DENIES THAT C.P.R. PURCHASED ALLEN LINE

Statement Emanated From New York Where C. P. R. Has No Official

(Canadian Press)

MONTREAL, Oct. 9.—G. M. Borsworth, Vice-President of the C. P. R. this morning denied that there was any truth in a statement emanating from New York that the C. P. R. had purchased the Allan Line.

He stated that the C. P. R. has no official in New York and that Montague Allan is not competent to discuss the matter.

GOVERNOR HAINES OF MAINE NEAR BLIND.

PHILADELPHIA, Oct. 8— W. T. Haines, Governor-elect of Maine, registered at the Bellevue-Stratford and went immediately to the Medico-Chirurgical Hospital for treatment. He is suffering from serious eye trouble and is threatened with blindness. He hopes to get back to his home at Waterville, Me., before his inauguration.

NORTH OF SKAGWAY NOW PROPOSED AS SEAPORT.

VICTORIA, B. C., Oct. 8—One of the members of the canadian government Alaska boundary line survey party, just arrived from the north, says that within five years Canada will have a new seaport north of Skagway. The next inlet to the westward of Lynn Canal is Glacier Bay. The international boundary line, under the Alperstone award, is a few miles from the head of Glacier Bay, which is now filled with a vast ice field that extends back into Canadian territory. But the surveyor says that observations for the last two years have shown that the glacier is receding at the rate of more than a mile a year. Soon there will be a glacier, but instead a well protected harbor extending back into Canadian territory, the only harbor in Canadian territory within hundreds of miles.

SAW VESSEL BURN.

HALIFAX, Oct. 9.—At 9 o'clock last evening Light House Keeper Gilkie, at Sambro, sent a wireless message to the agent of the marine department at Halifax that a large vessel or steamer was on fire off Prospect, west of Sambro. An hour later he sent a second message that the vessel had sunk. No other particulars were available.

The marine agent at once ordered out the government steamer Aberdeen to effect ant rescue that might be possible, and she sailed at midnight. The wind was northwest and the ship drifted during an hour the fire was visible. It is believed that the crew of the burning ship would be rescued by some of the numerous motor-propelled fishing craft on the coast, or it would not be a difficult matter for the crew to reach the shore in their ownboats.

A MILLIONAIRE IS MISSIONARY TO THE HEATHEN.

CHICAGO, Sept. 25—Wm Whitling Borden, son of the late William Borden, and Mrs. Mary Borden, whose share of his father's estate is said to be $5,000,000, is to become a foreign missionary and begin his life's Uork at Kansu, China, as soon as his preparatory studies are completed.

INTERESTING CASES FOR OCTOBER

LONDON, Oct. 10—(Special)—The number of divorce cases entered in the lists for October courts is about as usual, and includes several actions, which, if they come to trial, will provide very entertaining reading. Two well-known clergymen are the petitioners against their wives, the corres. pondent in both actions being a German tutor. A claim for substantial damages is made by a popular actor against a gentleman of means who is not unknown in political circles. There are also one or two cases in which the names of persons moving in high society are mentioned.

MISS THOMPSON IS CHAMPION

(Canadian Press)

TORONTO, Oct. 9.—Miss Thompson of St. John, N. B., won the driving competition at the ladies' golf championships this morning, while Miss Nesbit, of Toronto drove the largest ball.

DIED ON EVE OF BATTLE FOR CHAMPIONSHIP.

ASHBURY PARK, Oct. 8.—Wm. J. Finley, forty-nine years old, known as "Dick" Finley, catcher for the New York Giants in 1889, when they won the world's championship, is dead at his home here of heart disease.

MURDER CASE AT SYDNEY

SYDNEY, October 8—In the inquest into the death of Ettore Magiotto, the Italian found dead at Dominion a few days ago, Drs. Hartigan and Morrison, who performed an autopsy, gave evidence and the jury brought in a verdict that the deceased came to his death by a sharp instrument in the hands of some person or persons unknown. The police are endeavoring to locate the murdered but so far without result. Magiotto is not thought to have had any money. Local Italians say he was subject to fits of insanity and hold firmly to the belief that he committed suicide.

FELL OVER BRIDGE AND WAS DROWNED.

BATHURST, N. B., Oct. 9.—Ed. J. Roy, restairant keeper, left home about 7 o'clock Monday night to bring oysters to a patient in the hospital at Bathurst village. He rode over on a bicycle. Returning he stopped to speak to Jos. Fournier and wife and to adjust the chain of the "bike," which had slipped off. He was never seen nor heard of after leaving them until his body was found in the channel near the village bridge at noon yesterday.

Parties, suspecting an accident, were looking along the side of the bridge when they noticed a bicycle in the water. On bauling it to the surface they brought the body of the unfortunate Roy. His hands were still gripping the handle bars.

A part of the railing of the bridge has been missing for a long time and it is supposed that the chain of the bicycle having again worked off, the front wheel swerved to this opening in the rail of the bridge, Roy striking his head against the rail and going over in a dazed condition carrying the wheel with him. When recovered, the chain of the wheel was off the sprocket.

A STRUGGLE FOR A BRIDE IN IRELAND.

LONDON, Oct. 8.—A visit paid to her old home in Derry, Ireland, by a returned emigrant, has been followed by a romantic marriage. The girl, who belonged to the agricultural class, had been for some time in America, but was spending a holiday in the old country, but was due to sail again for the States a few days ago.

During her vacation she made the acquaintance of two young men, who both paid court to her, and were both at the railway station to see her off. Then the fun began.

One suitor urged her to remain and marry him and seeing that she showed signs of hesitation, dragged her luggage from the guard's van. The other young man urged the girl to return to America, promising if she did so that he would follow in a month's time and marry her. To aid her in her decision he bundled her boxes back into the train.

Suitor No. 1 promptly dragged them out again, only to see them put back by suitor No. 2. This game went on for some time, to the great amusement of the onlookers, until at last the girl consented to stop and wed No. 1. The marriage took place a day or two later in St. Patrick's Catholic church, Dungiven.

HOME RULE NOW BEFORE PARLIMENT

LONDON, October 8—Parliament reassembled yesterday and on Thursday the government will pass a closure resolution securing the passage of home rule by the house of commons by December 20th. There is as yet nothing to show that there is any probability of a government cave, as the unionists have prognosticated, such as would interfere with the passage of the bill.

It is estimated that the government will take at least 35 days of the 49 full working days to December 20th for home rule. This means that Welsh disestablishment will be crowded out until January, which will cause considerable disgruntlement among many of the faithful Welsh radicals.

MONCTON CHILD SCALDED TO DEATH

MONCTON, Oct. 8—The young son of Harry Coleman, Pearl street, while playing about the kitchen this afternoon pulled over a kettle of boiling water from the stove and was so badly scalded about the head and upper part of the body that he died in about half an hour. The little fellow was about three years of age. An older sister was quite seriously scalded trying to rescue him.

QUARTERLY MEETING OF BOARD OF TRADE

At Charlottetown—Report of Marition Board Meeting—Better Arrangements With Black Diamond Line. Marime Slip Advocated.

The regular quarterly meeting of the Charlottetown Board of Trade was held last evening and brought out a good representation of the business men of the city. President Edwin Aitken occupied the chair. After the reading of minutes, communications etc. were disposed of, a special committee composed of the Hon W. S. Stewart, Edwin Aitken and R. H. Jenkins was appointed to look into a communication from the Hon. Minister of Trade and Commerce and make a report.

The president, Mr. Edwin Aitken was elected a member of the Council of the Maritime Board of Trade. As a delegate to the Maritime Board meeting in August, he gave a very interesting account of the sessions held by that important body, and his report was endorsed and somewhat extended by E. T. Higgs, another delegate, who, through modesty no doubt—omitted to mention the great honor the Maritime Board had conferred on this Board in electing him first vice-president of of the Maritime Board of Trade. This is an honor that no young man in the Maritime Provinces at Mr. Higg's age has ever enjoyed.

As usual the question of trade and commerce formed the all important part of the meeting, and Mr. Nicholson, our Federal representative was there as usual to give an account of the stewardship. A great deal of trouble had been experienced by shippers with the Black Diamond Steamship Co. The Company receive some $12,000 per annum from the Federal Government for P. E. Island service which they do not perform to the satisfaction of the shippers. Mr. Nicholson protested to the Hon. Minister of Trade & Commerce against giving this subsidy until the Company agree to give a proper service. This the company agreed to, and henceforth shippers may expect a prompt forwarding of freight—even at the expense of extra steamers.

The telegraph service of the future and the non-service of the past came under rigid consideration. Mr. Nicholson wished the Board to give him full instructions respecting this most important service, and in doing so to keep an eye to the general interests of the whole province. A committee was appointed to make a report. In connection with the telegrapg service, removal of the Marconi Station to Charlottetown was brought up. Mr. Nicholson said he had already taken that matter up with the Minister, who, after consulting his deputy—connection with the telegraph service, it is for the present. The members of the Board, however, could not see what excuse the department had to offer for leaving it in its present place, and requested Mr. Nicholson to again bring the matter up.

Hon. D. A. McKinnon, moved, and E. T. Higgs seconded the following resolution: which was carried unanimously:

PUBLICITY LETTER---NO. I.

ABEGWEIT AMATEUR ATHLETIC ASSOCIATION

Some history of this organization is here presented to the Public of Charlottetown.

Organized in 1881, re-organized in 1895.

CHAMPIONSHIPS WON SINCE 1900.

Nine years Track and Field Champions of Maritime Provinces.
Four years Champions P. E. I. Hockey League.
Six years champions P. E. I. Football League.
Tied four years P. E. I. Football League.
Champions City Baseball League.
Ten mile distance Championship Maritime Provinces.
Scores of Individual Maritime Championships.

DOCTOR SCORNS THE RICH AMERICAN WOMEN.

CLEVELAND, O., Oct. 5.—Condemnation and defence of America's rich women occupied the American Association for Study and Prevention of Infant Mortality, in session here today.

Dr. William H. Davis, of Boston, declared that "the refusal of rich women to bear children is a disgrace."

Dr. Helen C. Putnam, of Providence, R. I., said that "investigation has shown that large families are not the best families."

FISHING GEAR CONFISCATED

POER DOVER, Ont., Oct. 7— The cruiser Vigilant is in the harbor here with ninety nets belonging to the American tug Baltimore, which were set inside the international line.

IS A BRITISHER BUT CANNOT VOTE.

LONDON, Oct. 7—One of the serious anomalies of the present naturalization laws as appertaining to certificates issued within the British Empire was mentioned in the City of London Court of Revision today, when Joseph Fortune, a city business man, claimed registration and a vote.

"Where were you naturalized?"

"Zululand," replied Fortune.

"Then said the revising barrister, "I am afraid your certificate applies only to Africa, and does not hold good in England."

Fortune persisted that his certificate specifically stated he was a British subject, and claimed, though wrongly, that he was naturalized throughout the Empire.

PRINCESS TO WED AND END FEUD.

BERLIN. Oct. 8—The latest discovery of the husband hunters for the Kaiser's daughter, Princess Victoria, is that she is to marry Prince Ernest of Cumberland, son of the Duke of Cumberland, cousin of King George of England, and incidentally end the feud existing between the Hohenzollerns and the Cumberland familes.

The story, which comes from upper Austria, says the match is the outcome of the tragic death of Prince George of Cumberland in the early spring, when the Kaiser sent a sympathetic message to the father of the Prince, who in turn, sent his other son, Prince Ernest to convey a message of thanks to the German Emperor.

CLAIMS AGAINST OTTAWA.

OTTAWA, Oct. 9—Several claims for compensation on account of the typhoid fever epidemic and alleging negligence on the part of the city, have reached the city hall. Some sent in the doctors and hospital bills, while others have not. Several point out that the illness had left members of the family unable to work and that they are now nearly destitute.

There were upwards of one thousand cases of typhoid during the recent epidemic, due, it is claimed, by impure water, and if the city is held responsible for the epidemic it will be costly for Ottawa.

S. S. BENGORE HEAD IS SAFELY FLOATED.

MONTREAL, Oct. 7.—The Bengore Head, belonging to the Head Line of steamships, which went ashore last evening on Pilot's Bank, near Amour Point, was according to advices received at the pilotage office here floated this morning. The Bengore Head was bound for Belfast from Montreal. @

BECKER'S COUNSEL THREATENED WITH DEATH.

NEW YORK, Oct. 8.—An anonymous letter, threatening death, was delivered to McIntyre in court this morning, when the trial of Police Lieutenant Becker was re-opened. The writer charged the attorney with "putting up the murder of Jack Zelig and added that if Becker was acquitted, he should die."

The lawyer was inclined to regard the communication as a hoax. Robert C. Pucelle a manufacturing chemist, and the first talesman examined today was selected as juror No. 2.

FOUND DEAD BESIDE HIS RIFLED SAFE.

GLASGOW, Oct. 8.—A mysterious tragedy, following a burglary, was discovered in the early hours here in a jeweler's shop in Argyll street. A policeman was examining the premises on his beat when he found the door leading to David F. Turnbull's place open, and the owner dead on the floor.

Examination revealed the fact that the safe had been blown open. There was no wound on Mr. Turnbull's body. On the workmen's bench was a tin containing ferro-cyanide of potassium, a deadly chemical used by jewelers in the course of their business. There was also a dish containing fresh water, and it had evidently been Mr. Turnbull's intention to begin work as his coat, jacket and hat were hanging on a peg.

TRIED TO KILL SIR DONALD MANN.

VANCOUVER, B. C., Oct. 9—It was reported in the corridors of the hotel Vancouver that an attempt had been made by some crank to assassinate Sir Donald Mann, of the Canadian Northern railway. It was related that the man fired a shot from a revolver at Sir Donald, but owing to the activity of the latter's valet in attacking the man, Sir Donald escaped injury. That some unpleasant incident occurred was quite evident, but its exact details were suppressed and no arrest was made From an official source it was learned that when the man was lead away he was threatening to kill not only Sir Donald Mann but a number of other prominent Canadians.

PAINFUL ACCIDENT AT STEEL PLANT.

SYDNEY, Oct. 8—A very distressing accident occurred about 3.30 yesterday afternoon near the blast furnaces, when Joe Walsh had one of his feet severed from his leg by a shunting engine.

Walsh, a brakeman, was on a train shunting slag ladles to No. 4 furnace, and jumped off to turn a switch. While doing this latter he caught his foot between the switch rail and the standing rail, and before he could extricate it and before the heavy train could be stopped, the wheels had passed over his ankle, severing the foot at the ankle.

Dr. Bruce was phoned for and made the trip in four minutes. The injured man was taken to the hospital, where the leg had to be amputated at the ankle. He is now resting quietly.

THEY WERE ALL MIXED UP IN IT

LONDON, Oct. 10—(Special)—A few days ago the Rev. F. B. Meyer, in an address, made it known that he does not seriously object to a "little courting" in chapel, and an incident, which occurred in the Midlands some years ago is recalled. The preacher was annoyed by the sound of whispering coming from the semi-darkness under one of the galleries, and paused in his sermon and said, "If the young couple making love under the gallery do not come to me in the vestry before service next Sunday morning, I will name them to the church." Next Sunday he found 20 couples awaiting him in the vestry.

COMING SESSION OF PARLIAMENT

(Canadian Press)

OTTAWA, Oct. 9—A circular has been issued to all the departments from the premiers asking that preparatory work in legislation to be dealt with at the coming session of parliament be expedited. The departments are already at work preparing estimates so that when the house meets there will be business for it to do.

(Canadian Press)

OTTAWA, Oct. 9—The opening of parliament will be announced within the next few days. It is practically certain to be November 14th or 21st the latter date to be selected if found impossible to arrange for November 14th.

MIDDLETON MAN LOST IN WOODS

MIDDLETON, October 8— John Haley, baggageman of the D. A. R., who was lost in the woods since Saturday night, turned up to-night. He came out at Crossburn, about thirty-six miles from where he entered the woods.

Large crowds of men searching for Haley, but he had the distinction of finding himself. He was little the worse of his three days in the woods. After becoming lost he shot a partridge, which was cooked and eaten.

MARINE SLIP

WHEREAS no accommodation is provided in this Province for the repair of Ships

AND WHEREAS our Shipping is of sufficient general importance to have at least one slip provided where ships may be safely hauled up for repairs, cleaning, painting &c.,

AND WHEREAS the trade of the Island has suffered much for want of this convenience and a slip will prove a much needed impetus to this trade.

THEREFORE RESOLVED that the Charlottetown Board of Trade bring to the notice of the Hon. F. D.Monk, Minister of the Public Works of Canada the evident necessity that exists for the construction of a Slip at Charlottetown the central and principal port in the province.

That this Board is desirous that the Honorable the Minister of Public Works would have one of his Departmental Staff examine and report upon a site and make plans and estimates of the cost of a slip suitable to the needs of this port.

There was, perhaps, more earnest general discussion indulged in at this meeting, affecting the interests of the whole Province than at any meeting of the Board for some time. The subjects were all provincial and were dealt with as auch.

CLOSE SEALING SEASON HAS BENEFITED PACIFIC HERDS.

WASHINGTON, October 8— The fur-sealing season in the Behring Sea has closed with the smallest killing of seals in many years and a total absence of pelagic sealing, according to reports to the department of commerce and labor. The result has been, it is declared, a considerable increase in the number of seals which they were threatened with extinction by the wanton slaughter of pelagic sealers. The total number killed off the Pribilof islands during the season was 3,764, considerably less than the average in the past.

These killed by American government agents and the skins will be sold in London in January, the proceeds to be distributed among the United States, Great Britain, Russia and Japan, in accordance with the terms of the treaty signed by those powers far the preservation of the seal herds.

POWERS TOO LATE TO AVERT WAR

Is Opinion Of Servian Government as Hostilities are in Progress

(Canadian Press)

LONDON, Oct. 9.—Servia today informed the representative at Belgrade of the European Powers that she will formally reply to their representations in a day or two.

The Servian Government considers however, that the steps taken by the powers to intervene are too late, in view of the mobilization of Turkish forces and the fact that hostilities already are in progress between Turkey and Montenegro.

(Canadian Press)

BERLIN, Oct. 9—A general war in the Balkans has been practically inaugurated in the opinion of both the diplomatic circles and the press in Germany. At the foreign office it is thought the attitude of the Balkan people leaves only the barest hope of the measures taken by the powers of proving effective as many concessions made by the Balkan governments would threaten the security of the occupants of the thrones of Bulgaria, Servia, Montenegro and Greece. For this reason the governments dare not yield. Servia is likely to declare war immediately and it is reported the Turks and Servians have already clashed.

BASEBALL GAME IS POSTPONED

(Canadian Press)

BOSTON, Oct. 9—The Red Sox 6, Giant 6. Game was called at the end of the 11th inning on account of darkness. It will be played next week.

"CYCLONE" TO BE A FREE AGENT.

OTTAWA, Oct. 8.—Fred Taylor, about whom many rumors have been in circulation of late made his position clear when he stated that he had not signed up with either the Ottawa or the new local club. "I have talked business with both parties," he said, "but have decided to remain a free lance for a short time at least. But I'm going to play hockey this winter, and if Sam Lichtenhein does not give me my release and the new league fails to materialize, I shall sign with Lester Patrick and play on one of the Pacific Coast clubs. Yes, I was paid for sitting idle last year, but I want to get into game again and am going to do so."

DIAMONDS MISSING A YEAR AGO RECOVERED.

NEW YORK, Oct. 7—After having been missing for a year two diamond earrings belonging to Mrs. Rebecca Von Burbec, No. 762 St. Nicholas avenue, and valued at $1000 were recovered yesterday in the West Side court.

STRIKERS RETURN TO WORK.

LAWRENCE, Oct. 8—About 300 of the 450 workers who struck at the Wood mill yesterday returned to work this morning. The others have decided to leave the city.

The Italian workers of the city have voted to take part in the parade Saturday. A slight hitch occurred when the Italians asked that they be allowed to carry their national flag. They were informed that the regulations permitted of their carrying only the American flag, and everything had been satisfactorily arranged.

The city of Lawrence today received a check for $500 from T. Ordway, a former citizen now living in London, to aid in defraying the expenses for the demonstration next Saturday.

THE WEATHER THE TEMPERATURE TIDES. MOON, ETC

(Special to The Guardian)

TORONTO, Ont., Oct. 10—Southerly and easterly winds, showery.

The lowest temperature recorded yesterday was forty-eight degrees above zero and the highest was fifty-seven degrees above. The lowest recorded the previous night was thirty-six above. At nine a. m. it was forty eight degrees above and at nine p. m. it was fifty above.

The tide will be high this morning at 10.16 and tomorrow at 11.08; it will be high tonight at 10.32 and tomorrow at 11.05.

The sun sets this evening at 5.23 and tomorrow at 5.21; it rises tomorrow morning at 6.10 and Saturday at 6.12.

The moon sets this evening at 5.30.

The last quarter of the moon was on Thursday, Oct. 3 at 4.48 p. m.

There will be a new moon on Thursday, Oct. 10th at 9.41 a. m.

The length of today will be eleven hours and fourteen minutes.

(From Yesterday's Evening Guardian)

The temperature at eleven o'clock today by the "Rexall Store" tested thermometer with a northern exposure was fifty above.

Minard's Liniment used by Physicians
