The Second Regiment, of Halifax, follows with 273 and Montreal is third with 176 points. The 62nd Regiment is 15th among the cavalry and infantry city corps, with 148 points.

Scientists Say London Fog Is A Costly Evil

The Money Loss To Business Put At \$1,250,000 A Day—Dense Fog And Cold More Prejudicial To Life Than Cholera

LONDON, Dec 28. When a gentle London fog takes possession of the English capital an impenetrable mist, heavily charged with sulphur, boils out everything. You inhale it and it chokes you; it gets into your eyes and they smart.

quarters of a square mile in area could not be washed and had to be scraped, the deposit weighing three tons.

TELEPHONE TO BE ATTACHED SUBMARINES

These Will Make The Vessel Safer For Those Who Use Them

PARIS, Dec. 23.—Following elaborate experiments to prevent the recurrence of accidents to submarine vessels, the Minister of the navy has issued orders that all submarines be fitted with detachable telephone boys, which in case of accident, will permit of communication with the surface.

DR PEASDEN DIED OF LOCKJAW A STRANGE CASE

Physician diagnosed His Own Case and Joined doctors in Consultation

CHICAGO, Dec. 30. Dr. Joseph F. Peasden, a department superintendent employed by a Chicago packing firm died tonight of lockjaw, resulting from a fracture of the nose which he received a week ago. Dr. Peasden fell down a stairway in the laboratory of the packing plant. The skin over the nose was broken and the wound became infected with tetanus germs. On Christmas Eve the physician was suddenly stricken with lockjaw. He diagnosed his own case and with the aid of pencil and paper directed his family to send him to a hospital. He then sent for a lawyer and made his will. During his illness he constantly joined with the hospital physicians in their consultations and expressed the opinion several days ago that he could not recover. The immediate cause of death was heart failure, following a convulsion.

WONDERLAND

offers a splendid bill for the opening program of this week. The "Trilling school at Saumur where horses are taught the various tests on jumping—performing with the leading rein—jumping exercises and general racetrack work. A lot show on the canvas. The scenic effects are beautiful and the noble animals do their work or their lessons, which ever it may be termed, with an interest and aptitude that puts human pupils out of the reckoning. The theme is deeply interesting and the long film all to share in its splendid way of telling the interesting story. Grandfather and the Kitten make a powerful comedy team one which will make fun enough to last the evening. Troubles of a Tramp are funny at all times but Wacky Willie saw the pies and to tell it. The end of the tale is full of thrilling climax—a feast for Willie. The Auto-noble Thieves and the Masquerade Party make up the number of pictures and are both exceptionally good and interesting. Mr. Harney's illustrated song will be "The Beautiful Story" one of the popular songs of the day. Mr. Trator again makes his appearance as a song illustrater and will render "After they Gather the Hay." This is a great favorite—the illustrations are lovely and the singer as popular as the song. The complete program is a generous and splendid one, and should receive the patronage of the largest number which has yet filled the Market Hall.

WILL OF THE LATE LEVI HART OF HALIFAX

Left An Estate Of \$175,000 - Only About \$2,000 To Charities

HALIFAX, Dec. 29—(Special)—The will of the late Levi Hart was admitted to probate on Saturday. The real estate is valued at \$175,000. Most of it is left to his son and daughter. He gave about two thousand to charities, and about fifteen thousand to relatives and employees.

LITTLE CHILD BURNED TO DEATH AT CALEDONIA

Girl One Year Old, Daughter of Joseph McLeod of Caledonia Cross

One of the saddest occurrences that The Guardian has ever had to report, occurred at Caledonia Cross on Friday when a little girl, aged one year, daughter of Joseph McLeod of Caledonia Cross was burned to death.

Mr. McLeod was working in the woods on Friday afternoon and Mrs. McLeod went out of the house to the barn. She left her three children in the house. In some way the house took fire while the parents were absent. The two older children aged three and four years respectively, ran out of the house leaving the youngest inside.

The cries of the elder ones alarmed the mother, who hurried to the house, but such a volume of flame and smoke met her when she tried to rescue the little girl that she had to give up the attempt—in making which she received many burns.

The fire burned quickly, and soon the house and all its contents was destroyed. The body of the little child was entirely consumed, it being difficult to find even traces of the bones. The sad affair has aroused sincere sympathy everywhere. The cause of the fire is unknown.

MRS EDDY PLANS \$1,000,000 CHARITY FOR THE POOR

BOSTON, Mass., Dec. 28.—Mrs. Mary Baker Eddy's project is the founding of a \$1,000,000 Christian Science Institution for the special benefit of the poor and the general good of all mankind. She is now in consultation with Archibald McLellan, one of the three trustees of her estate, in regard to the details.

The plan was announced by Mrs. Eddy in a letter to Mr. McLellan, published today in the Christian Science Sentinel, the weekly organ of the cult, which is published in Boston, in which she says:—"I desire to commence immediately to found a Christian Science institution for the special benefit of the poor and the general good of all mankind. The founding endowment of this institution will cost at least \$1,000,000."

Leaders of the church in this city say they know nothing of the details. One of them suggested that Mrs. Eddy probably has in mind an institution something like the Associated Charities.

AMERICANS MOBILIZE TORPEDOES

NEWPORT, R. I., Dec. 28.—The mobilization of the largest fleet of torpedo boats, torpedo boat destroyers, and submarine torpedo boats in the history of the American navy will take place in Narragansett Bay in the spring and summer of 1908, according to information gained here today. The fleet will be in command of Commander Charles G. Marsh, who will have under his direction about 50 torpedo boats and torpedo boat destroyers and the first and second flotillas of submarines.

BRUTAL GAME OF HOCKEY PLAYED AT WINNIPEG

MONCTON, Dec. 23.—The hockey match between the Maple Leafs of Winnipeg and the Winnipeg Jets last night was one of the most brutal exhibitions ever witnessed in Winnipeg.

Every man on the Winnipeg team was injured with the exception of Keen. Boulton had to be carried off the ice with the blood streaming over the arena from his wounds shortly after 11 o'clock, and the surviving Winnipeg left the ice, the game standing six to four in the Leafs' favor. Hall deliberately cut Boulton's head open. The ice looked like a slaughter house, with patches of blood and broken spots where the fights had occurred scattered all over the gruesome scene. By this time quite a third of the large crowd of spectators had left the rink disgusted at this development of the Canadian national game.

A DREAM THAT HAD BIG VALUE IN MONEY

PARIS, Dec. 28.—Twenty months ago M. Cholet was advised by the office of the local treasury general that the city of Paris debenture bond which he held had come due at the drawing at par—\$500 thereupon M. Cholet surrendered his bond for his face value. On Tuesday night his wife dreamed that the bond which her husband had held, No. 331,764, had really drawn \$30,000.

She urged her husband to make immediate inquiries, and M. Cholet, though very skeptical, went to the treasurer general's office, where, on search being made, it was discovered that a mistake had been made, and that the bond supposed to have been drawn at par had in reality been drawn for \$30,000. Mr. Cholet is now a firm believer in dreams.

MINE DISASTER WIPED OUT AN ENTIRE LODGE

JACOB'S CREEK, Pa., Dec. 28.—The Darr mine yielded more victims of the explosion of December 19 today, about 7 bodies having been brought to the surface during the 24 hours. Rescuers are removing debris from Entry No. 27 in which there is a great mass of bodies those in view and those already brought out totalling over 200.

It was learned today that the disaster completely wiped out St. Mary's Beneficial Lodge, which has over 100 members. Not a member was left to administer the affairs of the lodge, and Rev. Father Kalmon Kovatz, of McKeesport, and the Austro-Hungarian consul at Pittsburg have taken charge of its affairs.

THE SUSSEX CRUSADE IS YET LIVELY

SUSSEX, N. B., Dec. 28.—There is no abatement in the zeal with which the temperance people have recently undertaken to stamp out the liquor traffic here, as today two raids were made. This morning two kegs of pilsener beer were seized from Thomas Brown's premises, and an analysis will probably be made to ascertain the percentage of alcohol. Late this afternoon another unsuccessful raid was made on the Royal Hotel. That interest is not decreasing is evidenced by the fact that a number of citizens participated in the last mentioned raid.

The case against Wm. J. McAdam charged with using insulting language to Inspector Cusack and also with being drunk, came up in the police court this morning. It came out in the evidence that McAdam accused Cusack of having taken a bottle of liquor from the hall, where the seized liquor was stored. The case was adjourned until next Friday. W. D. Turner prosecuted, and J. M. McIntyre defended.

JAPANESE PARLIAMENT IS NOW ASSEMBLED

The Overwhelming Majority of the Government Party Will Preclude Much Debate—There Will be General Election Next Spring

TOKIO, Japan, Dec. 29—(Special)—The twenty-fourth Diet was formally opened Saturday by the Emperor who delivered the speech from the Throne. The overwhelming majority of the government in the Diet makes it improbable that there will be any extended debate, although there may be some on the finance and emigration questions. It is generally understood, however, that all the leaders are practically agreed on the government's policy looking toward a restriction of emigration. It is probable that a motion of lack of confidence in the cabinet will be introduced because of the proposed increase in taxation which is unpopular with the masses. The motion may possibly pass in view of the fact that this is the last session of the Diet. The general election will occur in the spring, at which time a new Diet will be chosen.

New England Cotton Mill To Curtail

Clergymen Constables and Great Crowd In The Funeral Procession—Great Applause Greeted Magistrate's Decision Confiscating The Liquor

SUSSEX, N. B., Dec. 28.—A large number of people visited the police court room yesterday to hear argument to Scott Act cases, which have caused much interest of late. Court adjourned to Melley Memorial Hall where the seized liquors were stored. The case against Sylvester Madden was heard. Magistrate Hornbrook was not long in rendering judgment. He found the defendant guilty and sentenced him to thirty days without the option of a fine, and gave an order for the destruction of the liquor belonging to Madden. The Magistrate was applauded after his decision.

Late in the afternoon preparations were made for the destruction of the liquor. When it was learned that it was to be destroyed, a large crowd gathered to witness it. A procession was formed headed by Rev. Frank Baird and Rev. Dr. Rogers; next came Inspector Cusack and his body guard, then "the remains" followed by about 200 citizens. They proceeded along the left bank of the Kennebecasis River to what is known as the town dumping ground, here some twenty-six cases, four kegs and six barrels were destroyed. The bottles were broken against stones, and the kegs and barrels burst in with axes. It was an amusing sight.

LITTLE BOY STOLE TEDDY BEAR FOR SICK SISTER

Pitiful cries of Little Girl Drives Boy Without Money to Theft

NEW YORK, December 28.—Because his sister had been crying for a "Teddy Bear" as a Christmas present, Johnny Smith, thirteen years old, crept into a toy store at Sixteenth street and Sixth avenue and stole one. He was marching out with it under his arm when Owen Bache, proprietor of the place stopped him. Bache called a policeman who arrested the child. Little Johnny cried bitterly when he was placed in the cell in the Jefferson Market court. The boy lived with his widowed mother and his sister, Mary, nine years old at No. 107 Greenwich street. When he was asked why he had stolen "Teddy Bear" he said: "My little sister has been sick for the last few days. We ain't very rich—I guess you'd call us poor, 'cause we ain't got any money—well, when my little sister cried for a 'Teddy Bear' and I didn't have no money to get one with I said to myself I'd get one, anyhow."

"Fairland" closed a most successful week on Saturday night, bigaudacious and big programs being the rule at each performance. Kimball and Donovan, the star banjoists, left behind the most pleasant recollections of their visit, and will be heartily welcomed if they ever return to this city. This week, another grand entertaining feast is being prepared. The moving pictures for tonight will be the "Grateful Dog", "Modern Hercules at Work", "Satan in Prison" and the "Ups and Downs of A Hat". These were shown once last week and were greatly enjoyed. In the Grateful Dog picture, some special magnificent scenic effects are presented. "Satan in Prison", is one of those marvelous transformation pictures that are always effective. The other two are great comedies. Ralph Maddison, the star baritone, will sing a new song entitled "I wonder if he'd folks think of me". As a vaudeville performance is not put on tonight, the admission will be five cents to everybody, to all parts of the house.
