroit runs.

Deny Pittsburgh Pirates On Block

PITTSBURGH, June 21 — (AP) — New reports that Pittsburgh Pirates were on the block — with sales negotiations "hot" — circulated here tonight and were denied categorically by Mrs. Barney Dreyfuss, board chairman of the National League baseball club.

The Pittsburgh Post-Gazette said efforts to purchase the club "definitely are being made" but that neither the agent for the would-be purchaser, nor spokesman for the Pittsburgh baseball club would reveal who is making the offer."

"The only positive information was that the prospective purchaser is not Oscar Salenger, Chicago attorney, who has been reported to have $1,400,000 in hand and more in the offing."

A Pittsburgh evening newspaper (Press) in a special story from Boston where the Pirates now are playing said today that Salenger headed a syndicate seeking to purchase the Pirates.

"I know nothing of any sales negotiations at this time," said Mrs. Dreyfuss, widow of the original owner. "I don't know why they are trying to sell this ball club. The newspapers seem to know more than we do."

To Seek New Speed Record With Jet Car

MIAMI, Fla., June 21 —(AP)— Wilbur Shaw, president of the Indianapolis Speedway and former racing king, said today he will return to racing next year with a jet car which will go "at least 420 miles an hour." He said he planned to make an assault on the unlimited land speed record of 368.9 miles an hour set in 1939 by John R. Cobb, British sportsman, on the Booneville Salt Flats in Utah.

Decks Cleared For Purchase Of Indians

CLEVELAND, June 21— (AP)— The decks were clear tonight for a financial transaction which could transfer Cleveland Indians to new ownership.

Bob (I'm in for one-sixth) Hope, between planes at Little Rock, Ark., today declared: "Whadda ya mean, is the deal definite? They've got my money. Of course it's definite. Sent the cheque yesterday."

But Bill Veeck, Jr., in whose name the syndicate made the offer for the Tribe, lock, stock and barrel, was less definite.

"Bob's cheque is here," said he. "So is mine. So is all the money. But as yet there has been no word from the present owners."

All the legal formalities have been prepared and all the papers drawn up, said the former owner of Milwaukee Brewers.

Hope wouldn't say how much money he was putting up, but said his part of the purchase would be "about one-sixth of the club." He would not confirm a figure of $175,000, nor would he deny it. His plans are to be a "silent partner", because he is too busy to take an active part, said the former Clevelander.

From the present owners came silence. President Alva Bradley has said that if the rest of the present owners sell, so would he and his family.

Might Manage Tribe

DETROIT, June 21—(AP)—Jimmy Dykes, former manager of Chicago White Sox, watched the New York Yankee-Detroit Tiger game from the press box today and lent emphasis to rumors that he might be named manager of Cleveland Indians should that American League club change hands.

Dykes worked with Harry Grabiner, one of the reported buyers of the Indians and former vice president and secretary of the White Sox, at Chicago and said "another connection with Grabiner wouldn't be bad at all."

Aboard the USS Appalachian, official press ship for the Bikini Atoll atomic bomb tests, an Acme Telephoto Trans-ceiver is tested by Chief Radioman S. B. Hankins, of Colby, Kans. Looking on are Sherman Montrose, centre, of Acme Newspictures, and Thor Smith, assistant to the publisher of the San Francisco Call-Bulletin. During the Bikini experiment, the machine, which transmits a photograph by radio in seven minutes, will flash pictures of "Operation Crossroads" back to the U. S. for use in newspapers on the same day they are snapped at Bikini. Both Army and Navy use Acme Trans-ceivers for transmitting official pictures.

Husky McCabe's Anchors came through with a barrage of basehits on Thursday night to register their first league win and at the same time send the Legionaires down to their first defeat. The victory gives the West End team a win and a loss and a chance to tie the McNeil clan for first place by a win over the Rovers tomorrow. The Legionaires now have two wins and a loss to their credit while the Rovers have suffered two setbacks in three games, their only win coming as a result of a 11-10 decision over the Anchors in the League opener.

✦ ✦ ✦ ✦

The Anchors' hurler, Elmer Larter, came through with the best pitching effort so far this season as he was holding the Vets to eight safeties displaying good control and bearing down effectively in the pinches. When the Legion tried to get a rally started in the sixth Larter was equal to the task striking out three batters to get out of a bad hole after an error, a hit batter and a bingle had loaded the bases. Jackie Cairns who started for the Legion was hit freely in the seven innings he worked and was lifted for MacLennan who came over from first base to retire the Anchors in order in the eighth and ninth.

* * *

Art Perry was one of the few Legion batters to solve Larter's delivery successfully as he got to him for three singles in five attempts to hold his batting average at the .600 mark for three games. Second baseman Irving MacKinnon of the Anchors became their leading hitter slugging out a double and three singles giving him six hits out of ten tries in two games for an even .600 mark. Ev. McNeill, Legion's playing-coach, who was sidelined with a bad ankle in Thursday's encounter is still the leading percentage hitter with .666 although Art Perry has the most hits with eight to his credit.

✦ ✦ ✦ ✦

Tomorrow's game between the Anchors and the Rovers should be one of the best of the young season. An Anchor win will shove them into a first-place tie with the Legionaires while the Rovers badly need a win to snap their two-game losing streak. Rovers have added a young pitcher and a first baseman to their lineup and Freddy Whalen is expected to handle the north end crew from the bench. The Anchors are standing pat with the lineup that won their last start and will be out tomorrow trying to notch up number two.

✦ ✦ ✦ ✦

This column learns with regret of the death of Harry Richardson in British Columbia after a long illness. Harry was well known here in sporting circles both as a hockey player and coach of junior hockey teams. He is best remembered for his connection with the Junior Abbies of 1934-35 which he helped guide to the Eastern Canada finals against St. Michaels College.

✦ ✦ ✦ ✦

The Brighton Terrors dropped a close 17-16 decision to the Summerside Royals in the second game of their best two of three junior softball series played at Summerside Thursday night. The Royals had taken the western team into camp 14-10 in the first game played here. Experience was a big factor in the Summerside girls favor as they protected their slim lead through the final innings. The Terrors gave stiff competition all the way showing marked improvement over their first game.

✦ ✦ ✦ ✦

Marion Rogers was the star for Summerside accounting for four of her team's runs while Barbara Rupert handled first base in skilful fashion for Charlottetown and was always in the right spot at the right time. Creelman and Holman's heavy slugging did much to keep the Charlottetown team in the running. The third game in the series is scheduled for Summerside early next week.

✦ ✦ ✦ ✦

On the West Coast the other day Lefty O'Doul, once famous as "the man in the green suit" told a new story about Fresco Thompson, who used to manage Montreal Royals in the International League. It seems that O'Doul was one of the coaches with the Phillies when Fresco first went south with them. Lefty thought he would have a little fun with Fresco and he said to him, "Did you ever play baseball before?"

✦ ✦ ✦ ✦

Fresco, a fresh rookie, replied: "Yes, Mr. O'Doul, I played on the House of David team last season." Lefty regarded Fresco suspiciously; it was difficult to imagine him wearing a beard. "But" Fresco added quickly, "they let me out. Released me for breaking a soup plate." This sounded interesting and O'Doul asked him to go on with the story.

✦ ✦ ✦ ✦

"It was like this," said Fresco. "It was on a trip south last season while we are playing an exhibition game with the St. Louis Browns. In the ninth inning the score was tied and Red Kress came to bat. He promptly doubled. Red Carpenter was our pitcher and he called me over and handed me the ball. I hid it in my beard and went back to my position at second base.

✦ ✦ ✦ ✦

"Kress saw that both my hands were empty and he took a big lead. I grabbed for the ball to tag him but the darn thing had become lost in my whiskers. I searched in vain as Kress stole second, third and home. That run won the ball game. We went back to our hotel to dinner. Soup was served and just as I started to sip it, out pops the ball into the soup. I was covered with soup from head to foot and soup was splattered all over. "That's why the manager fired me," Fresco concluded sadly.

Cardinals Win From Dodgers In H.R. League

The Cardinals defeated the Dodgers 12-0 last night in a regular game of the Holy Redeemer Softball League schedule. It was the second loss for the Dodgers without a victory since the league opened and gave the Cardinals their first win. The Red Sox, other team in the league, is leading with two wins and no losses.

Sunday afternoon at 3 o'clock the Red Sox are slated to meet the Dodgers. At 1:30 that same afternoon the Junior Softball League will open with Scout teams No. 1 and 2 tangling.

Last night's game was scoreless until the fourth inning when the Cardinals collected their first run. They sent four more men across the plate in the fifth, and from then on the outcome was never in doubt.

Linescore:

Cardinals	000	143	211	—12	11	1
Dodgers	000	000	000	— 0	7	7

Joe Martin, Bennie Callaghan, Ernie Trainor and L. Murphy all hit two baggers.

Murphy pitched for the Cards, with C. Callaghan as catcher, while Gauthier performed on the mound for the losing team, with Turner catching.

Relief Pitcher Erickson Wins Third Victory

By The Canadian Press

Relief pitcher Paul Erickson throttled New York Giants on four hits and one run over the final 6 1-3 innings yesterday to register his third straight victory as Chicago Cubs came from behind to defeat Giants 5-4 in a National League encounter.

Erickson rescued starter Johnny Schmitz in the third inning after the southpaw was touched for a three-run homer by Johnny Mize and a single by Walker Cooper. The big righthander then retired the side and didn't allow another hit until the sixth inning.

Chicago picked up two counters in the fourth on a two-run circuit blast by Phil Cavarretta and clinched the contest with three runs in the sixth.

Brooklyn Dodgers shook their jinx by swiping a 7-6 decision from St. Louis Cardinals to increase their margin over the Red Birds to 2 1-2 games.

Philadelphia Phillies moved out of the cellar as they edged Cincinnati Reds 2-1 behind Schoolboy Rowe's three-hit pitching to shove the Giants into the lower regions.

At Boston, big Mort Cooper capped the Braves' four-game losing streak as he turned back Pittsburgh Pirates 3-1. The Tribesmen combed Lefty Fritz Ostermueller for 12 safeties in racking up their win.

French Horses Have Three Wins At Ascot

ASCOT, England, June 21 — (CP) — French horses foaled during the occupation and saved from Nazi seizure completed a successful invasion of the first Royal Ascot meeting since 1939 by winning three races on the six-card finale today.

Frances Marcel Boussac, who after only two weeks of racing horses in England is the leading money winner this season, saw his Priam II take the Hardwick Stakes over 1½ miles, and Marsyas II capture the Alexandra Stakes—longest flat race in Britain over 2¾ miles 75 yards.

Mme. J. Lieux Savani showed heels to two of Britain's beaten Derby colts to win the Jersey Three-Year-Old Stakes over seven furlongs 155 yards to complete the triple.

H.R. Softball

The Dodgers and Red Sox are due to meet in this afternoon's scheduled Holy Redeemer Softball league tilt at the Holy Redeemer diamond. Starting time is 3 o'clock.

Q.S.S. Winner Of Local Interscholastic Baseball Ch'ship

"MILEAGE MILLIONAIRES"

LONDON —(CP)— British Overseas Airways Corporation has a name for 52 of its pilots —"mileage millionaires" Each has flown more than 1,000,000 miles.

BLAENAVON, Monmouthshire — (CP) — Lowest birthrate here in 20 years — only two in May — is due to lack of houses, said the medical officer.

A fighting band of Queen Square ballhawks overcame West Kent's two run lead with a big seventh inning uprising to take their second straight victory and the Hawley Crockett Trophy, emblematic of the City Interscholastic baseball championship when they downed the West Kent crew 11-6 at the Park last night.

West Kent put up a much better battle than they did in the first game when they were defeated 21-9 and threw a scare into their opponent's camp in the sixth inning when they got to Corish. Queen Square's starting pitcher for three runs to take a 6-4 lead but Beagan who came in to relieve him with none out had all the answers and held the West Kenters to one hit while shuting them out in the remaining four innings.

Dewar Larter doing the mound duties for West Kent pitched a fine game of ball striking out nine and giving up twelve hits but his mates didn't give him the support he deserved committing nine errors.

Corish allowed six hits and six runs in the five innings he worked while striking out six. Beagan who relieved him in the sixth held the West Kent team to one hit, and no runs and struck out two in his stay on the mound.

Billy Hennessey, Queen Square backstop was their big man with the stick hitting three for five while Zakem shared the honors with a double and a home run Jackie Brown. West Kent third baseman hit two for three but spoiled this performance somewhat when he committed three errors

The Queen Square team has been assembled and managed by Bert Croken who has done a great job with the boys and were guided from the bench by Charlie Ryan Earl Goss did the masterminding for West Kent, stepping into the breach on short notice and although he didn't have much time to whip his charges into shape, managed to field a fighting team.

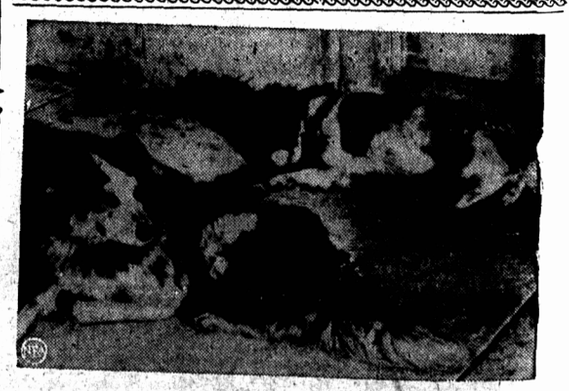
BIGGER AND BETTER THAN EVER



Faithful to the end, the collie dog, foreground, refuses to leave the side of his canine pal after the other dog was struck and killed by a street car in Chicago.

This is not a picture of a sunken road, but one lined with weeds. False ragweed has become a real menace along many country highways throughout Canada. Such pests can quite conveniently be got rid of by the use of new scientific weed killers such as 2,4-D.
